

ARMY
In Cuba Making Good Progress
War Department Now Satisfied.
Will Use Barbed Wire Fence for Obstructions.
Spanish Cut Off From Food and Supplies.

WASHINGTON, June 29.—The first direct news from the West Indies that has been received at the war department came late last evening. It disclosed a very satisfactory rate of progress, on the part of General Shafter, toward the town of Santiago itself, and apparently he had gained all the ground, and come within three miles of Santiago without suffering any losses since the bloody skirmish of Friday last. Altogether the performance is regarded as very gratifying to the department here.

As near as can be gathered from the brief dispatches the American army is now a broad road, one branch of which leads to Santiago and the other to Moro castle at the entrance to the harbor. General Shafter is thus free to move in either direction according to the demands of the campaign. With 1300 men, who reinforced him yesterday on the Yale, and an additional brigade that will reach him tomorrow, it may be possible to make even a more rapid progress in the advance upon Santiago. Meanwhile further reinforcements are being prepared and dispatched as rapidly as the best energies of the department can direct, and it is believed that several thousand men sailed from Tampa for Santiago yesterday.

The department has had in mind the difficulties of the campaign that are just developing to the public eye, such as the use, for the first time in civilized warfare, of barbed wire fencing as a means of defense, and acting upon the advice of some of our army officers who were in Cuba while the fighting was confined to the Spaniards and insurgents, a certain number of men in each regiment have been provided with wire cutters and charged with the duty of cutting down these fences so as to permit the advance of the troops. The officials here have provided for the use of barbed wire by our own forces, having sent about 150 tons of this wire with the general expedition.

The lines are being tightened around Cuba and it will soon be impossible

SYRUP OF FIGS
NEVER IMITATED IN QUALITY.
THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of the product. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—
CALIFORNIA FIG SYRUP CO.
SAN FRANCISCO, CAL.
LOUISVILLE, KY. NEW YORK, N. Y.

for even small quantities of food or war supplies to reach the Spaniards there. The proclamation issued extending the blockade to the South coast and to San Juan, it is believed, will accomplish this result. On the South coast the Isle of Pines will be cut off as a transfer depot for cattle and food supplies from Jamaica and Central America.

There was no further word from the Cadiz fleet today, although it is now known to be lying at Port Said under the pretext of repairing one of the torpedo-boat destroyers. The delay on the part of the Spanish fleet has not stopped the preparations for sending the eastern squadron, under Commodore Watson, to the Spanish shores. The commodore is hastening with all speed southward on the Newark, to join and confer with Sampson off Santiago.

A Rio Guano dispatch says: The American front has been advanced beyond the first crossing of the Rio Guano about a mile and the tug lies three miles and a half from the Spanish intrenchments.

General Lawton, General Chaffee and General Wheeler have thoroughly reconnoitered the Spanish position, and with the aid of the information furnished by the Cubans, have very good maps of the roads and ditches in the vicinity. Much information has also been obtained from the Spanish pacificos, which have slipped out and given themselves up in the hope of obtaining food. They report starvation and distress in Santiago.

They say the Spanish troops are on short rations, and that all supplies are being held for their men. The sick in the hospitals, the pacificos say, are suffering from lack of food, and they also report that seventy-seven Spaniards were killed and eighty-nine wounded as a result of the engagement on Friday last, with Colonel Wood's and Colonel Young's commands. The most startling information obtained from the pacificos is that since the advance began, almost 20,000 Spanish soldiers have arrived at Santiago de Cuba. This statement is made on the authority of General Lawton.

General Wheeler, who made a reconnaissance for a half mile beyond the skirmish line, finding that he was unable to obtain the desired view through the luxuriant tropical foliage, dismounted and climbed a tree. A major-general of the United States army, in the forks of a tree, surveying the Spanish outposts through his field glasses, was as a spectacle that gave some idea of the wonderful energy of the dashing ex-confederate cavalry leader. This feat of agility, in a man 62 years of age, put to blush many younger officers of his own staff.

WANTED, ETC
New today advertisements four lines or less in this column inserted three times for 25 cts. 50 cts. a week, \$1 per month. All over four lines at same rate.

FROM A SUFFERER.
How A Cooper Had a Rotten Bone Healed After 35 Years.
CHEHALIS, Wash., April 9, 1898.
Dr. J. F. Cook, Salem, Ore.: I received your letter and was glad to hear from you. You want to know how my leg is getting along. It is all right; the flesh is growing out from the shin bone and is turning white. It is not straight yet, but I think it will be as straight as the other leg when warm weather comes on. I can work most of the time. The other doctors told me I could never be cured without amputating it and scraping the bone, but they are mistaken. It is getting well without cutting or scraping, so they do not know as much as they thought they did, but you are all right, for you have done just what you said you could do. I will answer any questions you ask about my leg. Very truly yours,
A. COOPER.
Dr. Cook's office is at 301 Liberty street, Salem.
Strayed or Stolen,
April 23, a dark bay mare, weight 850 pounds, aged 8 years. Right shoulder rowelled and has scar on hind leg. Has saddle, marks on back with a grained hoof, of a race-horse build. Finder will report and receive reward.
