BOMBARDMENT OF SANTIAGO BEGUN.

Shafter Reiterates Gen. Grant's Famous Order to Surrender,

Sunday's Attack Was Only a Short Preliminary Skirmish.

(Regular Associated Press Report to The Evening Journal. Copyrighted.) OFF AGUADORES, July 10.—Vessels of the United States fleet began the bombardment of the City of Santiago.

WASHINGTON, July 11.—A cablegram from Gen. Shafter, received at the war department over night, stated the bombardment of Santiago would begin today. It appears the affair of Sunday was only a preliminary artillery skirmish.

ON BOARD ASSOCIATED PRESS DISPATCH-BOAT DANDY, OFF AGUADORES, Cuba, July 10, via Kingston, July 11.—The American warships Brooklyn, Indiana and Texas, under Commodore Schley began the bombardment of the City of Santiago at 5 o'clock this afternoon, in obedience to a request from General Shafter conveyed by signal from the shore. The warships lined up from the east to the west, a quarter of a mile from shore and fired over the limestone cliffs that come down to the sea and hide the city, five miles distant. This bombardment continued one hour.

No Terms But Unconditional Surrender of Santiago. GENERAL SHAFER'S HEADQUARTERS, near Santiago, July 10, per Associated Press dispatch boat Dandy, via Kingston, July 11.—(Copyrighted)—At 11:30 this morning, General Shafter notified General Toral, the Spanish commander of Santiago, that by President McKinley's direction, the Spanish proposition to surrender if the garrisons were allowed to leave Santiago with its side arms, was rejected and that United States would accept no terms but immediate and unconditional surrender.

General Toral at 2:45 p. m., replied that he rejected President McKinley's proposal and would consent to no other terms than those offered by himself. At 3:25 p. m. General Shafter notified General Toral that the armistice would be terminated and hostilities resumed at four o'clock. At the same time he issued instructions to all of his division commanders to prepare for a fresh attack on the Spanish works.

ALL THE PREPARATIONS COMPLETE FOR THE DESTRUCTION OF SANTIAGO.

At 4 o'clock the artillery was preparing to open fire on the Spaniards at the end of armistice. A dynamite gun has been trained upon the Spanish blockhouse, with such absolute precision that the first shot would obliterate it. American soldiers will sleep in the trenches tonight. Eight batteries of light artillery will be in position at 7 o'clock tonight and siege guns just landed will be ready for action at 10 o'clock tomorrow. General Shafter said to a correspondent of the Associated Press this afternoon.

"General Henry and his division are now landing at Jurunga and are coming up as rapidly as possible, but if a

IMPORTANT COMMUNICATIONS.

Made to the War Department by General Shafter.

WASHINGTON, July 11.—The war department has made public some despatches from Gen. Shafter. Following was received at 10:30 a. m.: The navy has promised after bombardment begins to get in close to the harbor with some of their draft boats. It is not quickly conclusive they will make no attempt. As soon as Henry's reinforcements arrive, we will surround the town and can knock it too piece with our light guns."

Twenty-three minutes later, the following was received: "My plans for tomorrow are to keep up bombardment the trenches and the city and complete the investment on the northwest by the troops which have just arrived at Siboney, one regiment of which has now reached me."

IN A SANITARIUM. Sad Condition of Attorney-General Patrick C. H. Winston.

Special to The Journal.

PORTLAND, July 11.—Attorney-General Patrick Henry Winston, of the state of Washington, is at a private sanitarium in this city, suffering acute melancholia. The distinguished gentleman's condition demands the utmost privacy and attention. Hopes of his ultimate recovery are held out by the physicians in charge. Mr. Winston has been for years recognized as one of the most brilliant and gifted men on the Pacific coast.

Conspiracy to Land Chinese. Special to The Journal.

PORTLAND, July 11.—With the incoming of every ship from the Celestial Empire with Chinese passengers, ugly rumors are afloat as to a conspiracy for the illegal landing of some of the Mongolians. No suspicion has ever been attached to any of the present officials of the custom service here but it is thought that some of the witnesses who "identify" returning Chinese have done so for a consideration and regardless of the truth. At present there is a Chinese ship in port and treasury department secret service men think they have unearthed a conspiracy to land passengers on perjured testimony. If matters are brought sufficiently to a head, several arrests can be expected during the week. Arrests of this character were made a year or two ago but the accused were discharged.

Appointment of Appraiser. Special to The Journal. PORTLAND, July 11.—It is generally conceded that the proposed appointment of Robert J. Hendricks as United States appraiser of customs at this port should be credited to the influence of Congressman Tongue, as Mr. Hendricks successfully managed that gentleman's campaign for re-election. It is understood here that General Land Commissioner Hermann had spoken a good word for J. M. Hodson, a former deputy collector, for the position.

A Disgusted Aspirant. Special to The Journal: PORTLAND, July 11.—Robert Holman was so disappointed at not being appointed chief engineer of the fire department that he refused the position of first assistant and is out in the cold. For a number of years his brother, "Ted," Holman, has had a monopoly of all the undertaking business that can be controlled by the corner, and this agreement holds good under the new administration of affairs. This bit of picking was evidently thought sufficient for the Holman family by the powers that be.

Numerous Burglaries. Special to The Journal. PORTLAND, July 11.—Numerous petty burglaries generally confined to cheap lodging houses and to the rifling of pockets of watches and small change are reported, but are kept out of print as not being of sufficient importance. The police and detectives are actively at work, however, and many suspicious characters have been ordered out of town.

Santiago May Fall at Any Moment. WASHINGTON, July 11.—After a conference of the war board today, Secretary Long said he expected to get news of the fall of Santiago at any hour.

Camara Fleeing With His Fleet for His Home.

A Vessel With Sick and Wounded Bound For America.

(Regular Associated Press Report to The Evening Journal. Copyrighted.) SIBONEY, July 10, 3 p. m., via Playa Del Este, by Associated Press Dispatch Boat Cynthia, July 11.—General Shafter held a conference with American generals at the front today, concerning the offer made by the Spanish commander to surrender Santiago if the Spanish garrison were allowed to march out with their side arms and have twenty miles the start without molestation.

General Toral agreed that if this was accepted he would not destroy the ships in the harbor nor the ammunition in the forts or any of the buildings in the city. A majority of the generals, General Wheeler leading, was in favor of the acceptance of these terms, on the ground that the Spaniards can march out to the westward anyhow and burn the city and destroy all the vessels, guns and ammunition before leaving the city. Food and water are scarce in Santiago.

Work for the Red Cross Women and Emergency Corps. GUANATANAMO BAY, July 11.—(Copyrighted by the Associated Press)—The steamer Olivette is here ready to sail for Hampton Roads with 500 sick and wounded.

Camara's Fleet Is Proceeding Direct to Spain. PORT SAID, July 11.—Camara, the Spanish admiral, was allowed to transport six hundred tons of coal from the San Augustine last night in this harbor, on furnishing a written guarantee that the battleship Pelayo needed it, and that the entire squadron was returning to Spain direct.

BROOKLYN FALLS SHORT. Appointed Appraiser. WASHINGTON, July 11.—The president has appointed Robert J. Hendricks appraiser of merchandise in the district of Willamette, Oregon.

Shells From Her Turret Do Not Reach Santiago. When the Associated Press reporter went aboard the Brooklyn, Commodore Schley said he was ignorant of the bombardment. "I doubted from the start whether I could hit the city. I had to guess at its location and be very careful not to injure our own army. In the firing today we gave the turret the greatest possible elevation by listing the ship, but knew that they would fall short."

SANTIAGO, July 11.—After 35 shots had been fired from the 8-inch guns Commodore Schley became convinced that the Brooklyn's fire was falling short and ordered a cessation, permitting the battleships to continue with their larger guns, having longer ranges. Signals from shore announced that the shells fell a thousand feet short and a little to the left of the Spaniards.

Corrected Report. WASHINGTON, July 11.—Adjutant General Corbin received today from General Shafter a corrected report of casualties before Santiago July 1, 2 and 3. Report is as follows: Killed 23 officers 308 men. Wounded, 80 officers, 1303 men. Missing 61.

Annexed to California. WASHINGTON, July 11.—Secretary Alger today issued orders attaching the Hawaiian islands to the military department of California. The First New York volunteers will be assigned to garrison at Honolulu.

Going to Relieve. JURUGUA, July 10.—Five thousand men were disembarked today from steamers and are preparing to take up the march to General Shafter's headquarters, near Santiago.

Justice Johnson today gave B. Davis a judgment against F. W. Johnson for \$25.22 with interest from April 10, 1897. Plaintiff brought suit to recover that amount and also \$15 at attorneys fees, and to be due on a note, but the attorneys fees were not allowed in rendering judgment for the plaintiff.

The Dons Must Be Taken. WASHINGTON, July 11.—There are many inquiries at office of adjutant general for latest despatches. To all these the answer is returned: "Gen. Shafter has been a free hand to deal with the situation subject to but one condition, namely: That the Spaniards at Santiago must be captured."

Different Views. MADRID, July 11.—In war council three different views were advanced, General Correa, minister of war, favoring war to the end; Duke Almodovar del Rio, foreign minister, supporting the opening of peace negotiations with the concurrence of the powers, and Senor Ganzo, minister of public instruction, proposing to treat for peace directly with the United States. The leaders of the army in Madrid have held a meeting, but the resolution have not been divulged.

Duke Almodovar del Rio, upon leaving the cabinet today, denied that peace negotiations had been opened, adding: "At the present moment we must talk only of war." It is the general impression that the cabinet is divided on the peace question.

Borrowed \$3,000,000. CHICAGO, July 11.—Levi Z. Leiter has borrowed of the Northwestern Mutual Life Insurance Company, of Milwaukee, \$3,000,000 for ten years, at 4 per cent. The security consists of several of the most valuable pieces of business property in the city. In completing the details of the loan, Mr. Leiter told the agents of the Northwestern that he would probably require further advances of about \$3,000,000.
