SPAIN'S REPLY HAS JUST BEEN RECEIVED.

WASHINGTON, Aug. 8.—The Spanish answer has just been received at the French embassy. It is quite long and the translation will take some time.

SPAIN'S TERMS NOT RECEIVED.

The Formal Acceptance Expected to Arrive Early on Tuesday

WASHINGTON, Aug. 8.—Alger, Long and Attorney-General Griggs, were in conference with the president for an hour. At the conclusion of the conference it was announced that the official notification of Spain's acceptance of the peace terms had not yet been received. The president expects they will be received early tomorrow.

SECRETARY DAY TO RETIRE.

He Will Probably Be Chosen One of the Commissioners.

NEW YORK, Aug. 8.—A Washington special to the Herald says: In connection with the probable selection of Secretary Day, as one of the peace commissioners, it is stated that he will at an early date retire from the office of Secretary of state and after concluding his labors as a member of the peace commission he will resume his practice at law, at Canton.

Alger's Blunders.

LONDON, Aug. 8.—The Times says editorially this morning:

"It is a hard nut the negotiators have to crack regarding Cuba. The Americans cannot garrison the island, and it will be rather absurd to be compelled to ask the Spanish troops to remain and keep order there. There is such a thing as victory so complete and easy as to be more embarrassing than a struggle upon something like equal terms. Had the Spanish army in Cuba been beaten in the field, the situation would have been much less complicated as the administration of the island would be taken over by the victorious army.

"The American war office is the subject of severe criticism from men of all parties, and Secretary Alger, as our New York correspondent casually observes, is regarded seriously as a candidate for retirement into private life. There undoubtedly has been most serious mismanagement in connection with the Santiago forces, and had no public opinion intervened upon the manifesto of the generals, it is not improbable that the war office would have gone on covering up its own mistakes until the Santiago forces had succumbed entirely to disease and privation.

"Now the troops are being deported from the island as rapidly as possible, but with them goes every trace of American power to deal with a public of which Spain is to be deprived."

"No native government is possible, no American government is ready or likely to be ready for a long time to come. In the meantime, the Spanish army is starving with the civil population. Events seem to have moved so quickly as to leave the American war office absolutely unprepared to deal with problems much greater than the provisioning of the field force at Santiago."

The Daily News, in its editorial, echoes the opinion of the Times regarding the Cuban difficulty. It characterizes General Shafter's dispatch as "one of the strongest and strangest that ever came from a military source," and says:

"It speaks wonders for the censorship of the navy department that the dispatch was never published. Had its publication preceded the declaration of peace, it might have considerably retarded that event."

Prices Reduced.

SANTIAGO DE CUBA, August 8, 6 p. m.—General Leonard Wood, the military governor of Santiago, this afternoon called a meeting of the butchers and retail provision dealers of the city with the object of formulating a tariff for the sale of the necessities of life, for which the dealers have lately been charging exorbitant rates. All the dealers were highly indignant at the interference of the military authority in commercial matters, but General Wood gave them until 11 o'clock tomorrow morning to agree on moderate prices, under penalty of a revocation of their licenses and the closing of their shops. A permanent scale of prices will be fixed tomorrow.

Cuban Debt.

LONDON, Aug. 8.—The Madrid correspondent of the Sunday Times says: Spain's answer will accept all the American terms except that regarding the Cuban debt. The government will fight this point on the ground that in all other cessions of territory by one nation to another, the ceded territory has carried with it its own debt or the proportion belonging to the nation by which it is ceded.

President McKinley will receive the answer Monday, or, at latest, Tuesday.

Senor Sagasta, in conference with politicians and generals, follows the example of Senor Castellar in 1873. His objects are two—to provide the responsibility for the decision and to avoid the convocacion of the cortes.

The news from Porto Rico is received with great disappointment. The Spaniards are disgusted with the welcome the natives have given the Americans and the news that the volunteers have thrown their arms down. The general opinion is that it is not worth while to risk lives and spend millions for the sake of territories which are worse than disloyal to the mother country.

It is assumed that there will be no international trouble over the evacuation of the West Indies.

The war has cost Spain \$350,000,000.

The Open Door Shut.

LONDON, Aug. 8.—The Shanghai correspondent of the Daily Mail says: Russia is now practically in possession of New Chwang, and "the open door" in North China is already shut.

A Thinking Machine.

Will help any man woman or child to conclude just what is wanted at all times, but the average person who comes into the Fair Store requires no thinking machine to convince them that we have everything that is wanted in the line of CAMPING, and HARVESTING SUPPLIES, and in fact everything that you need to wear, at prices that cannot be beat by competitors.

A. I. WAGNER, Mgr

PROMINENT MERCHANT SHOT.

His Wife Suspected and Arrested for the Murder.

CLARENDON, Tenn., Aug. 8.—On July 30, J. T. Orr, a prominent merchant, was shot through the window at his home and killed. His wife has been arrested, charged with being responsible for his death. It is claimed the woman hired a negro named Record, to fire the fatal shot. Much excitement prevails and a lynching was narrowly averted last night.

Seized.

MADRID, Aug. 8.—An official dispatch from Porto Rico says the Americans seized the customs-house in the village of Fajardo, which place was without a garrison.

An American column, the dispatch also says, supported by artillery, advanced on Guayama. The Spaniards made a brave defense, but were forced to withdraw to Alturas. Seventeen of the Spanish were killed.

PEACE TERMS PRESENTED.

The French Minister of Foreign Affairs Has Received Spain's Formal Reply.

PARIS, Aug. 8.—The Spanish ambassador this morning presented to the French minister of foreign affairs Spain's formal reply to the peace terms of the United States, which were subsequently cabled to Washington.

Arrested.

BALTIMORE, Aug. 8.—Eleven members of the First Maryland regiment, United States volunteers, now in camp at Old Point, who came to Baltimore this morning on the Norfolk steamer, were arrested on arrival, charged with deserting from the army. The boys were locked up, and will be returned to camp tomorrow.

Returning Goldhunters.

SAN FRANCISCO, Aug. 8.—The steamer Tillamook arrived last evening, 15 days from Michaels, with 37 passengers, nearly all disappointed gold-seekers returning from the Klondike. She brought down but little gold, the total amount being variously estimated at from \$8000 to \$15,000.

The Leelaow had a hard time of it on her outward passage. She took in here the river steamer Rideout. The Rideout was burned almost to the water's edge shortly after leaving, and only by the exercise of the greatest care was the trip made in safety. At Dutch harbor, a barge, belonging to the California-Yukon Transportation Company, was taken in tow, but it had to be abandoned before the end of the voyage was reached. The barge began to leak, and when the leak got beyond control everything of value on the barge was taken on board the Tillamook and the raft turned adrift.

Murders Identified.

ST. LOUIS, Mo., Aug. 8.—Last Wednesday a man giving his name as Jack Wilson was arrested for swindling a woman out of \$5 by a short "change" method, after jumping into a bear-by buggy, holding a revolver at the driver's head and giving his pursuers a furious chase. Yesterday the Bertillon system convinced the police that Wilson is Pat Crowe, wanted in Denver, Colo., for murder and also for burglarizing Chapin's jewelry store in that city of \$600 worth of diamonds. He was pursued by officers and shot and killed A. J. Moine. Crowe served three years for train robbery in Missouri. Chief Campbell has received the information that he was wanted in Omaha for burglary. Crowe admitted his identity, but would not talk.

Passed Away.

SAN FRANCISCO, Aug. 8.—Ex-Mayor Adolph Sutro died here this morning.

The Royal is the highest grade baking powder known. Actual tests show it goes one-third farther than any other brand.

Still Waiting.

PLAYA DEL ESTE, Guantanamo Bay, Aug. 8.—The fleet was still here last evening, intact, waiting word from Washington.

The collier Lebanon, towing a coal schooner, arrived. The schooner Admiral Sampson with provisions for sale, also arrived. Both schooners are from Key West.

The converted yacht Vixen was sent to Santiago to get the registered mail held there for the fleet.

The St. Louis is still here, waiting a decision of the question of her entering Santiago harbor.

Three Men Killed.

CANTON, Mass., Aug. 8.—Three men killed and a number of mail clerks were severely injured at Canton Junction today by the express mail special, from New York to Boston jumping the track. The dead are: James Shelton, engineer; G. K. Knowlton, fireman; James Schuefeldt, engineer.

Starvation.

HALIFAX, N. S., Aug. 8.—The schooner Cambridge, which has arrived here, brings a tale of terrible suffering on the Newfoundland and Labrador coasts. The party was on a prospecting expedition, and included Dr. Morris, whose services were required at Lewis inlet night and day to give relief to persons sick and dying from starvation. Large quantities of provisions were distributed from vessel. The same condition of affairs exists all along the coast. There are 1000 persons similarly situated, and immediate relief is necessary. The failure of the fisheries will tend to further increase the suffering.

No Yellow Jack.

FORT MONROE, Va., Aug. 8.—One hundred and seven sick and wounded soldiers, who arrived here from Santiago Saturday on transport No. 30, the Lampasas, were taken to the post hospital this morning. It is understood that but few of the men are in a serious condition. There were no suspicious fever cases aboard. About 125 men who have been in the hospital here left last night on the steamer Washington, for Washington barracks. These men are convalescent.

RECEIVING SPAIN'S REPLY.

Coming in Painfully Slow and a Lengthy Document.

Spain's Reply Will Be Probably Acted Upon at Tomorrow's Cabinet Meeting.

WASHINGTON, Aug. 8.—Spain's answer to the United States is now on the way to Washington, but is coming with a slowness almost painful, in view of the earnest desire to know whether the acceptance is complete or qualified. There are no less than five translations.

The impression is growing at official quarters that the answer, while in the nature of a concession of the American demand, is not a brief and simple acceptance. There's no official advice on this point, but all advices from Madrid indicate that the response is a document of considerable length and has several features which may not appear in the conditions to the United States.

It is probable the reply will be in the hands of the government for its consideration at the cabinet meeting tomorrow, when the sufficiency or insufficiency of the response can be determined.

HEALTH OF THE ARMY.

No Danger of Troops Suffering Who Go Now.

Troops Only Sickened for Want of Change of Clothing and Variety of Food.

WASHINGTON, Aug. 8.—Gen. Shafter has telegraphed the president regarding the publication of "round robin" signed by general officers his command as follows:

"I readily see what intense excitement the publication has occasioned; a great deal more than the situation warranted. The situation is greatly aggravated from the fact that before any men were taken ill they were thoroughly exhausted. Seventy five per cent of the command have been down with malarial fever, from which they recovered slowly and are in no condition to stand attack of yellow fever or dysentery.

Placed here now in the condition in which they were when they came here, I do not believe they would be in any danger. The regiment of immunes that recently arrived are not suffering at all. What put my command in the present condition was that it had nothing but meat, bread and coffee, without a change of clothing, without any shelter whatever, during a period twice as stormy as it has been since the surrender.

Troops reaching here on the middle of August need not apprehend danger. I thank you for the high regard in which you hold my command, and the value of the service rendered."

WASHINGTON, Aug. 8, 2 p. m.—It is stated at the French embassy that the Spanish reply has not yet been received.

SHAFTER'S REPORT.

He Denies That Inadequate Provisions Were Made for Sick and Wounded.

WASHINGTON, Aug. 8.—General Shafter in his report to the war department today, emphatically denies that he is responsible for the inadequate provision made for the sick and wounded brought from Santiago to United States on steamers Seneca and Concho.

Everything possible, he says, was sent with sick and wounded. He concludes: "No one could have foreseen all that would be required, but I will not submit to having blame laid on me for lack of hospital facilities."
