

A Fearful Experience

A POSTMASTER LOSES THE USE OF HIS LEGS AND ARMS.

Edwin R. Tripp, of Middlefield Center, Meets with a Hazardous Encounter Which Renders Him Helpless.

From *Oregon Republican*, Cooperstown, N. Y.

Mr. Edwin R. Tripp, the postmaster at Middlefield Center, N. Y., recently had a dangerous experience which left him in a helpless state. His system was so much shattered that it was feared he might never recover.

In an interview with a reporter of the *Republican*, regarding this experience which had attracted considerable attention, Mr. Tripp stated:

"In March, 1895, I was taken with what I afterward learned was locomotor ataxia, and was unable to walk, and I kept getting worse until I lost the use of my arms. I doctored with two skillful doctors but received no benefit, and also used a galvanic battery but kept getting worse and the doctors told me they could do no more. This was in May and June, 1895. I gave up all hope of ever having the use of my limbs again, and did not expect to live very long. I was unable to dress or undress myself, and could not get around the house unless I was moved in a chair.

"I think it was in June that I read of the case of a man in Saratoga Co., N. Y., who was taken very much as myself. He had taken Dr. Williams' Pink Pills for Pale People which contained, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves, and had been cured by their use.

"I learned that the pills were prepared by the Dr. Williams' Medicine Company, Schickardale, N. Y., and only cost 75 cents a box or six boxes for \$2.50 at any drugstore, and sent for two boxes. I used the pills faithfully and they gave me an appetite. I then took for four more boxes, and before I had taken all of them my feet and legs which had been cold began to get warm.

"I was a member of the Town Board that summer and had to be carried and put into a wagon to go to the meetings, and in fact was helpless, as my neighbors know. In August I could walk around the house by pulling a chair. I kept getting better and managed to move around more, until at election time that year, I walked with a cane to the polls, a short distance from my house. I continued to take Dr. Williams' Pink Pills for Pale People until I had taken eighteen boxes. I could then get around, and today walk to the post office and back, a distance of one-quarter of a mile, three times a day, and attend to my duties as postmaster.

"In the spring of 1897 I was elected town clerk, which office I held for three years. I had previously been a justice of the peace for three years. I am now 70 years of age, and have lived in this town for about forty years. For nearly fifty years I worked at the blacksmith's trade. I am able to do work in my garden now, and saw some of my wood. I consider that my restoration to health is due to the use of Dr. Williams' Pink Pills for Pale People.

Daily Capital Journal.

BY HOFER BROTHERS.
SATURDAY, APRIL 2, 1898.

EDITORIAL.

The Union platform pledges its candidates to one proposition that taken alone entitles it to favorable consideration—postal savings banks.

The Union of forces demand a clean open above board campaign management. That way lies the road to certain victory.

The JOURNAL is the state daily and weekly of widest general circulation that is supporting the Union cause. Hundreds of workers in the cause of the people are extending its circulation.

We cannot help but think that Grover Cleveland, while he pocketed the resolution of congress recognizing the Cubans, as belligerents, would hit old Spain a crack before this that would have made the rafters ring, just as he did England in the Venezuela case.

Story Sheridan, of Douglas county, is state chairman of the Democratic party. He is an able man who commands the unquestioned support of the best elements of his party. His personal attention will be given to the Union campaign and will go far to establish confidence in the outcome.

No expensive campaign is necessary in Marion county to elect the Union ticket. The people want relief from ring rule and extravagant officialism. While a number will vote the Prohibition and Middle Road Populist tickets, the only real hope of relief from high taxes for people of all parties lies in voting the Union ticket.

It looks as though John H. McClung would be the Republican nominee in Lane county. He will be the hardest man for the silver forces to down, although the Mitchellites have no use for him. If McClung is downed by that element, it is likely the choice of candidate will lie between Friendly and Kuykendall.

The Union of Forces in Polk county will hold Union primaries and nominate a Union ticket in a Union convention of all the Silver and Reform forces, except the Prohibitionists and Middle Road Populists. The utmost fairness shown toward the elements that are to compose the Union will lead to a complete victory in that county.

The Union party county ticket in Marion county if chosen to fill the offices is pledged to a net reduction of \$8000 in salaries of county officials. They are clean, earnest, intelligent men and the reductions they propose are fair and reasonable in the opinion of competent Republican judges. The people should accept the proposition of the Union party.

Republican papers are not attacking the money plank of the Union party platform, because all intelligent men know it is scientifically correct. The only promise the Gage gold standard policy holds out is to not "contract" the currency. The Republican party proposes no plan to coin more money but through those sovereign instrumentalities known as national banks.

It is hard enough under the most favorable circumstances to get appropriations for Pacific coast rivers and harbors. But when Carl Reed, alleged speaker of the house, but really dictator of the Republican party, declares no member shall be recognized who arises to move an appropriation for this coast, our sympathies are with our congressmen.

THE POPULARITY.—Of an article is always judged by the place accorded by the general public. "Our Champion," A. H. Hueston's excellent 5 cent cigar is recognized by all smokers as superior to all other tickle brands in the market.

NO CLASS MONDAY.—Miss Bessie Sherman announces that her dancing class will not meet Monday evening as usual. Public please take notice.

The first wheel of this year's clip, has just been bought at Pendleton.

"I remember very pleasantly my meeting you at St. Louis. Am glad to know that you are still actively interested in the great cause. Am sorry to say that the national committee is not able to render any assistance to the Oregon campaign except to send such documents as we have printed. We have an exceedingly limited campaign fund, and I am trying to make that print as many documents as possible. We cannot render pecuniary assistance because we haven't the money. In truth, all that element which will be controlled by money will necessarily be against us, as the outside will have all the money they need, and we will have practically none. I have great faith in the patriotism of the people, however, and believe that this is our reliance in this contest."

Astoria will celebrate the completion of the railroad to Astoria on April 13.

THE OPPOSITION TO LORD.

We shall not attempt an analysis of the opposition in the Republican party to the renomination of Governor Lord. It is a peculiar and interesting combination. At the bottom of the whole structure there is a large element of the cleanest and best Republicans who are personal friends and devoted admirers of T. T. Geer. They might be termed the moral, religious and sentimental force of Republicanism.

There is no denying that the "Mitchell push," the personal campaigning of the man who has done more to disorganize politics in Oregon than all other influences put together, was against Lord. Governor Lord has bitter foes in that camp of politicians who rally around Mitchell and follow the black flag of spoils. United with them were the local managers of the A. P. A. machine. There were times when they were more numerous than now, but what there was left, the stranded ring leaders, were bitterly against Judge Lord.

In his own household the governor was the victim of ungrateful conduct. The local boss of the McBride faction, forced upon the governor through the cunning of Geo. W. McBride, Prison Warden Brophy, made a bitter fight against Judge Lord. Added to this was the influence of Senator Patterson, whose grocery house has had the lion's share of all the penitentiary and asylum trade. It went to the Geer faction. Then the result was shaped up by the aspirations of forty county candidates all willing to trade off the governorship for a local office.

Slaughtered among his supposed friends, the McBride faction plotting against him, it was not difficult for the Geer managers to make quite a showing at the primaries in the form of opposition to Governor Lord. His appointments of political workers in his own party have been used by his enemies. Governor Lord has not been a narrow partisan. He has removed many branches of the public service from the reach of the unprincipled spoilsman and made appointments from the standpoint of fitness. He has placed the administration of public lands above the suspicion of speculation. He has kept down expenses in all departments, reduced state taxes, conducted his office with great dignity and ability, indulged in abuse of no political opponents and has refused lucrative local fees while in office. Gov. Lord can today step out of his office and make more money at his profession than he gets from the state. There are other things to be said in his favor, but it is not the purpose of this article to do more than to review the political situation as we see it from an independent standpoint. Much of the opposition to Governor Lord is such as would fall upon any man who would honestly and fearlessly serve the people in that office. We cannot honorably urge that the Republican party re-nominate him for governor because we honestly believe he would be the man hardest for the United Silver and Reform forces to defeat.

THE OREGON CAMPAIGN.

If the people of Oregon expect relief from Republican ring rule and extravagance in state affairs they must help themselves. They can not expect aid from any outside source.

The campaign should be conducted on a high plane of principle so that any voter, no matter of what party soever, who wants to help the cause of good government, can vote the Union ticket whether he is a silver man or not.

To test the question as to whether a campaign fund would be sent to Oregon this year to help defray the legitimate expenses of the June campaign, THE JOURNAL wrote Hon. Jas. K. Jones, national chairman of the Democratic committee, and he replied as follows under date, Washington, D. C., March 23:

"I remember very pleasantly my meeting you at St. Louis. Am glad to know that you are still actively interested in the great cause. Am sorry to say that the national committee is not able to render any assistance to the Oregon campaign except to send such documents as we have printed. We have an exceedingly limited campaign fund, and I am trying to make that print as many documents as possible. We cannot render pecuniary assistance because we haven't the money. In truth, all that element which will be controlled by money will necessarily be against us, as the outside will have all the money they need, and we will have practically none. I have great faith in the patriotism of the people, however, and believe that this is our reliance in this contest."

THE STAR OF HOPE.

"I had lost all hope and gone to my father to die," said Mrs. MOLLIE BYANS of Moscow, Gray Co., Ore. "I gave birth to a baby a year ago, the child of five last week she adds, 'and seemed to do very well for 8 or 9 days and then I began to feel very bad, my feet began to swell, my stomach was all wrong and I seemed to suffer with everything that could be borne.
