### JOURNAL "X-RAYS."

Was it harmony or hog and hominy they went to Astoria for?

It is humiliating to see congress "order" the president to declare war.

"I am always on both sides, but I am never against anything."—Phillip of Brandenburg.

Don't ask Mayor Richardson what he thinks of Malcom Moody's nomination for congress.

Bob Hendricks is at Astoria and his editorial on the Spanish war didn't get here in time.

"All serene at Astoria," was the Statesman's head line on the congressional convention report.

Want there be a tug of war when the two three-headed dogs face one another in the Oregon campaign?

"I am going to pacify the Cubans if I have to kill and starve every last one of them."—Wobbling Willy.

The President should have signed his message: By order of **WALL STREET.** Wm. McKinley, Proxy.

If the Republican party does not sit down on William the Weak, the people of the United States will sit down on the Republican party.

Hasn't Mark Hanna and his Wall Street faction worked McKinley about to a finish in the estimation of the American people?

Hon. T. T. Geer came down to Salem today so as not to be surprised at the plow handles, a la Cincinnati, with the nomination for governor.

These words of Robert G. Ingersoll are respectfully dedicated to Wm. McKinley, President of the United States: "A Flag that will not defend its defenders and protect its protectors is unfit to cumber the ear."

Hon. Phil Metcham has promised to keep in all the present office holders at the state house and the state institutions, that is if he is secretary of state. He has also generously promised their places to the Eastern Oregon boys.

THE JOURNAL is more than gratified with the increasing patronage it is receiving and the confidence its readers have in it. Scores of new names are being added to our lists every week, besides the liberal campaign clubs being sent in from all parts of the state. Republicans, Democrats and Populists all read it.

A Woodburn granger writes as follows: I would like to know if all the county bridges and culverts between Salem and Mehama have been inspected, and if said service has been paid for in full. Also if his honor, the county judge, has gone into the stationery business? And if it would be considered impertinent to ask whether any other qualifications, than being good Republicans, is considered necessary this year in road supervisors.

One of the arguments used during the recent presidential campaign was that Billy McKinley fought for and defended his country's honor during the civil war while W. J. Bryan occupied a cradle. If Mr. McKinley exhibited no more courage and backbone when face to face with the enemy in the civil war, than he has shown in the present America-Spain-Cuba trouble it is suggested that he might as well have been in the cradle also.

Deafness Cannot Be Cured, by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedy. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. ## Booming for Geer.

Powder to Be Burned By His Salem Admirers.

A Grand Ratification Meeting Planned for Saturday.

The friends of Hon. T. T. Geer at Salem are preparing to burn powder in jubilation over his nomination for governor on the Republican ticket.

The old cannon that was fired for Cleveland over Penoyer's political grave is dragged forth and burnished up for this occasion and will boom in honor of the Tall Sycamore of the Waldo Hills for governor.

A big ratification meeting is planned for Saturday afternoon, when it is intended to have speakers and delegations present from all over the county.

Hon. M. L. Chamberlain who has had charge of the Geer boom as far as Marion county is concerned will notify the local committee of the train that the Salem delegation will return upon and they will be met at the train by the band. Salem is a Geer Republican stronghold and will celebrate his victory.

### The Stearns at \$50.

By the way have you noticed what a lot of "Yellow fellows" are parading Salem these days. Easy enough to see where the popular trade is going at this price. Fact is there never has been such value put into wheels as this season, and E. C. Stearns & Co., met the popular demand squarely by putting their best efforts into the people's wheel at \$50. No such other at \$50. No better at any price.

Occasionally an over zealous competitor is foolish enough to try to run down Stearns' quality, but it usually reacts the other way. Our many sales are evidence enough. Customers are posted these days. Stearns Chainless \$125.

You'll notice one in constant use on Salem's streets these days. Other lines, slickest wheels shown at \$30, \$35 and \$40. Got style as well as quality.
