### COAL STRIKE.

Manager Young of the Hanna Coal Company, Predicts It.

In a Cleveland interview today Manager Young of the M. A. Hanna Coal Company is quoted as saying:

"In the early part of next year we will have one of the greatest coal strikes this country has ever seen. All indications are that the strike will last many months.

"The miners stand at all times ready to fight against a reduction of wages. When the Chicago contract expires, or possibly before that time they will be obliged to accept a reduction of 15 or 16 cents per ton, or fight. I think they will fight and will fight harder than ever before.

"The West Virginia miners are working cheaper than ever before. All efforts on the part of the other miners to organize them have been in vain. There is no hope that they will be brought into line.

There is no show with Dr. Miles' Nerve Tonic. Dr. Miles' Nerve Tonic is at all drug stores.

### To Kill!

We must have protection by law and make the fools believe we protect the dear people and keep the doctor out that can cure, for the scoundrels don't believe in our poison drugs and knife any more. Who is going to liberate the American people from these tyrants? Dr. J. F. Cook has been hired to go around and lie and slander him. But this all helps his business, and he has more patients than ever, 301 Liberty street. Consultation free.

### Her Health Restored

The misery of sleeplessness can only be realized by those who have experienced it. Nervousness, sleeplessness, headaches, neuralgia and that miserable feeling of unrest, can surely be cured by Dr. Miles' Restorative Nervine. So certain is Dr. Miles of this fact that all druggists are authorized to refund price paid for the first bottle tried, providing it does not benefit. Mrs. Henry Brown, wife of the well known blacksmith at Grand Junction, Iowa, says: "I was troubled with sleeplessness, nervousness, headache and irregular menstruation; suffering untold misery for years. I used various advertised remedies for female complaints besides being under the care of local physicians, without help. I noticed in Dr. Miles' advertisement the testimonial of a lady cured of ailments similar to mine, and I shall never cease to thank that lady. Her testimonial induced me to use Dr. Miles' Restorative Nervine and Liver Pills, which restored me to health. I cannot say enough for Dr. Miles' Remedies."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

### THE STATE FAIR.

Lots of Hard Work and Tribulation for the Management.

Preparations Going Energetically Forward—Concessioners on the Grounds.

All reports still indicate that the fair will be a highly satisfactorily success.

Casual visitors to the fair have but little idea of the immense amount of work, both of the head and of the hands, involved in the preparation of exhibition of this kind. For the management, those who lay the plans and those who see to the execution thereof, those who are responsible for success or failure and those who take the "cussing," it is a reason of hard work, anxiety, annoyance and no adequate compensation either in cash or glory.

Even the business men who have so freely given their valuable time to the fair than they will, as though it were some private skin game of which the committees would be, in some way, the beneficiaries. To the honor of the town, however, such instances are rare.

Out at the grounds the work of preparation for the big exposition is going forward with constantly increasing vigor.

### The Carp Crop.

In addition to the grain crop, the fruit crop, the hop crop, the wool crop, and other crops, produced in the Willamette valley, the old river is bumping itself and its producing a carp crop. A. Darr and two sons drew a seine last night and surrounded about five hundred fine German carp from eight inches to two feet long. They proved very active and as they were drawn near the shore at the south end of Minto's Island one of them succeeded in leaping over the seine float line. The Darrs captured nearly a wagon load right out of the cold waters of the beautiful blue Willamette[they are fine eating. Mr. Darr says there are great quantities of them, but they will not bite a hook or any kind of bait and can only be secured at night, they are so active. Carp were planted in the river about four years ago.

### The Circulation.

A persons circulation is kept up by the action of his heart and Branson & Co's trade is increased by the quality of their high grade groceries.

### Insane.

Miss Anna L. Knery aged 33, o Woodstock, was committed to the asylum Saturday evening for the third time.

### Wholesome Advice.

For People Whose Stomachs Are Weak and Digestion Poor.

Dr. Harlandson, whose opinion in diseases is worthy of attention, says when a man or woman comes to me complaining of indigestion, loss of appetite, sour stomach, belching, sour watery risings, headaches, sleeplessness, lack of ambition and a general run down nervous condition I advise them to take after each meal one or two of Stuart's Dyspepsia Tablets, allowing the tablet to dissolve in the mouth, and thus mingle with the food eaten. The result is that the food is speedily digested before it has time to sour and ferment. These tablets will digest food anyway whether the stomach wants to or not, because they contain harmless digestive principles, vegetable essences, pepsin and Golden Seal which supply just what the weak stomach lacks.

I have advised use of tablets with great success, both in curing indigestion and to build up the tissues, increase flesh in thin nervous patients, whose real trouble was dyspepsia and as soon as the stomach was put to rights they did not know what sickness was.

A fifty cent package of Stuart's Dyspepsia Tablets can be bought at any drug store, and as they are not a secret patent medicine, they can be used as often as desired with full insurance that they contain nothing harmful in the slightest degree; on the contrary, anyone whose stomach is at all deranged will find great benefit from the use of Stuart's Dyspepsia Tablets. They will cure any form of stomach weakness or disease except cancer of the stomach. Full size package at druggists at 50c or \$1.00 or by mail from Stuart Co., Marshall, Mich. 19-21-23

The track is in fine shape, and the horsemen are making good use of it. Dr. Norte is in the pink of condition and intends to astonish the natives. He was out Saturday afternoon and had himself photographed taking a fly down the home stretch all by his lonesome.

The owners of concessions are hard at work, and no one will need to go outside of the gates to eat, drink, smoke—or be merry.

Mr. Southwick is fixing up his restaurant building just inside the gate, on the south side of the walk.

The Baptist people have a large tent opposite machinery hall, for a restaurant.

"Oyster Billy" is placing a stand north of the pavilion for a restaurant, ice cream and oyster house.

East of the pavilion a restaurant, a soda stand and a shooting gallery are getting ready for the rush.

Out under the grand stand liquid refreshments are now procurable.

The tents of the campers are beginning to show up, outside and inside of the enclosure.

There will be a high-class entertainment in the pavilion every evening during the fair.

Parson's orchestra, which has the deserved reputation of being the best in the Northwest will do some of its finest work.

Mrs. Hallie Parrish Hinges will sing every evening and this alone is enough to draw a full house. Salem some times falls down in the role of a musical connoisseur, but she redeems herself when she shows her customary enthusiastic appreciation of this

superb singer.

The Shields Combination, consisting of Edward Shields, Helen Lamar and Chas. H. Whiting, have been engaged for a series of their specialties. Edward Shields gives illustrated descriptive travels; Helen Lamar, a finished elocutionist, thrilling stories, etc., illustrated; and Chas. H. Whiting, the baritone singer, will appear with some of the latest and most popular songs. Edison's "War-graph" is among the accessories used by these entertainers. Hawaii and the Philippines will be described by the lecturer, with illustrations.

Hop Picking Over.

The pickers are home and our rush is over. Our bread pleased them all, and never has so much bread been sold as this season by Strong's bakery. Once tried, our bread is always wanted.

A Sunday Morning Fire.

The fire department was called out at 4:45 Sunday morning by an alarm turned in from South Salem. A small building belonging to H. Snook, just across from the Brick store was burning. The department went to the top of the hill and seeing that it was a small structure on fire, and it being outside the city limits, turned back. The shed was consumed together with a buggy belonging to S. C. Kightlinger.

The value of the buggy was about \$100 and the shed was worth probably \$25. The origin of the fire is unknown.

On Saturday afternoon at Belmont track, at Madeth, Star Pointer, driven by McClair, in an effort to reduce his own mark of 1:59, stepped a mile in 1:59, and incidentally went the half in 57, the fastest half mile ever made by a harness horse at either gait. The quarter pole was reached in 28; the second quarter in 28; the half 57, a second and a quarter better than his previous figures for the distance; the third quarter is up hill, and 34 seconds time was consumed. In the home stretch he lagged somewhat, and went under the wire in 1:59.
