EDITORIAL.

If Old Bill McKinley could think and realize that a superstitious old broken-down monarchy like Spain doesn't arouse much enthusiasm for a moment, he might turn off the facet to Uncle Sam's treasury, long enough to let the Cuban's free themselves.

Prominent Republicans continue to denounce President McKinley's pro-spanish policy of indifference toward Cuba, while the president labors under the difficulty of trying to satisfy the demands of his Wall street friends. The American people would go wild over one genuine expression of sympathy for the bulldozed Cubans' right from the president's heart.

It will be pleasant news to the silver forces to learn that H. L. Barkley, the best campaigner in Oregon, has accepted the nomination for joint senator for Marion and Clackamas. If chosen United States senator it would leave a vacancy but for the present the Black Eagle of French Prairie will be a valuable man in the senate.

In the Populist state convention not a county walked out, where there was no contest. The middle Roaders who went out, about thirty, were almost none of them delegates, They were mostly unseated contestants, Luce, of Grant, went out alone from his delegation. After the Embree delegation went out, the contestants were regularly seated. The bolters were not delegates, except very few.

The Silver and Reform parties of Polk county have called Union primaries and county convention, See call elsewhere. To make that plan a success there must be no hogging the ticket by any one element. A conference committee should be appointed to see that the People's party, Silver Republicans and Democrats get proper representation on the ticket. All elements should be recognized as delegates.

The Union ticket in Marion county stands pledged to a flat reduction of $9,000 a year in salaries of county officials. The time ought to be past when a man can go into a county office requiring less ability than to conduct a general merchandise business and come out rich in a few years. The fortunes that are made by office holding are out of proportions to the incomes of producers generally.

The fact that the Mitchell push and the Republican ring politicians swung into line to carry some precincts for Geer is creditable to Governor Lord, and will not help Mr. Geer. A man like Senator Patterson does not talk Geer because he likes clean politics but because he has a bitter personal grievance, against Governor Lord. The silver Repuolicans who were for Mitchell because he was a chanpion of free coinage were absent this year.

Returned Home Today

J. Rex Byars, son of Commandant W. H. Byars, of the Soldiers Home, at Roseburg, left this morning for his home. During the past year, Rex served very acceptably as clerk in G. L. L. Baskett's Commercial street pharmacy, and also attend the Willamette University Medical college. In the final examinations just closed he submitted most creditable papers, ranking at the head of his class. In the course of a few weeks, Rex will join a surveying party and go to Klamath county to do some government surveying. He expects to return to Salem in the fall and re-enter the Medical department of the local university with a view to completing his chosen profession. Rex has formed many intimate acquaintances while in this city, principally among the fair sex. Some of his more considerate gentlemen friends have promised to faithfully look after his interests, and incidentally their own, during his absence. In the meantime all look forward with pleasant anticipation to the informal reunion that will take place upon his return.

LECTURE.—For benefit of Lincoln school library Saturday night at 7.30 by ex-Gov. J. H. Fletcher of the Independent. "Living Dogs and Dead Lions." Admission ten cents. Come out and see the old governor at his best.

Bill Jones of Jefferson is a good barber and something of a politician, the way he walked off with the Republican primary.

* * *

Gov. Lord should be downed. He took the state school lands out of the hands of the old Republican ring. Isn't that enough?

* * *

President Hawley has found that he cannot buck the sentiment and patriotism of Oregon, even with alleged historical facts.

If there is anything in what the unwashed Republican papers have to say, the party will undoubtedly adopt the middle of the road platform. They say it is grand.

Many people are curious to know why the McKinley managers are continually spending money for war material, when no insult will cause them to be used.

The Statesman has caught on. It is talking clean politics. It gives one-half the Republican party a certificate of character: Now, let some one give the Statesman a character.

Phil Metschan's countenence expressed a wonderful degree of satisfaction Thursday night after the primaries as he and his friends were discussing house bill No. 104.

* * *

If the Republican convention of four years ago is to be repeated will some one tell us who will be the nominee? Throwing bread or money on the troubled waters, does not always return after many days.

The court house of Marion county was left in charge of one young lady deputy, the janitor and a Populist treasurer, Thursday. The rest of the people's servants at $22,000 a year were out rustling the primaries.

* * *

All the Polk county logging camps were prepared to vote at Salem primaries Thursday. It was a shame for Republicans to kick them out when they will be so badly needed at the polls in June.

* * *

One of the funny features of yesterday's primaries, was to see well known citizens, who should be doing time in the O. S. P. for encouraging illegal voting, around the streets railing at the same practice. It depends on whose ox gets gored.

* * *

Our honest farmer friend Billy Bushy, of the court house contingent left his desk long enough to round up a few delegations on the Breitenbush in order to keep his hands calloused holding a soft job for the next two years.

* * *

From some reckless remarks about the diabhanose Mrs. Luetgert, a great many ladies have got the impression that Gov. Fletcher is a regular Bluebeard and woman—hater. If they will come out to his lecture for the Lincoln school library Saturday night they will find that he is as tame and docile as an old cow.

* * *

The Mitchell push at Salem made a desperate effort to get into contact with something respectable at the primaries. They have been consubiating with "any old thing" so long that they really enjoyed decent associations with Geer men. But it don't increase the respectability of the Geer movement.

* * *

The Silver and Reform forces have more dread from Governor Lord's nomination than from Mr. Geer's. Lord would draw a large following outside the Republican party. Geer could not get a silver man to vote for him His classification of political opponement as Zulus, Hottentots, rifraff, ragtag, and bobtail of creation endears him to the hearts of the thoughtless and his classical allusion to Mr. Bryan as a d—n fool at McMinnville wins the applause of the vicious element of his party, but none other.

FAR WESTERN REFLECTIONS.

Notes on Late Magazines and New Publications

WHAT IS GOOD.

"What is the real good?"
I asked in musing mood.
"Order," said the law court:
"Knowledge," said the school:
"Truth," said the wise man:
"Pleasure," said the fool:
"Love," said the maiden:
"Beauty," said the page:
Freedom," said the dreamer:
"Home," said the sage:
"Fame," said the soldier:
"Equity," the seer
Spake my heart full sadly:—
"The answer is not here."
Then within my bosom
Softly this I heard:—
"Each heart holds the secret:
Kindness is the word."
—JOHN BOYLE O'REILLY

The Illustrated American by A. B. de Guerville, manager, has risen to be one of the greatest of weekly magazines. It covers fields in the domain of patriotism and art not touched by any other. $4.00 a year, 10 cents a copy. Address 170 Fifth Avenue.

No. 4 of the National Tribune, a weekly reform journal with 100 editors representing all parties, has been received. E. B. Webster is the managing editor, 432 Washington Boulevard, Chicago. E. E. Phipps, Medford, is an associate editor for Oregon. There are to be editors in each state. Price $1.00 a year.

The great interest of the March Bookman centers in the chronicle and comment of the editor, and the paper on Whittier and Lowell, the eleventh of a series on "American Bookmen." There is a fine picture of Mrs. Dunlop, the mysterious friend of Robert Burns. Dodd, Mead & Co., New York, $2.00 a year.

Leonard Fowler's "The State" of Tacoma, has settled into its avowed task of becoming a critical, literary and financial magazine for the Pacific Northwest, at $1 a year. The editorial department is well sustained and if it can keep out the crank writers that afflict every newborn literary periodical it will do well. The Lullaby song by Carrie Shaw Rice, in the March number, is a very bright performance. $1.

The Chicago Chap-Book grows in breadth, solidity and beauty. In editorial criticism it presents a crisp variety, as well seasoned as a good salad. The dramatic criticisms are more entertaining than a poor theatre. Foreign topics are treated with dignity and ability. The book reviews continue full of freshness and information. The Chap-Book is a semi-monthly quarto, at $2 a year. Herbert S. Stone & Co., publishers.

Mr. Clinton Ross has arrangod with Messrs. L. C. Page & Company of Boston for the publication of his novel, "Bobbie McDuff" which met with so much favor when published serially in Leslie's Weekly, The book will appear about May 1.

AN IMPORTANT NEIGHBOR.

Mexico, that has more to give (or to withhold) than we fully realize, has the power to kindle enthusiasm; and perhaps that is the best gift of all. Mr. Lummis, in his new book called "The Awakening of a Nation: Mexico of Today" (Harpers) communicates as a sort of inspiration or contagion to his readers more or less of his own ardent friendship for the land, its people and its institutions; and he is determined the importance of our Southern neighbor shall not escape attention.

CHARLES F. LUMMIS.

The City of Mexico contains "the cradles of printing, education, art and organized charity in the New World; for all these things came a century and a half to two centuries and a half earlier in Mexico than in the United States. Bishop Zumarraga set up here, in 1536, the first printing press. One did not reach the English colonies till 1638."

A BUSINESS CHANGE.—The wholesale fruit and commission business recently conducted by C. Marsh, known as the Pacific Fruit & Supply Co. has been sold to the Oregon Green & Dried Fruit Co. Under the management of A. I. Wagner the new firm is doing a heavy produce business, and will carry a full line of all kinds of fruits, vegetables, nuts, etc., besides shipping home grown fruits and produce.

THE CHANGE MADE.—Thursday evening, Miss Alice Steiner, for eight years the chief clerk at the local central office of the O. F. & T.Co., severed her connection with that office. She was succeeded by Miss Anna Golden, and the vacancy experienced by Miss Golden's promotion has been filled by the appointment of Miss Leone Ryan.

A WORD OF ADVICE.

To Those Coming to Alaska or the Klondike Gold Fields.

One thing should be impressed upon every miner, prospector or trader coming to Alaska, to the Klondike, or the Yukon country, and that is the necessity for providing an adequate and proper food supply. Whether procured in the States, in the Dominion, or at the supply stores here or further on, this must be his primary concern. Upon the manner in which the miner has observed or neglected this precaution more than upon any other one thing will his success or failure depend.

These supplies must be healthful and should be concentrated, but the most careful attention in the selection of foods that will keep unimpaired indefinitely under all the conditions which they will have to encounter is imperative. For instance, as bread raised with baking powder must be relied upon for the chief part of every meal, imagine the helplessness of a miner with a can of spoiled baking powder. Buy only the very best flour; it is the cheapest in the end. Experience has shown the Royal Baking Powder to be the most reliable and the trading companies now uniformly supply this brand, as others will not keep in this climate. Be sure that the bacon is sweet, sound and thoroughly cured. These are the absolute necessities upon which all must place a chief reliance, and can under no circumstances be neglected. They may, of course, be supplemented by as many comforts or delicacies as the prospector may be able to pack or desire to pay for.—From the Alaska Mining Journal.

A book of receipts for all kinds of cookery, which is specially valuable for use upon the trail or in the camp, is published by the Royal Baking Powder Company, of New York. The receipts are thoroughly practical and the methods are carefully explained, so that the inexperienced may, with its aid, readily prepare every thing requisite for a good, wholesome meal, or even dainties if he has the necessary materials. The matter is in compact though durable form, the whole book weighing but two ounces. Under a special arrangement, this book will be sent free to miners or others who may desire it. We would recommend that every one going to the Klondike procure a copy. Address the Royal Baking Power Co., New Yotk,

BOND FILED.—A brief session of board of school directors for school district No. 24, was held Thursday evening, M. E. Pogue, the newly elected clerk filed his bond of $20,000 with the board. UNION PLATFORM.

United in a common cause for the sacred purpose of preserving the principles of government by the whole people, in fact as well as in name, restoring and maintaining equality, under that government, of all classes, we, the people's Democratic and Silver Republican parties of the state of Oregon, waving all minor points of difference, and uniting for the purpose of carrying out the greatest underlying principles upon which we are all agreed, do make and present to the people of this state the following declaration of principles, and to the carrying out of which we solemnly pledge each and every candidate upon our united ticket:

First.—We demand the free and unrestricted coinage of silver and gold at the present legal ratio of 16 to 1, without waiting for the consent of foreign nations; and we are unalterably opposed to the policy of the present Republican administration in demanding the retirement of greenbacks, and the turning over of the money making power of the government to the national banks, as presented by the bill drawn by the Republican secretary of the treasury, and indorsed by President McKinley; and we especially denounce the avowed attempt by said bill to fasten the country irrevocably and forever to the single Gold standard.

We demand a national money, safe and sound, issued by the general government only, without the intervention of the banks of issue, to be a full legal tender for all debts public and private, also a just, equitable and efficient means of distribution direct to the people through the lawful disbursements of the government.

We demand that the volume of circulating medium be speedily increased to an amount sufficient to meet the demands of the business and population of this country, and to restore the just level of prices of labor and production.

We favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

We demand that the government, in payment of its obligations, shall use its option as to the kind of lawful money in which they are to be paid, and we denounce the present and preceeding administraitons for surrendering this option to the holders of government obligations.

We demand that there shall be no further issue of United States interest-bearing bonds.

We demand that postal savings banks be established by the government for the safe deposit of the savings of the people and to facilitate exchange.

We demand the election of United States senators by direct vote of the people.

We demand the initiative and referendum system of law-making in its optional form, local, state and national, and the submission by congress of all important national questions for an advisory vote of the people, until such time as the national constitution shall have been amended so as to provide for direct legislation.

We condemn as dangerous and unjust the surrender, in all departments of the government, to the influence of trusts, corporations and aggregations of wealth generally, and the packing of the highest courts of the land with corporation lawyers, too ready to do the will of their late employers, and to set aside valid and wholesome laws passed by the legislative departments of the states and government, upon flimsy pretexts, at the behests of such institutions.

We are opposed to government by injunction.

In state matters, we demand:

A simple and well-guarded registration law

A more equitable mode of appointing judges of election.

Stringent laws to regulate the operation of fish traps, fish wheels and all fishing gear in the waters within the jurisdiction of the state.

We denounce and condemn the corrupt and extravagant Republican legislative assemblies, and charge that the Republican party, in its eagerness for the spoils of office, has become divided into warring factions; so that it is incapable of government as exemplified by the condition existing in the office of the state treasurer, there being at this time more than $500,000 therein wrung from the people by the process of taxation, while state warrants are stamped "Not paid for want of funds."

We demand that all districts and county officers be placed upon salaries commensurate with the duties to be performed by them.

Inasmuch as railroads and other corporate property is not bearing its proportion of taxation, we demand that such property shall bear its just and equal share of the expenses of government.

THE STAR OF HOPE.

"I had lost all hope and gone to my father's to die," said Mrs. MOLIE EVANS, of *Mound, Coryell Co., Texas.* "I gave birth to a baby a year ago, the 5th of June last," she adds, "and seemed to do very well for 8 or 9 days, and then I began to feel very bad, my feet began to swell, my stomach was all wrong and I seemed to suffer with everything that could be borne. I was in bed 5 months and there was not a day that it seemed I could live. We had the best doctors that our country afforded. I was a skeleton. Every one that saw me thought that I would never get well. I had palpitation and pain in the heart, terrible pain in my right side just under the ribs, terrible headaches all the time; a bearing down sensation; a distressed feeling in my stomach all the time; could hardly eat anything and it looked as if I would starve. All the time I would take such weak trembling spells, and it seemed as if I could not stand it. There were six doctors treating me when I commenced taking your medicine. I had lost all hope and gone to my father's to die. I commenced taking Dr. Pierce's Golden Medical Discovery and his 'Favorite Prescription' together, and I took them regularly until I felt as if life was worth living again."

"I weigh more than I have weighed for ten years. My friends say that I look better than they ever saw me. The first two bottles did me more good than all the medicine I had taken. My stomach has never hurt me since. I can eat anything I want and as much as I want. If you want to use this in favor of your medicine, I am a living witness to testify to it, and will, to anybody who wants to know further of my case."
