MRS. JOHN WALLEY, of Jefferson,  
Wis., than whom none is more highly  
esteemed or widely known, writes:  
"In 1899 I had a severe attack of LaGrippe  
and at the end of four months, in spite of all  
physicians, friends and good nursing could do,  
my lungs heart and nervous system were  
so completely wrecked, my life was de-  
parted, my friends giving me up. I could  
only sleep by the use of opiates. My lungs  
and heart pained me terribly and my cough  
was most aggravating. I could not lie in  
one position but a short time and not on my  
left side at all. My husband brought me  
Dr. Miller's Nerve and Heart Cure and I be-  
gan taking them. When I had taken a half  
bottle of each I was much better and contin-  
uing persistently I took about a dozen bot-  
tles and was completely restored to health to  
the surprise of all."

The readers of this paper will be  
pleased to learn that there is one  
dreaded disease that science has  
been able to cure in all its stages, and  
that is catarrh. Hall's Catarrh Cure  
is the only positive cure known to the  
medical fraternity. Catarrh being a  
constitutional disease, requires a con-  
stitutional treatment. Hall's Catarrh  
Cure is taken internally, acting di-  
rectly upon the blood and mucous sur-  
faces of the system, thereby destroy-  
ing the foundation of the disease, and  
giving the patient strength by build-  
ing up the constitution and assisting  
nature in doing its work. The pro-  
prietary have so much faith in its  
curative powers, that they offer One  
Hundred Dollars for any case that it  
fails to cure. Send for list of testi-

How A. Cooper Had a Rotten Bone  
Healed After 35 Years.  
**CHEHALIS, Wash., April 9, 1898.**  
Dr. J. F. Cook, Salem, Or.:  
I received your letter and was glad  
to hear from you. You want to know  
how my leg is getting along. It is  
all right; the flesh is growing over it  
over the shin bone and is turning white.  
It is not straight yet, but I think it  
will be as straight as the other leg  
when warm weather comes on. I can  
work most of the time. The other  
doctors told me I could never be  
cured without splitting it and scrap-  
ing the bone, but they are mistaken.  
It is getting well without cutting or  
scraping, so they do not know as much  
as they thought they did, but you are  
the right one. I have done just what  
you said you could do. I will answer  
any questions you ask about my leg.  
Very truly yours,  
A. COOPER.
