

# SLEPT LIKE A CHILD.

Gained Twenty-Seven Pounds in Four Weeks.  
The Story of a Soldier.

From the Transcript, Peoria, Ill.

No man is better known and liked in that rich tier of Illinois counties, of which Peoria is the center, than genial Chester S. Harrington, of Princeton, Ill. For many years Mr. Harrington has traveled through the country on profitable journeys as an itinerant merchant, and everywhere he goes he is given a hearty welcome by the people who depend upon his visits for the purchase of the necessities, and some of the luxuries, of life.

Mr. Harrington is a veteran of the war, and from this fact is made the remarkable experience which he related at the Transcript office recently. His story, telling of the evils of which the Civil War was but the beginning in his own, and in thousands of other cases, was as follows:

"I served three years in the 124th Illinois, enlisting at Keosauqua, Ill. I was in Liberty Prison, and suffered, like many another Northern soldier, until recently I was a member of the Princeton Post of the G. A. R.

"The strain of army life did its work in undermining my health, although the collapse did not come for years. For some time I suffered from general debility and nervousness, so badly that I could not sleep. For fifteen years my sleep was completely broken up. Indigestion, resulted and my misery increased. My eyes began to fail, and as my body lost vitality my mind seemed to give way also. I could scarcely remember events that happened but a few weeks before.

"For two years I was afflicted for business. I was just able to creep around during the greater part of this time, and there were times when I could not get up at all. My brother is a doctor, but all his efforts to help me failed to give me any relief.

"I tried a number of remedies, without avail. Finally, having read articles regarding cures that had been effected by Dr. Williams' Pink Pills for Pale People, I decided to try them. That was in 1886. I bought a box and took the pills according to the instructions. Just four days later I had the

happiest hours I had known for years. That night I went to sleep easily and slept soundly as a child, and awoke refreshed. Three or four weeks after beginning the treatment, when I had taken four boxes of the pills, I found I had increased in weight, from 110 pounds to 146 pounds. This greatly surprised my friends, who thought my case was a hopeless one. I began my work on the road again, and have continued it right along ever since in excellent health.

"Let me tell you a remarkable thing that was a side issue, but a valuable gain to me. I found that while I was taking Dr. Williams' Pink Pills, I had been cured of my smoking habit, which had been formed when I was a boy, six years old, and which had clung to me all these years. The craving for tobacco left me and I have never experienced it since. I have recommended the pills to many."

CHESTER S. HARRINGTON, Chester S. Harrington, being duly sworn, deposes and says, that the matters contained in the above statement by him signed are true.

CHESTER S. HARRINGTON, Subscribed and sworn to before me, a notary public, this 15th day of July, 1897.

All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained in a condensed form, in Dr. Williams' Pink Pills for Pale People. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of a grippe, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female, and all diseases resulting from vitiated humors in the blood. Dr. Williams' Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box, or six boxes for \$2.50—if they are never sold in bulk or by the 100 by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

Dr. J. F. Cook, Salem, Or.

I received your letter and was glad to hear from you. You want to know how my leg is getting along. It is all right; the flesh is growing out over the shin bone and is turning white. It is not straight yet, but I think it will be as straight as the other leg when warm weather comes on. I can work most of the time. The other doctors told me I could never be cured without splitting it and scraping the bone, but they are mistaken. It is getting well without cutting or scraping, so they do not know as much as they thought they did, but you are all right, for you have done just what you said you could do. I will answer any questions you ask about my leg.

Very truly yours,

A. COOPER.

**UNION IN POLK COUNTY.**

What the Ticket Stands for—Its Growing Strength.

INDEPENDENCE, Or., May 18, 1898.

EDITOR JOURNAL.—We are having a very quiet campaign in Polk county, yet the voters are doing a great deal of thinking. The average citizen cannot understand how it is that our county is nearly \$80,000 in debt when we have for the past two years been to comparatively little expense in bridge building or other county improvements. The county is run by a purely gold standard administration, and instead of taxation growing less with an increase of population it is constantly on the increase. The people are slow to act, but once they are aroused their condemnation of wrong doing will be signal and complete. From all sides words of commendation of the Union ticket is heard and the people intend electing every one of the candidates presented by that party for their suffrages by majorities reaching into the hundreds. The representative ticket is led by J. B. Stump and Noah Gregg, two of our most successful farmers. Men whose word is their bond and men who do not claim they are working for their wives for wages, in order to defraud their creditors.

Van Orsdal, the candidate for sheriff, is an enterprising farmer, residing near Independence, and the care he gives to his business now argues very well for the manner in which the sheriff's office will be run for the next two years. E. Hayter the present efficient county clerk is a candidate for re-election and people of all parties recognize him as the right man in the right place. His conduct of the office for the past two years has been such as to entitle him to the support of the people and his triumphant election is a foregone conclusion. Fenton the present treasurer will most certainly succeed himself, for the people recognize that he was mainly instrumental in bringing Polk County's warrants to par. Shipley for school superintendent and is not the tool of the Book Combine and his votes will be cast in favor of cheaper books, thus saving money to the voters. Riggs for Co. commissioner is a sterling young business man, honorable in all his dealings, and will prove a watch dog of the county treasury. No ring or clique dictated the Union nominations and all are of our best citizenship. We all admire the labors of the JOURNAL for the cause of the people, and Polk county owes your journal a debt of gratitude.

Troops for Manila Selected.

WASHINGTON, May 20.—The regular troops which are to accompany the expedition to the Philippines were determined upon at the war department today, and orders for them to proceed promptly to the coast will be issued. These, with the volunteers from California, Colorado, Kansas, Minnesota, Nebraska, Oregon, Utah, Wyoming, North and South Dakota, and Idaho will make up the total of the men to be taken—the troops who are to be sent to reinforce Admiral Dewey and enable him to take and hold the city of Manila.

Adjutant General Corbin today sent orders to the Tenth and Twenty-third Infantry at New Orleans to proceed at once to San Francisco. They will report to the commanding general at that point and will embark for the Philippines as soon as supplies and transportation can be furnished.

Fatal Explosion at Baker City.

BAKER CITY, Or., May 20.—As the Idaho troops bound for San Francisco pulled in on a train last night, a mortar fired as a salute exploded.

A large crowd had assembled to welcome the volunteers and pieces of the dismembered gun were hurled among them.

A boy named Curtis Spencer was fatally injured and J. H. Parker, Mrs. W. Good and E. A. Worsick were injured more or less severely.

When Nature Needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Company.
