No Lice, No Mould, No Honeydew
--Hop Men Pleased.

It was the writer's pleasure last Sunday to visit a number of yards in the vicinity of Salem; both in this and Polk county.

In visiting these yards one can see the bread-earners and honest toilers taking advantage of an outing, combined with money-making instead of spending their already hard earned cash. This year more than ever are the yards thronged with whole families taking an outing with both profit and pleasure. Nearly all growers say that they never had a better lot of pickers in every respect. No rowdiness and everything gentle and serene.

Leaving Salem the first yard we entered was Geo. Croisan's. This yard has 25 acres and employs 75 pickers. Mr. Catlin is the renter, and A. D. Pettijohn is doing the drying and is finishing a finer quality of hops than has been turned out of that yard in many a year. There is no yerm in any kind, neither is there mould or honeydew. The yard was well sprayed and will save close out to 25,000 pounds of choice hops. Picking has been suspended in this yard till Tuesday.

The next yard visited was the Levy yard. This yard is operated by Wm. Francis, a renter, and contains 70 acres and has at present about 180 pickers at work. Three kilns are drying at full capacity. This yard has not so many hops on as last year but about the same number of pounds will be saved and the quality is superb. There are no lice or any other drawbacks on this crop. Geo. Frazier, of Oregon City, is the boss dryer. Frank Starr is yard foreman.

The Holmes yard, of 120 acres, is in fine condition, though the stand is not perfect the crop will amount to almost as many pounds in hops saved as last year. About 300 pickers are at work and four dry houses are at work daily. This yard was not sprayed and is free from all taints of mildew, honeydew mold or lice. Mr. J. J. Longcore, Mr. Holmes' foreman, has everything running in perfect order and is a thorough hop man and understands the handling of so large a yard to perfection. From the present showing this yard will average about 1500 pounds per acre of as fine a quality as was ever grown in Oregon. This yard is producing more lupuline to the acre than it has grown with twice the yield in quantity. The yard is supplied with a store, operated by Douley & Fiddler.

Picking has not yet begun in the Pettijohn yard.
The Ed. Dove yard, opposite Hall's Ferry, contains 32 acres and employs about 60 pickers, and is run by Crowder Brothers. Mr. J. Dumas, of Liberty, an experienced hop dryer does the work at this yard and understands the business to perfection. Mr. Dumas says he never saw finer hops or hops that would dry more pounds to the box than he has dried this year. This yard, like all others has no yerm or mould of any kind. The

noon, after a visit with friends near Salem and Scio.
Mrs. Eugene Cohen, returned to her Portland home today, after a short visit at the home of Henry Zandmer and wife of this city.
J. T. Thompson and mother, who have been visiting here during the summer, left this afternoon for their home in Beloit, Kansas.
Mrs. Kate Woodruff, and son Cyrus, of Dayton, Wn., left this afternoon for Portland after a short visit with her mother, Mrs. J. A. Applegate, of this city.
Hon. Phil Metschan, accompanied by his daughter, Miss Effie Sweetzer, reached home this morning from a three weeks' visit at San Rafael, Cal. Mrs. Metschan will not return for some time.
The executive committee of the Salem Y. P. S. C. E. will hold its regular business meeting Tuesday evening at 7:30 in the Y. M. C. A. parlors. All members of the committee are requested to attend.
A little son of Hon. W. A. Howe, of Carleton, a member elect of the legislature died at their cottage Sunday at Newport. He had been ill for some time. The family took the remains home today.
Mrs. Susan Cochran, the widow of the late Rev. Thomas Cochran, Mrs. R. A. Chase her daughter, and Mrs. Marian T. Cochran, wife of Prof. L. G. Cochran of Willamette University, left today for the home of Mrs. Chase at Canyon City, Colorado where Mrs. Susan Cochran will reside in the future. Mrs. Marian Cochran will return in time to take her place at the head of the English department of the university.
John W. Cochran, now with Battery B, is quite sick at the Good Samaritan hospital in Portland. Mr. Cochran caught a cold in the armory at Portland, which developed into pneumonia and pleurisy, necessitating his removal to the hospital. His many friends will be pleased to learn that the young gentleman is steadily improving and will in all probability be home on a thirty days' furlough by the end of the week.

Extremely Weak

Deficient Blood Causes Loss of Appetite and Final Break Down—Hood's Sarsaparilla Cures.

"I lost my appetite and about all I lived on was iced lemonade. My strength was all gone. I was so weak I could hardly cross the floor. At last I was taken very sick. One physician told me my blood was all gone and he gave me medicine but it did not help me. I had pretty much lost all faith in medicines, but thought I would get one bottle of Hood's Sarsaparilla and try it. After taking that bottle I was much better, and so I got two more bottles and after taking them I was well, but to be sure of it, I kept on taking Hood's Sarsaparilla until I had used in all five bottles. It has done unspeakable good to me and I wish all my suffering sisters would try it." Mrs. A. EVERETT, Wedderburn, Oregon.

FROM A SUFFERER.

How A Cooper Had a Rotten Bone Healed After 35 Years.

CHESTER, Wash., April 9, 1898.
Dr. J. F. Cook, Salem, Or.:
I received your letter and was glad to hear from you. You want to know how my leg is getting along. It is all right; the flesh is growing out over the shin bone and is turning white. It is not straight yet, but I think it will be as straight as the other leg when warm weather comes on. I can work most of the time. The other doctors told me I could never be cured without splitting it and scraping the bone, but they are mistaken. It is getting well without cutting or scraping, so they do not know as much as they thought they did, but you are all right, for you have done just what you said you could do. I will answer any questions you ask about my leg.
Very truly yours,
A. COOPER.

Injured at Woodburn.
Mrs. L. W. Guiss, of Woodburn, was seriously injured by a fall Saturday. Mrs. Guiss was standing on a box placed on a chair and in stepping down forgot that the box was there, and stepped off the chair. The box turned and she was thrown heavily to the ground striking on the hip in such a way as to drive the bone from the socket. A doctor was called and the injured lady was made as comfortable as possible.

Mr. and Mrs. E. Cook Patton visited Mrs. Guiss Sunday and report her resting as easily as could be expected. It will be several months before the lady can again use her limbs.

MARRIED.

HUBBARD-FERGUSON:—Sunday afternoon at 3:30 o'clock at the home of the brides parents Mr. and Mrs. John Hubbard of Eaglewood, Alice J. Hubbard of this city, and Clarence E. Ferguson of Long Beach, Los Angeles County, Cal., Rev. Geo. W. Grannis performing the ceremony.

The wedding was a very quiet one, only the intimate friends of the contracting parties and members of the family being present.

Miss Hubbard was one of Salem's most accomplished young ladies and leaves a host of friends behind her to wish her happiness in her new home.

Mr. Ferguson is a former resident of Salem, but now located at Long Beach, Cal., where he is engaged in the mercantile business with his father Mr. J. N. Ferguson.

The young couple left on the evening train Sunday, for San Francisco, where they will spend a short time, going from thence to the home of the groom at Long Beach.

A multitude of friends in this city join in wishing Mr. and Mrs. Ferguson all happiness in their future life and distant home.
