

Boots and Shoes = WAR NEWS.

For the rainy season must be of solid leather. We carry only reliable shoes. The Star-5-Star line has been our strong hold for the past six years. They give satisfaction.

Neat, Stylish Clothing

Well made and durable at our lowest "racket prices." Our clothing trade is increasing. Why? Look at our prices and you'll know the reason.

Hosiery and Underwear

We sell you the very best goods for the least money that can be found. We have some special values in wool underwear this season. Come and look it over. We buy in very large quantities and give the customers the advantage of a cash business from factory to consumer.

SALEM WOOLEN MILLS

We are not going to say a word about clothing, this week as everybody knows that our assortment is the largest and our prices the lowest. But we want to call special attention to our

Macintoshes and Umbrellas

MACKINTOSHES..... From \$2.50 to \$10.00 UMBRELLAS..... From 35c to 2.50

Salem Woolen Mill Store.

WHY ARE THE

Two Branches of the Oregon Legislature

Called to meet on the 26th day of September, in Salem, Oregon? Because there exists an emergency that should be corrected.

FIRST-That several persons are making money out of this, by charging enormous profits on their wares. SECOND-That they pay off spurious goods and charge first-class prices and to correct these errors the governor in his message to the legislature will say: That they pass an appropriation so that all the employes will have money and not vouchers, and they will not be compelled to go to the high-priced stores for their wares (who credits and charges an enormous per cent) so as the customer, who pays cash, stands the losses for the delay of the old-timers. The people will be ordered to purchase their wares at

Friedman's New Racket

Which is opposite Bush's water tank, where you will find a complete assortment of clothing, and where they give you fits in Men's, Youth's and Children's Clothing, where a full line of Furnishing Goods is kept; where the level-headed people will find hats; and, for a good understanding, you in fashion will get their faces, trimmings and embroideries, table cloths, napkins, towels and pillow shams, and fancy goods at Friedman's New Racket.

Under the new laws you will be required to keep your nose clean; you will therefore buy your handkerchiefs at Friedman's. It will be the headquarters of members of the legislature when the house is not in session. In fact, no member of the legislature will be entitled to a seat in the house or senate, unless he shows some article purchased at Friedman's. Remember the place, Corner State and Commercial Streets, Salem.

for the Woodman, machinist, shoe-maker, carpenter, plumber, tinner, farmer, blacksmith, etc., at

GRAY BROS

SALEM OREGON.

Tools of all descriptions.

Capital Business College

W. I. STALEY, Principal, Salem, Oregon. Fall work will begin Monday, September 12. The Budget system of Bookkeeping and Intercommunication system of business practice is used. Every entry from the beginning is made from the business papers issued and received. We offer five courses:

Business Shorthand, English, Penmanship and Typewriting. This school has a record for thoroughness and progressiveness. Individual instruction. Pleasant study rooms. Experienced teachers. Modern methods and appliances. Tuition and board reasonable. The principal will be found at the college office each day to answer inquiries. Send or call for catalogue.

WAR NEWS.

The Dons Leaving America.

General Miller Will Command the Expedition.

A Chaplain Who Escaped Court-Martial.

SANTANDER, Spain, Sept. 21.—The steamer, City of Rome which left Portsmouth, N. H., with Spanish prisoners arrived this morning.

Miller to Manila. WASHINGTON, Sept. 21.—Gen. Miller, now in command of San Francisco will command the reinforcements ordered to Manila.

Latest from Cuba. NEW YORK, Sept. 21.—A Havana dispatch to the Herald says: Two officers of the American army left today to investigate matters in the Matanzas province. The Spanish contention that it is impossible to admit the cargo of the Conal free of duty, is relinquished but Spaniards insist on landing the vessel at other ports than Havana.

Leaving American Soil. SAN JUAN, Sept. 21.—The repatriation of Spanish soldiers began today. About 400 sailed for Havre on the steamer Chateau La Fayette. One thousand infantry will sail tomorrow.

The Cuban volunteers have all disbanded and Spanish soldiers are engaged in dismantling the barracks and boxing up the guns and ammunition.

He Talked Too Much. DENVER, Sept. 21.—Chaplain McIntyre of the Battleship Oregon is stricken by nervous prostration. This will delay assembling of the court-martial ordered to try the chaplain for alleged unfair criticisms of the officers of the army.

Luzon Still Occupied. MANILA, Sept. 21.—The report that the last Spanish garrison of the island of Luzon had surrendered was premature. The Spaniards still hold eleven seaports of the Albay province, the principal hemp district.

WINTER APPLES

OREGON GREEN & DRIED FRUIT CO.

265 Commercial street, Salem, will pay cash for all kinds shipping apples.

NAVY

Repairs to Chicago, Atlanta and Yorktown About Completed.

Former Two Assigned to the North Atlantic and the Latter to the Asiatic Squadron.

A dispatch to the New York Herald from Washington says:

It is the intention of the navy department to place three man-of-war in commission during the coming month. These are the cruisers Chicago and Atlanta, which have been undergoing repairs at the New York navy-yard for two years, and the gunboat Yorktown, which has been put in condition for service at the Mare Island navy-yard.

The Chicago and Atlanta will be assigned to the North Atlantic fleet until the conclusion of a treaty of peace with Spain, when their future stations will be determined. The Yorktown will be assigned to the Asiatic station, where the need of small gunboats in the waters of China and the Philippines is especially felt.

Captain P. H. Cooper has been assigned to the command of the Chicago, and Commander C. S. Percy, equipment officer to the navy-yard, has been selected to command the Yorktown. So far as can be learned the Atlanta's commanding officer has not yet been determined upon.

It will not be surprising if the Chicago is assigned to the European Squadron, to be formed early in November. The intention of the department to relieve Commodore J. W. Philip, in command of the second squadron of the North Atlantic fleet, in the event of continued peace, and assign him to duty as commander of the Boston navy-yard, is regarded as indicative of the attention of the authorities to send Commodore H. L. Howison to sea, as the European squadron will be the only commodore's post which will be vacant, it would not be surprising if he were assigned to that command.

A special from Washington says: Bids will be opened on October 1 for contracts for the construction of four coast-defense monitors, authorized by the last naval appropriation law. It is said at the department that four firms will surely bid—the Union Iron works, Bath Iron works, Columbia Iron works, and Dialogue & Sons.

The department has not yet awarded the contracts for the construction of the torpedo-boats and torpedo-boat destroyers. Considerable opposition is still manifested by shipbuilders whose bids were not recognized by the naval board on construction to the Herrescotts and John W. Trigg of Richmond.

A Veteran Martyr. DENVER, Sept. 21.—Captain C. A. Wooden, of the Seventh Infantry, died at Fort Logan today from the effect of exposure in the Santiago campaign. He had been with the regiment thirty years.

FATAL ELEVATOR FIRE

Ten Persons Cremated and Fifteen Severely Injured.

Caused by Spontaneous Combustion of Dust in a Grain Elevator at Toledo.

TOLEDO, O., Sept. 22.—Ten cremated and 15 seriously injured is the record of the most disastrous fire that ever occurred in Toledo. The spontaneous combustion of dust in the grain elevator owned by Padlock, Hodge & Co., at 9 o'clock last night, caused this terrible destruction of life, and none of those who were taken out after the fire started were far enough from death's door to tell any of the details.

All over Toledo houses were shaken by the explosion, as by an earthquake, and windows were shattered for blocks around. Very soon afterwards flames burst from all sides of the elevator. It was but a few minutes till the fire department of the city began the work of rescue, which was rendered difficult by the terrible heat of the fire. The river cut off escape on one side, and there the flames seemed to be less fierce.

It was learned that a force of 20 men had been in the building their purpose having been to load 80,000 bushels of grain during the night.

William Parks was found first. He was 20 feet from the building, frightfully burned and his clothes almost torn off. He had been hurled from his place in the main room through a window, and his agonizing cries were most pitiful.

Another employe, John Carr, was hauled from the fifth floor of that building, and was found bleeding and burned, with many bones broken. He died no longer survive.

Fremont David Kemp and Charles Ketter, the engineer, were found at their places in the engine-room. They were wounded by falling timbers and their faces were charred to a crisp by the flames.

The little daughter of William Parks was sitting at the desk in the office at the time of the explosion, and was hurled out of the door. She walked down the elevation on which the building stands and dropped down, to be carried away unconscious, suffering from wounds from which she cannot recover.

John Smith was fatally burned. He was literally dismembered, and was taken to the hospital to die.

The missing men are doubtless all dead. No trace can be found of any of them, and as they were employed at the top of the elevator, their chances for escape were but slight. The heat became so intense that 20 cars standing on the sidings near the building where added to the loss. The fire department had a hard struggle to save other elevator property. The bridge across the Maumee river was on fire several times, but outside the loss of the elevator, the damage is slight.

Mr. Padlock, a member of the owners of plant, said there was between 500,000 and 600,000 bushels of grain in storage at the time, the most of it being winter wheat.

At 12:30 o'clock the flames were under control.

(By Associated Press to the Journal.) TOLEDO, Sept. 21.—The explosion in the elevator of the Union Elevator and Transportation Company last evening resulted in the death of most of employes in the structure, and a money loss exceeding half a million dollars. There was at least 450,000 bushels of grain in the building.

Valn has no show with Dr. Miller's Pain 21c.

FROM SAMOA.

The King Is Dead and Germans Ready to Take Island.

(By Associated Press to The Journal.) SAN FRANCISCO, Sept. 21.—The steamship Alameda from Sydney and Honolulu brought, further particulars of the death of King Malletoa. The king's death was due to typhoid fever.

According to a report it was believed at Samoa that if H. M. S. Ringdove had not been at Apia the Germans would have hoisted the German flag on Malletoa's death and proclaimed the annexation of Samoa.

Hawaiians Are Divided.

SAN FRANCISCO, Sept. 21.—The steamer Panama just arrived from Honolulu brings advices up to September 15th, saying the congressional commissioners are finishing their work and expect to leave the islands on or about September 23.

The commissioners are being deluged with petitions and memorials from native Hawaiians. The sentiment of the natives appears to be divided. One faction desires the restoration of the queen, the other accepts the new order affairs.

IN POLITICS.

A Senator Dead and Washington Republicans in Session.

(By Associated Press to The Journal.) HARTFORD, Sept. 21.—Former United States senator Wm. Eaton died today.

In Washington.

TACOMA, Sept. 21.—The Republican state convention met this morning and effected a temporary organization. E. P. Blake, of Jefferson, was elected chairman and E. D. Gilson, of Adams county, secretary.

The only incident of the session occurred in the selection of assistant secretary. W. W. Robertson was unanimously chosen. A member from the Lewis county delegation announced that Robertson had formerly been a Democrat and was not fully identified with the Republican party. Robertson requested that his name be written and John Ellwell of that county substituted.

The committee on permanent organization decided to recommend T. D. Fiske, of Cowlitz county for permanent chairman.

In Michigan.

DETROIT, Sept. 21.—Dexter M. Ferry, chairman of the state central committee, called the state Republican convention to order this morning. Grant Fellows, president of the state league of Republican clubs, is temporary chairman.

Injured on a Dam.

PITTSBURG, Sept. 21.—Five men were injured at the government dam on Neylle island, near Coropolis, by breaking of the traveling crane. Two are in a critical condition.

Factory Floor Fell.

(By Associated Press to the Journal.) ST. JOSEPH, Mo., Sept. 21.—A section of floor of the American Biscuit Company's factory fell today, injuring three employes, one fatally. The others are in a precarious condition.

FRENCH JUSTICE

Is Again Made Mockery of.

The Trial of Col. Picquart is Withdrawn.

Hawaiians Divided in Their Allegiance to the Queen.

(By Associated Press to The Journal.) PARIS, Sept. 21.—The trial of Colonel Picquart, on charge of revealing important documents concerning the national defense, was to have begun today. The public prosecutor asked for an adjournment on the ground that a prosecution of Picquart on a charge of forgery had been ordered by the minister of war. Picquart made a statement which caused a sensation. He said:

"This is perhaps the last time I shall speak in public. I shall sleep perhaps in the prison of Cherche Midi. I wish to declare that if I find there the strangling cord of Lemercur or Picquart or the razor of Col. Henry, there will be murder, for I have no idea of committing suicide." The audience was intensely moved and shouted "Vive Picquart." The judges, however, decided to indefinitely adjourn the case.

Transported Convicts Mutiny.

LONDON, Sept. 21.—Convicts at Cayenne, French Guiana, have mutinied. It is feared that prisoners to the number of 4,000 will regain their liberty.

Devils Island, where the former Captain Dreyfus, of the French army, is confined, is a short distance from Cayenne. It is possible the revolt will be the death knell of the prisoners, whose guards are under orders to kill him if he attempts or others attempt to deliver him.

SPAIN FLOODED.

Many Deaths Reported in Different Parts of the Country.

(By Associate Press to the Journal.) MADRID, Sept. 21.—The southern part of Spain has been visited by terrible floods. At Serreña, near Cadiz, 80 persons were drowned. A great number of cattle perished, and the Olive harvest is lost in the provinces of Seville and Grenada. Many deaths are reported in other parts of the flooded country.

ROYAL BAKING POWDER Absolutely Pure

YELLOW JACK. One Unmistakable Case Arrives On a Transport. (By Associated Press to The Journal.) WIKOFF, Sept. 21.—The Transport Segurana has arrived from Cuba with sick soldiers from Sibouy. There is said to be one unmistakable case of yellow fever aboard. The transport City of Mexico also arrived from Cuba, having invalid soldiers on board.

QUARANTINE.

Promulgated Against New Orleans on Account of Yellow Fever.

(By Associated Press to the Journal.) NEW ORLEANS, Sept. 21.—The state of Texas has promulgated a rigid quarantine against New Orleans, owing to the announcement that there were four cases of yellow fever here.

Prevent Pneumonia

Prevention is always better than cure, even when cure is possible. But so many times pneumonia is not cured that prevention becomes the natural act of that instinct of self-preservation which is "the first law of nature." Pneumonia can be prevented and is often cured by the use of Ayer's Cherry Pectoral.

"Some years ago I had a severe cold and was threatened with pneumonia. I could neither eat nor sleep, and was in a wretched condition. I procured a bottle of Ayer's Cherry Pectoral and took it according to the directions, and at the end of fifteen days was as well and sound as before the attack. I have recommended it in many cases of pneumonia since, and have never known it to fail in effecting a cure."

JOHN HENRY, St. Joseph, La. "I was attacked with a cold that settled on my lungs, and defied the skill of my physicians so that they considered me incurable. At last I began to use Ayer's Cherry Pectoral and was entirely cured after having taken two bottles."

FRANCISCO A. SEVERIANO, Taunton, Mass.

Ayer's Cherry Pectoral

is put up in half-size bottles at half price—50 cents.
