REPUBLICAN OPINION.

From a Candidate On the Portland Ticket.

MR. ACKERMAN'S STATEMENT.

Mr. John Gill's Reply to Certain Passages Therein.

To the Editor of the Oregonian.

PORTLAND, May 20.—Professor Ackerman, in his reply to Superintendent Lyman in yesterday morning's Oregonian, gives me an unexpected prominence, not entirely relevant to his text. I should make no comment upon the long apology of Professor Ackerman if he had left me out of it, but he asserts that I am an agent of Ginn & Co., and makes the apparent intention of apprising the conscientious voter of the peril that threatens educational "interests" in case of my election to the legislature.

I am not the agent of Ginn & Co. and am convinced Professor Ackerman knows I am not in any way connected with them, except that our firm buys from them the few books required in our schools, as we do from the American Book Company and others. How profitable and important that connection must be will readily appear to anybody who will look into the proportion of books in use this state and city published by Ginn & Co. No "educator" need take the trouble to look up the figures; they all know very well already.

I cannot be quite sure, from the Delphic character of the professor's final thurst, whether he means that I am furnishing a lack of support to Mr. Lyman or himself. Does Prof. Ackerman recall a circular which was gotten out as a campaign document four years ago, to which many prominent educators subscribed, attacking Irwin, the Republican candidate for superintendent of public instruction, and urging Reid's election (the Democratic nominee)? Perhaps he remembers the loyal, public-spirited gentleman who paid for printing and attended to mailing thousands of those circulars.

I call the attention of the editor, who made the deduction that Professor Lyman had treated the question of price uncandidly, to the fact that 17 books appear in the Lyman list quoted by Professor Ackerman, while there are but 16 in his own list. Ackerman charges Lyman with two elementary geographies, making a false credit of 65c in that item for himself while further comparison shows $1.08 in Lyman's favor in the total.

Even a nomination does not seem to me an irrefutable proof of Professor Ackerman's title to my vote. Since he charges me with being what I am not, gratuitously, he may not need it; though I have twice publicly urged the people who heard me to support the whole state ticket nominated at Astoria. The people who like a publisher's attorney at the head of the house committee on education and who "supported the ticket" in the case of Dr. Irwin four years ago, by the circular which I refer to will not hesitate about supporting Mr. Ackerman, I am sure. "The office is entirely non-political," as Mr. Ackerman's letters to Populist friends allege. In fact, by "deputizing," a thrifty man might hold a "principalness" and the superintendency, too; but neither Young nor Crawford will ever get both at once. The professor's friends ought to send for Roby immediately to take charge of the literary features of his campaign.

Back to Health
After Long Illness Hood's Sarsaparilla Restored Good Health—Now as Strong as Ever.

"After an illness of two years, during which time I underwent several surgical operations, I at last began to improve, but my improvement was so slow that I became discouraged. I was very much run down and I did not have any appetite. I did not care to live. One day I met a friend who had taken Hood's Sarsaparilla and who urged me to try it. I consented, and after I had taken a few doses I began to feel better and had a better appetite. I gained from two to three pounds a week and grew stronger every day. I took two or three bottles of Hood's Sarsaparilla, and am as strong as I ever was in my life. Hood's Sarsaparilla has brought me back to health." Hon. H. L. Barkley

Denies the Statesman's Slanderous Charges.

Brands Them Utterly False and Libelous—Will Prosecute.

The Union County Central Committee held a long session at Woodburn last night and closely investigated the character of the charges brought against H. L. Barkley, candidate for joint senator of Marion and Clackamas counties. They had Rev. Barkley, Rev. Rhys Gwynn, Mr. Corby, and all other material witnesses before them and their findings are as follows:

THE COMMITTEE STATEMENT.

We the undersigned have investigated the insinuated charges made against Hon. H. L. Barkley in the Daily Statesman of May 22, 1898, and the Oregon City Enterprise of May 27, 1898, and we are fully satisfied that they are utterly false and unfounded and that the same have been made for political purposes.

In the course of our investigation we have found that Rev. R. Gwynn has made conflicting and vacillating statements in which, in our opinion, he showed mental weakness, and we are of the opinion that his statements are entirely unreliable.

We also find that the fac-simile letter published had no reference whatever to the secreting of T. H. Mitchell or any other dishonorable transaction.

From the published affidavit of T. H. Mitchell and other facts brought before us during the investigation we are of the opinion that the statements of said Mitchell are not worthy of consideration.

We, therefore, have full confidence in the honor and integrity of Hon. H. L. Barkley, and we are fully satisfied that he has not been connected with any questionable or dishonorable transaction.

Dated at Woodburn, Or., this 30th day of May, 1898.

JOHN BAYNE,
Chairman Marion County Democratic Central Committee.
GEO. W. WEEKS,
Chairman of Marion County Peoples Party Central Committee.
W. T. RIGDON,
Chairman Marion County Silver Republican Central Committee

MR. BARKLEY'S DENIAL.

WOODBURN, Or., May 30, 1898.

To the citizens of Marion and Clackamas counties, Oregon, and to whom it may concern:

As to the libelous insinuations and affidavits in the Salem Statesman of May 22nd, and in the Oregon City Enterprise of May 27, 1898, I have to say, that they are utterly false, slanderous, and libelous, and without any foundation in truth or fact, and I will afford these enemies ample opportunity to present their evidence in the courts. This is not the time to adduce my evidence in the newspapers, but I will do so in the courts, and these slanderers must take the legal consequences of their acts.

HENRY L. BARKLEY.

UNION PLATFORM

The following is the platform adopted by the People's, Democratic and Silver Republican parties assembled in state conventions at Portland, March 23-26, 1898:

United in a common cause for the sacred purpose of preserving the principles of government by the whole people, in fact as well as in name, restoring and maintaining equality, under that government, of all classes, we, the People's Democratic and Silver Republican parties of the state of Oregon, waiving all minor points of difference, and uniting for the purpose of carrying out the great underlying principles upon which we are all agreed, do make and present to the people of this state the following declaration of principles, and to the carrying out of which we solemnly pledge each and every candidate upon our united ticket:

First—We demand the free and unrestricted coinage of silver and gold at the present legal ratio of 16 to 1, without waiting for the consent of foreign nations; and we are unalterably opposed to the policy of the present republican administration in demanding the retirement of greenbacks, and the turning over of the money-making power of the government to the national banks, as presented by the bill drawn by the republican secretary of the treasury, and indorsed by President McKinley; and we especially denounce the avowed attempt by said bill to fasten the country irrevocably and forever to the single gold standard.

We demand a national money, safe and sound, issued by the general government only, without the intervention of banks of issue, to be a full legal tender for all debts public and private, also a just, equitable and efficient means of distribution direct to the people through the lawful disbursements of the government.

We demand that the volume of circulating medium be speedily increased to an amount sufficient to meet the demands of the business and population of this country, and to restore the just level of prices of labor and production.

We favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

We demand that the government, in payment of its obligations, shall use its option as to the kind of lawful money in which they are to be paid, and we denounce the present and preceeding administrations for surrendering this option to the holders of government obligations.

We demand that there shall be no further issue of United States interest-bearing bonds.

We demand that postal savings banks be established by the government for the safe deposit of the savings of the people and to facilitate exchange.

We demand the election of United States senators by direct vote of the people.

We demand the initiative and referendum system of law-making in its optional form, local, state and national, and the submission by congress of all important national questions for an advisory vote of the people, until such time as the national constitution shall have been amended so as to provide for direct legislation.

We condemn as dangerous and unjust the surrender, in all departments of the government, to the influence of trusts, corporations and aggregations of wealth generally; and the packing of the highest courts of the land with corporation lawyers, too ready to do the will of their late employers, and to set aside valid and wholesome laws passed by the legislative departments of the states and government, upon flimsy pretexts, at the behests of such institutions.

We are opposed to government by injunction.

In state matters, we demand:

A simple and well-guarded registration law.

A more equitable mode of appointing judges of election.

Stringent laws to regulate the operation of fish traps, fish wheels and all fishing gear in the waters within the jurisdiction of the state.

We denounce and condemn the corrupt and extravagant republican legislative assemblies, and charge that the republican party, in its eagerness for the spoils of office, has become divided into warring factions, so that it is incapable of government as exemplified by the condition existing in the office of the state treasurer, there being at this time more than $500,000 therein wrung from the people by the process of taxation, while state warrants are stamped "Not paid for want of funds."

We demand that all district and county officers be placed upon salaries commensurate with the duties to be performed by them.

Inasmuch as railroad and other corporate property is not bearing its proportion of taxation, we demand that such property shall bear its just and equal share of the expenses of government.

Dr. J. F. Cook, Salem, Or:

I received your letter and was glad to hear from you. You want to know how my leg is getting along. It is all right; the flesh is growing out over the shin bone and is turning white. It is not straight yet, but I think it will be as straight as the other leg when warm weather comes on. I can work most of the time. The other doctors told me I could never be cured without splitting it and scraping the bone, but they are mistaken. It is getting well without cutting or scraping, so they do not know as much as they thought they did, but you are all right, for you have done just what you said you could do. I will answer any questions you ask about my leg.

Very truly yours,
A. COOPER.
