CITY WATER IMPROVEMENTS.

The City Council Enables Some Extensions to Be Made. At a special meeting of the city council last evening the mayor called to order, with Councilmen Lawrence, Legg, McGrew, Parkhurst and Graham present. BILLS ORDERED PAID. Miss A. M. Parker..... \$ 2.00 A. H. Fortner & Co..... 1.50 Buren & Hamilton..... 5.90 A. J. Baise..... 1.50 Salem T. & D. Co..... 7.20 George Townsend..... 2.75 J. P. Gilmore..... 1.40 L. J. Vibbert..... 3.03 A. W. Peebles..... 36.00 Buren & Hamilton..... 1.50 The ordinance extending the Salem City Water Company's franchise from thirty to fifty years was brought up and after third reading was passed with but one dissenting vote. The purpose of the extension is to enable the water company to secure further capital for the purpose of building a crib in the sand bar opposite the present crib. This improvement will be made during low water next summer, and will consist of a crib 200x90 feet about 15 feet deep, with the top below low water. A government permit must first be secured and many other details worked out, but President J. M. Wallace expects to have everything in ship shape as soon as the water is low enough to begin operations, and push it through at the earliest possible day. He anticipates by introducing this natural filtering process to give Salem the purest water of any city on the Pacific coast. NEW NOTARIES.—Joe Haumerley, Gold Hill; J. C. Colcord, Newberg; J. T. Fletcher, Gales Creek; were commissioned today. INCORPORATED.—The Portland Seining Co., stock \$6000, to conduct all kinds of fishing operations, filed articles today.

WILL R. KING AT SALEM.

The Senator From Baker County Well Received at the Capital. Senator King of Baker county, was given a most hearty and cordial reception at Salem, Tuesday. He could not go two blocks on the streets in less than three hours. It was a continuous ovation from personal friends of all parties.

Mr. King really came to Salem to complete the proper filing of the state ticket of the Silver and Reform forces, and this was satisfactorily completed before he did any visiting.

He was introduced to hundreds of Salem people in the afternoon and his time was taken with other lawyers until a late hour at night considering the law points raised about filing the nominations. He was unable to attend the South Salem Bimetallic club meeting for that reason.

Mr. King will be in Salem again, when the campaign is more fully entered upon, and the intention is to meet as many people as possible in an informal manner.

The Statesman ignored the presence of Hon. Will R. King in this city. He was not even given the customary courtesy of a personal item. The Republican managers do not like the way King is received by all classes of people and hardly know what to do to check the tidal wave of good will and friendly feeling shown toward the young leader from east of the mountains.

The Man From Ireland.

William C. Dayles, the famous Irish story teller with Jerome's Herald Square comedians in their latest laughing success, "A Jay in New York," is without doubt one of the fastest talkers today on the American stage. It is impossible for him to talk slow: nature timed him to go sixty miles an hour, and he is always strictly true to time. He is always in high spirits, always traveling at a break neck pace, and he tumbles one good story on top of another so quickly that you are always wondering what is coming next. Then too he has a peculiar appreciation of things funny—he has humor that takes hold of small things—he will work round on trivial points that other people would pass unnoticed, and he will dwell upon and develop that point until what was originally a side issue, turns out to be an immense big joke. Opera house tomorrow night.

PROF. BERNARD.—Mesmerist and Mental Telegraphist late of Paris, France, will stay in the city for a few days. The many cures performed by this man are miracles of the Nineteenth century. Prof. Bernard offers \$500 dollars to any person which he can not of paralysis, rheumatism, neuralgia, stuttering, blindness, alcohol and tobacco habits, all chronic and nervous diseases. Prof. Bernard can be consulted at the Willamette, between 9 a. m. and 8 p. m. 4-13-1m

PROF. BERNARD.—The great mesmerist and electric brotologist, will lecture and give practical exhibitions in mesmerism, mental telepathy, hypnotism and explain spiritualism at Forster's hall, corner Commercial and Ferry, Saturday, Monday and Tuesday evenings at 9 p. m. Admission free, reserved seats 10 and 15c.

NOMINATIONS FILED.—The nominees for state officers by the Peoples party, state and district conventions, including those endorsed and ratified as nominees of the Union, were filed today and the filing accepted for the official ballot. If the middle-roads go on the ticket it will have to be by petition of 250 voters.

POSTPONED.—Mrs. Willman announces the postponement of her "Pupils Musical Evening" to Tuesday evening the 19th, so as not to conflict with the entertainment of the Salem Band on the 15th inst. Admission 25c.

FINE REMITTED.—The fine and imprisonment imposed on J. A. Archiball of Junction City for unlawfully killing a Chinese pheasant, was today remitted by Governor Lard.

Salem Statesman on McKinley's message.

"There was palpable disappointment noticeable everywhere, and while partly opinion was expressed with reserve and an evident desire to make the best of the situation, still men of all classes, in politics and out without carping at the president or distorting his motives, exhibited a want of satisfaction that was almost unanimous. A Salem dispatch says State Treasurer Metchan does not disapprove of McKinley's invertebrate Cuban message. Mr. Metchan has never been known to disapprove of anything. He is one of those sort of persons who would not have disapproved of the crucifixion of our Saviour had he been

## The Stearns at \$50.

By the way have you noticed what a lot of "yellow fellows" are perambulating Salem these days. Easy enough to see where the popular trade is going at that price. Fact is there never has been such value put into wheels as this season, and E. C. Stearns & Co., met the popular demand squarely by putting their best efforts into the people's wheel at \$50. No such other at \$50. No better at any price. Occasionally an over zealous competitor is foolish enough to try to run down Stearns' quality, but it usually reacts the other way. Our many salesmen evidence enough. Customers are posted these days. Stearns Chainless \$125. You'll notice one in constant use on Salem's streets these days. Other lines, slickest wheels shown at \$30, \$35 and \$40. Got style as well as quality.

## WIGGINS' BAZAAR!

JOURNAL "X-RAYS."

McKinley was a disappointment. Geo. H. Humphrey, the X Ray artist of the Jefferson Review, is in town today.

Of course, Claad Gatch is down at Astoria whooping up T. T. Geer for governor.

It will go into history as the monumental failure of the age—McKinley's message on Cuba.

The enlarged one cent daily thinks it has more Republican subscribers than any Republican paper at Salem.

It would never do to pay lawyers to really do anything for the taxpayers. Our Populist county treasurer ought to know better.

Such a thing as cutting the \$30,000 a year unbillical cord between Hon. Phil Metchan of Brandenburg and our state government is not to be dreamed of by the Republican party.

It's a cold day when Geo. Grab Bingham don't ring in a 10 per cent bill for collecting taxes for the county that would be collected anyhow.

The X-Ray man thinks he can guarantee the old soldiers immunity from any slams at this Republican state convention. They are too badly needed this year.

Now that the Cubans have practically whipped Spain it is proper for Gage, Hanna et al to demand that the U. S. intervene and compel the Cubans to buy their own country.

By the way, who's putting up for T. T. Geer's expenses this spring, traveling all over the state? John Q. Wilson, John G. Wright, Tom Stimms, M. L. Chamberlain and W. F. Bootby wouldn't do such a thing.

The Geer boom did not spring spontaneously out of the soil free gratis. It was carefully fostered and mustered into existence, and it will be seen who furnished the capital later on.

The band was out, the streets were full of people rejoicing, parading and raving over the wonderful outburst of Americanism and magnificent display of backbone in McKinley's message—in a horn.

John Daly of Corvallis was in town yesterday. He says Prest. Gatch is doing splendid work for the college. He is a gentleman, a scholar, and has sense enough to keep out of religious and political controversies so far.

It was really liberal of the A. P. A. managers to grab only NINE of the places on the Republican county ticket. The wonderful prosperity of the people is so great that they will not object to being taxed for the party machine campaign management, the expenses of keeping up the A. P. A. organization, and the salaries of the officials besides.

The Republican state convention will probably suit even the fastidious tastes of the immaculate Bob, who edits the Statesman. There will not be many "bull farmers" like Geo. Dimick in that body. The bull whackers and cow punchers are not sweet scented enough to associate with men of as fine cloth as the gentleman Bob of the Statesman.

Bob Hendricks is at Astoria. He is one of the leading Republican managers and undoubtedly forgot to leave word with his young men at Salem to show the Union candidate for governor the proper courtesies due from an opposition paper. The young men of the Statesman bear King no ill will, and did not intentionally ignore his visit to the Capital City.

to Jerusalem but would have declared it was done according to due form of law.

The congressional convention that renominated Hon. Tom Tongue, congratulates him as follows: "for securing the continuance of the work of improving Yaquina harbor; the construction of the locks in the Yamhill river; the improvement of the Upper Willamette, and looking to the further improvement of Coos bay, Coquille, Tillamook, Siuslaw and other Oregon harbors; the purchase by the government of the locks at Oregon City; securing liberal pensions for the soldiers of the late war; furthering the measure to reimburse the Indian War Veterans for their losses in laying the foundation of the commonwealth, and granting them pensions, and, generally, their faithful labors in promoting the best interests of the people of this district and of the state and nation at large."

Deafness Cannot Be Cured.

By local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.
