A MURDERER CAUGHT.

Joe Allen of Montana Taken for Killing J. S. Reynolds.

T. G. Ruth and Thos. Howard, of Oakland, Or., arrived in the city this morning with one Joe Allen, who is wanted in Montana for murdering J. S. Reynolds. About a month ago, Allen killed his man near Helena, and left the country.

The authorities offered a reward of \$250 for his arrest, and in some way Ruth and Howard got on to the fact that the man wanted was at Oakland, and they notified the authorities in Montana, who answered back that they wanted the man and would come for him at once. Reynolds admits the killing, but says he did it in self defense.

Sheriff Davidson of Helena, arrived in the city this morning with the necessary requisition for his man, and upon having the same perfected at the executive office took charge of him, at the Marion county jail, where he had been placed in charge of Sheriff F. W. Durbin. Mr. Davidson says it is believed at Helena that Allen killed Reynolds in cold blood, and is guilty of murder in the first degree.

The Willamette Hotel.

There is no business in Salem that has come so rapidly to the front as the Willamette hotel has in six months time. It has gradually increased in business from the first day it opened, and now there are some thirty of the best people in town take their meals there. Mr. Conner has just fitted up and put a bar in that is justly in comparison with hotel, first-class in every particular, and will be maintained so. Gentleman will find it a nice quiet place to go to, and can rest assured whatever they get there is giltedge. The stock is complete. With all the best brands of Wines, Liquors and Champagnes—while in bottled beer, Gambrinus, Slitz, Lumps, Hop Goldauhauser, and every first-class brand, there is a call for will be kept in stock. The glassware and bar fixtures are in keeping with the place, the best to be had. There will be a first-class barber shop put in the hotel, and in the near future Turkish baths will be put in, making the hotel and surroundings the best in the state. And the people of Salem are appreciating this by the way they are patronizing the hotel. The commercial men know what a first-class hotel is, and are interested in keeping it up. Nineteen out of twenty are now stopping at the Willamette.

Conventions Held in Various States.

Night Session in the Texas Republican Convention.

FOUR WORTH, TEX., Aug. 18.—The state Republican convention convened last night and the wildest excitement and adopted the report of the credential committee, which had been in session since midnight Tuesday.

Since yesterday the probability of putting out a state ticket is growing, and Hon. G. H. McGregor, of Houston is mentioned to head the ticket, if one is decided upon. The failure of the attempt of the Populists to secure endorsement by the Republicans of Barnett Gibbs, the Populist nominee for governor, has virtually been acknowledged.

Last night's session was consumed in the appointment of committees on organization, resolutions and platform.

In Deadlock.

FOUR WORTH, TEX., Aug. 18.—The Republican state convention, which has been in session here for three days, is in a dead-lock over the report of committee on resolutions.

Tennessee Republicans.

NASHVILLE, TENN., Aug. 18.—The Republican state convention, which was in session in the senate chamber at the state capitol, nominated James Fowler, of Clinton, for governor by acclamation. The platform adopted indorses the St. Louis platform and demands the maintenance of the gold standard. The conduct by the administration of President McKinley of the war with Spain and the foreign policy a using therefrom are praised as masterly, statesmanlike and patriotic.

Idaho Republicans.

BOISE, IDA., Aug. 18.—The Republican state convention did not make much progress the first day and it was ailing for the report of the resolutions committee. Robert N. Dunn of Shoshone county, was chosen temporary chairman. After the report of the credentials committee in the afternoon, J. F. Ainslie, of Idaho county, was elected permanent chairman. The platform will endorse the St. Louis platform without qualification, but many other points have not been determined. The situation as to the governorship has changed, Judge Stanford having lost his lead.

Missouri Populists.

LEBANON, MO., Aug. 18.—After a spirited contest the Populists congressional convention, for the eighth Missouri district, declined to fuse with the Democrats in behalf of the candidacy of Representative Bland. William R. Hale, of Phelps, who was elected to the last legislature as a fusionist, was nominated, receiving nine votes, against eight cast for Bland and fusion.

California Democrats.

SACRAMENTO, AUG. 18.—In the Democratic state convention the fusion plan carried with less than a dozen dissenting votes. Congressman James G. Maguire was nominated governor.

The Only Woman Company.

M'INNISVILLE, OR., Aug. 18.—The Manila Guards, composed of forty young ladies in uniform, left today for Astoria to attend the regatta. They will carry the flag presented to the national guard before leaving for Manila, also the trophies of war taken from the Spanish cruiser Cristobal Colon, by Sergeant Fred Ramsey, of the battleship Oregon, at the battle of Santiago. The trophies will be carried in the parade at Astoria.

WASHINGTON, Aug. 18.—President appointed Nicholas J. Trade, of Ohio, as receiver of public money, in Circle City, Alaska.

DISCHARGING TROOPS.

WASHINGTON, AUG. 18.—At midnight the president announced his determination to muster out of the service 75,000 to 100,000 volunteers. Those to be discharged will include three branches of the service, infantry, artillery and cavalry. The question of the mustering out of the volunteers has been under consideration for some days. It was quite evident, to begin with, that a considerable force necessarily would have to be retained. With only a part of the volunteers forces, to be mustered out it became a delicate question to designate the organizations which should go.

From a prominent official of the administration, it is understood to be the desire to obtain the wishes of the volunteer troops themselves as to remaining in the service. One or two organizations have already indicated a desire to leave the service as soon as the government can reasonably do without them. They are composed largely of business and workmen, whose private interests are suffering by reason of their absence from home.

So far as the interests of the government will permit, it is believed that the president in mustering out the volunteers will accommodate himself to the desires of the men themselves.

It may be some time before the organizations to be mustered out will be designated but the reduction in the volunteer forces will be made as soon as practicable.

AUGUSTIN'S STORY.

Says That Dewey Gave Him Permission to Leave.

BERLIN, AUG. 18.—Special dispatch from Hong Kong says: Steiner "Kaiserin Augusta," which left Manila with dispatches after the fall of the city will return there today. Commodore Von Dietrich, at the request of Augustin, gave passage by arrangement with American commander.

HONG KONG, AUG. 18.—Hong Kong dispatch to the World says: Augustin claims that he offered to surrender himself personally to Admiral Dewey ten days ago. Dewey refused to accept his surrender unless he surrendered the city at the same time. He told Augustin that if he had a chance to run away he had no objections. Augustin requested the Germans to carry him to Hong Kong. If the Augustin story is true, it makes it all the more mysterious why the German consul denied to Consul General Wildman all knowledge that Augustin was in Hong Kong. He also denied that the Kaiserin Augusta brought him. The Philippine junta delighted with the news, and delegation after delegation is crowding the American consulate tendering allegiance.

Child Burned to Death.

ARLINGTON, AUG. 18.—The fifteen-month-old boy of Mr. and Mrs. W. C. Bates, who live near Blalock, this county, was found dead yesterday. The mother had put the little one to sleep and had gone to the garden. Some distance from the house, to procure some vegetables. About that time her husband and a hired man, on returning from the field, discovered the house on fire. Before they could reach the building it had collapsed. The charred remains of the baby were taken from the debris as soon as possible.
