FROM A SUFFERER.

How A. Cooper Had a Rotten Bone Healed After 35 Years.

CHEHALIS, Wash., April 9, 1398.
Dr. J. F. Cook, Salem, Or:

I received your letter and was glad to hear from you. You want to know how my leg is getting along. It is all right; the flesh is growing out over the shin bone and is turning white. It is not straight yet, but I think it will be as straight as the other leg when warm weather comes on. I can work most of the time. The other doctors told me I could never be cured without splitting it and scraping the bone, but they are mistaken. It is getting well without cutting or scraping, so they do not know as much as they thought they did, but you are all right, for you have done just what you said you could do. I will answer any questions you ask about my leg.

Very truly yours,
A. COOPER.

WAR.

(Continued from first page.

It is stated on good authority that the president does not contemplate a call for additional volunteers just at present, as many troops have been organized as can be mobilized at the time being.

Since the war has began, the United States naval force have established a strict blockade of Cuban ports, and have captured eight Spanish vessels. The prizes are the steamers Buena Venaura, Pedro, Miquel Joves, Catalina and Saturnina, and the schooners Marhilde, Candidia and Antonia. All these vessels have been or will be taken to Key West, except the Saturnina, which was seized at Ship island, Mississippi.

The Spanish steamer Panama, from New York, and the Alfonso XIII, from Spain, both bound for Cuba, are likely to be captured by American warships, within a few days.

Spain has made no seizures so far as known. The only movement of the Spanish navy reported is the departure of the torpedo boat destroyer Audaz from Queenstown for Spain, her departure being compelled by the English neutrality proclamation. For the same reasod the United States Asiatic squadron has begun to leave Hong Kong.

The Ways and means committee had a lengthy session yesterday afternoon over the war revenue bill. It will be redorted today and will probably pass later in the week.

The senate committee has decided to report favorably on the army reorganization bill, with a few amendments.

Theodore Rovseyelt will be appointed a colonel of a regiment which he will raise.

Every available inch of space on the steamers St. Louis and New York is being filled with coal. Nothing can be learned as to their destination. It is said the cruiser New Orleans will also leave on a similar errand.

Regulations concerning New York harbor in time of war have been promulgated. No vessel will be allowed to pass Sandy Hook or the Narrows between sunset and sunrise, or during that time to approach within three miles of Coney island, Gedney channel, Sandy Hook or the Narrows.

Western Union officials say cablegrams are being transmitted as usual between Hayana and Key West, but subject to censorship at Key West.

The North Atlantic squadron is enforcing the blockade of Cuba and the flying squadron remains in Hampton Roads. The cruisers San Francisco and New Orleans are at the Brooklyn navy yard, and may sail to join the flying squadron. Every day adds several vessels to the auxiliary fleet.

The battleship Oregon and the Marietta are coming up the coast of South America, and will probably touch at Rio Janeiro in a few days. The dynamite cruiser Nictheroy, just purchased from Brazil, is still at Rio Janeiro. The newly purchased cruiser Topeka is at sea on the way from Portsmouth to New York, and torpedo boat Somers is still at Portsmouth ready for sea.

The Paris, for whose safety no alarm is felt, will arrive in New York by the middle of the week.

Too Much Knife!

The use of the surgeon's knife is becoming so general, resulting fatally in such a large number of cases, as to occasion general alarm.

Mr. William Walpole, of Walshtown, South Dakota, writes; "About three years ago, there came under my left eye a little blotch about the size of a small pea. It grew rapidly, and shooting pains ran in every direction. I became alarmed and consulted a good doctor, who pronounced it cancer, and said that it must be cut out. This I would not consent to, having little faith in the indiscriminate use of the knife. Reading of the many cures made by S. S. S., I determined to give that medicine a trial, and after I had taken it a few days, the cancer became irritated and began to discharge. This after awhile ceased, leaving a small scab, which finally dropped off, and only a healthy little scar remained to mark the place where the destroyer had held full sway.

A Real Blood Remedy.

Cancer is in the blood and it is folly to expect an operation to cure it. S.S.S. (*guaranteed purely vegetable*) is a real remedy for every disease of the blood. Books mailed free; address Swift Specific Co., Atlanta,

CASTILE

May Be Made a Republic Soon.

Twenty Thousand Republicans Offer Support.

Queen Regent Still Hopes for Peaceful Foreign Intervention—Spanish Fleet Has Probably Left Cape Verde—The Madrid Goyernment Has Issued Instructions Regarding the Right to Search Neutral Vessels—More Trouble in Spain Is Anticipated From Senor Castellar With His Scheme for a Republic Than From the Pretender to the Throne Don Carlos.

MADRID, April 26.—More trouble is anticipated in Spain from Senor Castellar whose dream is to proclaim a republic than from the Carlist pretender to the Castelian throne Don Carlos, although the Duke of Madrid is personally pupular and the Carlists have a large following in Europe. More than 20,000 Republicans, yesterday signed an address to Senor Castellar under the pretense of offering him congratulations on his recovery from a recent illness, but it was understood that the petitioners were using this method of offering him their support should he proclaim a republican form of government. The royalists are uneasy and fully appreciate this gravity of the situation.

It is announced that the queen regent, of Spain, still hopes for peaceful foreign intervention, and believes that the powers will not permit bloodshed.

Instructions respecting the right to search neutral vessels have been published officially.

Newspapers of this city and the provinces are filled with rumors of captures made by war vessels of Spain or the United States, and with reports of the movements of American warships, combined with patriotic utterances from all quarters of the kingdom.

Liverpool agents of the American four-masted schooner Shenandoah declare there is not the slightest evidence to justify the report that she has been captured by the Spaniards.

In fact it is believed that no American vessels have yet been captured by the Spanish fleet.

A Berlin dispatch says: Although the German newspapers continue to make hostile criticism of America's action, signs are not lacking that the attitude of the press is not shared by the government. The immense German population in the United States, and the evidence that the German-Americans have given of patriotic sentiments have told here with considerable force.

A Special from the Cape Verde islands says it is believed that the Spanish fleet sailed yesterday.

Guaranteed Attraction.

The Reed management announces for its attraction at the opera house tonight the eminent commedian, Tim Murphy, and his sterling comedy aggregation, that includes beautiful, talented and vivacious Dorothy Sharrel, in a grand double bill that comprises the laughing success, "Old Innocence," and the dramatic sensation, "Sir Henry Hypnotised."

"Old Innocence" may be styled a strictly home play, and although it contains many pathetic incidents, humor is the predominating feature, and the leading role, a dear old childishly inclined philanthropist, whose only thought is of others, and whose main aim is to loan money and borrow trouble, with ideas a century too old. A character full of pathos, yet droll and eccentric and better adapted to jovial.

This prominent organization is endorsed by the managers, Patton Bros., in every possible manner, even to the effect that if a purchaser of a ticket does not like "Old Innocence" they can get their money refunded between the second and third acts. Nothing more can be said or done.

TEACHER VS DIRECTOR.—H. W. Copeland, teacher of the Union Hill District school, was arrested Monday afternoon and taken before Justice H. A. Johnson to answer to the charge of assault and battery preferred against him by J. H. Lee, one of the school directors of that district. Copeland plead not guilty and his trial has been set for 10 a. m. Saturday.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the deseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition, hearing will be destoryed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

POSTPONED.—The case of State vs. Dr. J. F. Cook arrested for the illegal practice of medicine was to have gone to trial at 10 a. m. Monday but a postponement of the trial has been taken until that hour Friday.

At Aumsville.

Bimetallic Union party holds a rally Friday night, April 29 at Gilbert's hall. Good speakers. Discussion of national, state and county affairs. Candidates, voters and ladies regardless of party are invited.

Travelers shudder with horror at the thought of the train-wrecker who stealthily undermines the supports of a railway bridge and precipitates a passenger train with its load of precious human freight to a horrible death by fire and water. There is a deadlier enemy than the train-wrecker that menaces not only travelers but stay-at-homes. Its name is indigestion. It slowly undermines the supports that hold up the bridge of life and yearly precipitates untold thousands into the dread valley of consumption. If people will only take the right precaution they can avoid this calamity and even remedy it after it has occurred if they will act in time.

All cases of indigestion and every disease that has its inception in indigestion or faulty nutrition are cured by Dr. Pierce's Golden Medical Discovery. It cures 98 per cent. of all cases of consumption. It cures wasting diseases. It is an unfailing remedy for nervous prostration. It is the great blood-maker, flesh-builder, and nerve tonic. Thousands have testified to its merits. There is nothing else "just as good." Druggists sell it.

"I beg leave to inform you," writes Mrs. J. Sisely, of No. 1791 Thomas Ave., Minneapolis, Minn., "that Dr. Pierce's Golden Medical Discovery cured my trouble in my neck—Goitre. It went away in three months. At the sixth bottle it began to grow smaller. Before it had grown larger very perceptibly. I am very grateful for the cure."

Healthy babies. Healthy mother. Healthy father. These are what you find in the homes that have a copy of Dr. Pierce's Common Sense Medical Adviser. Send 21 one-cent stamps, to cover cost of mailing *only*, to World's Dispensary Medical Association, Buffalo, N. Y. Cloth binding, 31 stamps.

The Northern Pacific
Railroad still continues the popular route for eastern travel and now that spring is opening up it becomes more so than ever. The pleasant and comfortable accommodations furnished passengers are proverbial and need no mention. The quick time made, without change of cars is universally known. The road traverses the most magnificent belt of country in the world, every mile furnishing constant scenery attractive and interesting, so that the traveler goes through without fatigue and reaches the journey's end without realizing distance. All hrough Washington, Idaho, Montana Dakota, Nebraska and the other states, the eye is feasted with scenes pleasing and impressive, white no sand storm, suffocating atmosphere or other demoralizing discomforts are met with.
