Stockton Confectioner Talks.

Give Evidence of the Mailing of Poisonous Confections.

San Francisco, Aug. 25.—Mrs. D. A. Botkin, who is accused of causing the death of Mrs. J. P. Dunning and Mrs. J. D. Dean, of Dover, Del., is now in the city prison here, having been brought from Stockton, Mrs. Botkin declined absolutely to talk to newspaper representatives, but to the chief of police she earnestly asserted her innocence.

What the police regard as an important piece of evidence was made public today in Stockton, Frank Gattrell, a salesman in a candy store at Stockton, declares that about three weeks ago he sold a box of candy, similar in appearance to that sent to Dover by the woman, who said she had some candy of her own to put in the box. The candy which she put in herself, nearly half filled the box.

Gattrell described the woman as being of medium height and build. He is positive that there were chocolate creams among the candies, besides other French candies. The postoffice authorities have discovered the poisoned candy was mailed at Stockton. She sent it as first class mail matter.

In the county jail after her arrest Mrs. Botkin was not at all willing to make a statement of what would be her defense, or how she felt about being charged with murder, saying merely:

"I feel very well, thank you, and am quite ready to go. I have gotten past all the humiliation of the charge. I am ready to meet it."

Mr. Botkin stoutly asserts the innocence of his wife. Their only son, Beverly Botkin, is reported to have been drinking at the time of his mother's arrest, and refused to see her.

Detective Gibson, who assisted in the arrest of Mrs. Botkin, states that he has no warrant for the arrest of any other woman. He thinks that Mrs. Botkin will break down, and has taken precautions to prevent her from committing suicide. She was much agitated when told that she would have to stand trial on a charge of murder, but soon recovered herself and said that the charge would have to be proved.

A trunk belonging to Mrs. Botkin was seized in this city yesterday by Detective Seymour. Chief of Police Lees has not yet opened it, and will not do so until formal extradition papers are received from Delaware.

WASHINGTON, Aug. 24.—Senators Davis and Frye, peace commissioners, were in conference this morning. Great reticence was observed respecting the conference, which went fully into the details of the American position to be taken at the coming meeting in Paris.

The senators were closeted with See's Day for an hour and a quarter. It is understood the remaining members of the commission will be announced Saturday. The general plans of the commission as to the proceeding at Paris was talked over and the start will be made between September 1, and 20.

ORDERED OF OFFICERS.
Knights of Pythias "Hewing to the Line Let the Chips Fall," Etc.
INDIANAPOLIS, Aug. 25.—The election of officers of the supreme lodge of the Knights of Pythias did not take place this morning. It is usual to elect officers the third day of the session but it was objected to because of investigations going on with storied times in the lodge rooms this morning. Appropriations that usually went through at former meetings were either referred to committees or voted down, and there is a strong determination to track close to Pythian laws in everything.

Visits the Sick.
NEW YORK, Aug. 24.—Gen. Alger was driven today to the general hospital, where are 1200 sick soldiers. He conversed with many of the sick men and inquired as to their condition and if they were in need of anything.

He assured the sick men that as soon as they were well they would be allowed to go to their homes on a furlough. Alger said there should be two thousand gallons of milk delivered at hospital camp daily, and arrangements have been made for such supply.
