

PEACE PROTOCOL.

WASHINGTON, Aug. 13.—Secretary Day gave out this statement of the provisions of the protocol:

"Spain will relinquish all claim of sovereignty over and title to Cuba."

"Porto Rico and other Spanish islands in the West Indies and an island in the Ladrone, to be selected by the United States, shall be ceded to the latter."

"The United States shall occupy and hold the city, bay and harbor of Manila, pending the conclusion of the treaty of peace, which shall determine the control, disposition and government of the Philippines."

"Cuba, Porto Rico and other Spanish islands in the West Indies shall be immediately evacuated."

"Commissioners, to be appointed within ten days, shall within thirty days from the signing of the protocol, meet at Havana and San Juan respectively to arrange and execute the details of the evacuation."

"The United States and Spain shall each appoint not more than five commissioners to negotiate and conclude the treaty of peace. The commissioners are to meet at Paris not later than the 1st of October."

"On the signing of the protocol hostilities will be suspended, and notice to that effect will be given as soon as possible by each government to the commander of its military and naval forces."

Hostilities Have Now Ceased.

WASHINGTON, August 13.—Orders have reached Manzanillo and all hostilities there have ceased.

MILITARY GOVERNMENT.

The Conquered Islands Will Have to Wait Until Congress Meets.

WASHINGTON, Aug. 13.—It is probable that the conquered stations, like Manila and Porto Rico will remain under a military government until congress can act. It is believed the military commissions, which will be appointed within ten days, will make such recommendations to the president.

It is pointed out that little else can be done for Porto Rico, and Manila officially should be governed for the present by the war department and military commander. As to Cuba, it is likely so far as the United States authority is extended, it will be through the secretary of war and the officers in Cuba will be under his direction.

Consideration is being given the appointment of military commissioners and many prominent commanders in army have been mentioned. The energies of the war department are being directed toward making the soldiers in the field of different camps as comfortable as possible.

Arrangements will be made to send reinforcements to Gen. Merritt, thus bringing his total force to 16,000 men. The 7,000 now at San Francisco will go as soon as possible, the department is now cancelling all chartered vessels which have been engaged.

Immunes Off for Santiago. SAVANNAH, Ga., Aug. 13.—The Third regiment of United States Volunteer (Immunes) will sail today for Santiago.

OCCUPIED MAYAGUEZ.

General Schwan Took Possession and Spaniards Withdrew Their Forces.

PONCE, Aug. 12.—Gen. Schwan has occupied Mayaguez without resistance. The Spaniards are withdrawing to Lares 16 miles northeast of Mayaguez. Gen. Brooke is still at Guayama and General Wilson is at Comamo awaiting reinforcements.

Thursday there was desultory fighting between Gen. Wilson's pickets and the Spanish forces are in the front. At 8 p. m. sharp, firing was going on and a battery of artillery has moved out to support the infantry.

The prisoners captured during the day report 2500 Spaniards were at Abonito, which place Gen. Wilson will attack when the reinforcements arrive.

Complementary Notice.

CLEVELAND, Aug. 13.—Morris Gallitia, a representative in this country, of one of the leading journals of France, today, sent President McKinley the following telegram in behalf of his papers:

"From the depth of my heart I offer you congratulations upon the successful termination of the war and for your masterly action, and wish to profess my profound admiration for the army and navy of which you are commander-in-chief."

To Investigate.

WASHINGTON, Aug. 13.—Gen. Wyman sent two inspectors to Franklin La., to report on the yellow fever. Prompt measures will be taken to investigate. There is fear of an epidemic.

JUSTICE PROMPTLY METED OUT.

Private La Duke, of Second Wisconsin Regiment, Court Martialed and Shot.

MILWAUKEE, Wis., Aug. 13.—A special to the New York Journal from Marinette, says word has been received from Ponce, Porto Rico, that private La Duke of the Second Wisconsin regiment, who was shot and killed by Private Stafford of the regular army, during a quarrel, was court-martialed and found guilty and shot the morning of August 4.

Conscience Money.

WASHINGTON, Aug. 13.—Postoffice department is in receipt of a letter from an unknown correspondent at Seattle, who enclosed \$26 to relieve conscience. The letter stated that the writer ten years ago robbed a county postoffice of \$15 and that amount was returned with interest.

Blockade Raised in the Antilles.

WASHINGTON, Aug. 13.—The merchant vessels of the world are now free to enter and leave all Cuban and Port Rican ports:

The state department holds that no further proclamation is needed for raising the blockade of those islands.

Short Engagement.

WASHINGTON, Aug. 13.—The war department has received a dispatch from the signal officer at Playa Del Este, that an engagement took place between a part of Sampson's fleet and the Spanish forts at Manzanillo yesterday, resulting in a victory for Americans.

PRESIDENT'S PROCLAMATION.

WASHINGTON, Aug. 13.—The president has issued the following proclamation:

"Whereas, By a protocol concluded and signed August 12, 1898, by William R. Day, secretary of state of the United States, and his excellency, Jules Cambon, ambassador extraordinary and minister plenipotentiary of France, at Washington, respectively representing for this purpose the government of the United States and the government of Spain, the United States and Spain have formally agreed upon the terms on which the negotiations for the establishment of peace between the two countries shall be undertaken; and

"Whereas, It is in said protocol agreed that upon its conclusion and signature hostilities between the two countries shall be suspended, and notice to that effect shall be given as soon as possible by each government to the commanders of its military and naval forces:

"Now, therefore, I, William McKinley, president of the United States, do, in accordance with stipulations of the protocol, declare and proclaim on the part of the United States a suspension of hostilities, and do hereby command that orders be immediately given through the proper channels to the commanders of military and naval forces of the United States to obtain from all acts inconsistent with this proclamation.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington, this 12th day of August, in the year of our Lord, one thousand eight hundred and ninety-eight, and of the independence of the United States the one hundred and twenty-third.

WILLIAM MCKINLEY, President.

FROM A SUFFERER.

How A Cooper Had a Rotten Bone Healed After 35 Years.

CHENALIS, Wash., April 9, 1898. Dr. J. F. Cook, Salem, Or:

I received your letter and was glad to hear from you. You want to know how my leg is getting along. It is all right; the flesh is growing out over the shin bone and is turning white. It is not straight yet, but I think it will be as straight as the other leg when warm weather comes on. I can work most of the time. The other doctors told me I could never be cured without splitting it and scraping the bone, but they are mistaken. It is getting well without cutting or scraping, so they do not know as much as they thought they did, but you are all right, for you have done just what you said you could do. I will answer any questions you ask about my leg. Very truly yours,

A. COOPER. Dr. Cook's office is at 1001 Liberty street, Salem.
