AFTER THE BALDHEADS.

We are reminded of the boys in the Bible who ridiculed the old bald-headed prophet Elijah and were eaten by the bears.

Some of the Republican newspaper boys—and they are good boys, but merely boys after all—continue to belittle Mr. Corbett as an antiquated octogenarian cripple who should retire to innocuous citizenship.

Their maintaining the gold standard is the supreme issue in the Republican party, when banks are failing all over the country and there is positive danger of another financial panic, when the McKinley administration needs men of substantial character in the senate to deal with the problems of the war, it is great sport for the kids to make war on a man like Mr. Corbett.

Impetuous, insolvent, mere puppets in the hand of unscrupulous turncoats and tricksters, these boys "voice the sentiments of the Republican party" about as much as frogs in a mudhole voice the music of the spheres, Mephisto Mr. Corbett who are pillars of strength in the business world, whose hand, brain and pocket are called on to support every public enterprise of importance, a pioneer New Englander of some character and culture—struggling for recognition in a party dominated by mere gain and greed and so unparliamentary as to boldly declare they prefer that no Republican senator from Oregon, it is a pathetic spectacle for a great nation to behold any way you look at it. In the 1893 fight the Republicans opposed Mr. Dolph who sincerely and conscientiously differed from him on the silver question. In 1897 Mr. Mitchell had made himself an impossibility by his fight on Mr. Bourne and his silence on the money question. But the kids who are fighting Corbett do not pretend that he is not qualified in ability or principles. It is simply "the boys" falsely pretending to fight an old man because he is no longer young.

A LEADER WANTED.

Judge Alfred S. Bennett should receive the complimentary vote of the minority in the state legislature. He is of senatorial caliber and to support such a man would raise the Union party to the estimation of the people of the state.—Roseburg Review.

A. S. Bennett received the vote of the 24 Union members on the ballot in separate houses, Tuesday. But in the joint convention, Wednesday, the vote of the Union members was cast for John B. Waldo. It is presumed

that Mr. Bennett will receive the vote of the joint convention on some day, as it is understood the compliments of the season are to be extended to some representative man of each of the parties of the Union.

After all the opposition has more serious business before it than parveying compliments. The reform voters of the state are pretty badly divided and almost hopelessly disorganized for want of real leadership. In fact, in the sense of leadership that Washington, Nebraska, Kansas and other states have had to extricate them from the mire of corruption and extravagance, Oregon has had none. Oregon has even had reformers who were not leaders of the people but plunderers of the people.

Alleged Democratic and Populist leaders could be named who enjoy the confidence of Republican bosses far more than they do of the people. No term of contempt can express the abhorrence in which the honest reform voter must hold the politician calling himself a Democrat or a Populist and yet sharing in the plunder of the enemies of the people as a catpaw for the worst Republicans.

The way men will figure to get a complimentary vote for senator reveals a peculiar weakness of human nature. Men who know they can never become senator, who have few or no qualifications to fill the office, who have no ability or qualities that constitute leadership, yet seem to think it an honor to get a vote for an

How long may it last? Under the constitution and statute of Oregon, Sunday is a non-judicial day, but not a non-legislative day. The lawmakers may do business on this day as on others, if they see fit, something, however, they very rarely do. Should Sunday be observed as a holiday the session will last until Tuesday, October 18, and if they utilize the day for business, it will close on Saturday, October 15, at midnight, and then they may stay as much longer as they like.

There are plenty of men in the Republican party who have no axes to grind who would ably represent this state in our national legislature, and from this group one should be chosen. Do not look to it for another faction for a man whose duty it is to represent all the people.—Eugene Register. If there's a man in the Republican party who has not from one to ten axes to grind we have not seen him; or in other parties for that matter. And, by the way isn't the Lane county delegation pretty strongly factional.

The editor of the Salem Independent offers some very sarcastic remarks regarding the Transcript editor, during his absence. We know to a certainty that Mr. Fletcher has been compelled to get down on his knees to the Transcript editor several times in the past, and the last remark he made may lead to a further apology.—Yamhill County Transcript. To appreciate this a description of the Transcript is necessary but

offer utterly beyond their grasp. But of such is the political kingdom. The present opposition to the Republicans have a splendid chance to make a record for themselves that shall endure them to the people. With a good record many of them can be returned from their several counties. The trapping they are now getting will fit them for a better record in the regular session. They should utilize the fight over the senatorship to develop a real leader of the opposition forces in Oregon.

Complimentary votes are well enough in their way. They are among the graceful amenities of politics. But the occasion demands a more serious consideration than this. Unless the reform forces in Oregon can get better leadership than they have had in the past, the state will remain the booty of the Huns, Goths and Vandals of Republicanism and their impoverished camp followers.

The JOURNAL believes that the 24 Union members should boldly choose one of their own members who possess some of the elements of political sagacity requisite for leadership of a minority and cast a solid support for him for senator. They are here upon the ground. They are fresh from the people. They must return to the people with the record made at the special and regular sessions. One of their own number in the house or senate who is familiar with all that is done at this session should be made leader and kept before the people as such for better or for worse. That will tend to build a reform party. All the casting of complimentary votes will not be worth one straw to the people. It is doubtful if, indeed, under the present party machine system any relief can be afforded the people by any party.

JOURNAL "X-RAYS."

It is some time since Senator Fulton's clarion voice rallied the Silver forces in Oregon.

Old age, business success and sound principles are crimes in the eyes of Republican anarchists.

THE JOURNAL receives a great many compliments and subscribers these days. It appreciates the former and prefers the latter.

Mr. Mitchell may go to Washington to attend the supreme court but his lieutenants are not asleep and if the bars are let down too low, you'll see Mr. Mitchell slip in as U. S. senator. That's all.—Prineville Review.

Gov. W. P. Londa has commissioned B. F. Irvine, the Corvallis Journalist, as a member of the board of regents of the Oregon Agricultural College, vice Prof. E. R. Lake, resigned. Mr. Irvine is one of the ablest Democratic newspaper men in Oregon.

Jackson county is cutting quite a swath in state affairs. Carter is speaker; Leedy is state printer; Sherwin is regarded as a leader of the Union forces in the house; Col. Connor runs the Willamette; it looks as though the Ashland Normal school would get there.

Republicans so intelligent that they didn't know enough to mark their ballots so as to elect two judges in this district must have opened their eyes in wonder to hear the Hon. J. Thornburn Ross refer to Mr. Corbett as a "patron of art." The average grafter may have thought it had something to do with the sack.

The world contains no more charming picture than that of a happy and radiant girlhood. All too frequently the happiness and radiance in the young woman's face is doomed to be blotted out by the lines of care and suffering. No young woman is fit for wifehood and motherhood who suffers from weakness and disease in a womanly way. For such women wifehood only holds out the prospect of suffering and motherhood the probability of death.

There is no reason why this should be. If a woman will take proper care of the delicate and important organs that make wifehood and motherhood possible, there is no reason why she may not be a healthy and happy wife and mother. Dr. Pierce's Favorite Prescription is the greatest of all medicines for women. More of it has been sold than of any other medicine for women. Over ninety thousand women have testified to its marvelous results. It acts directly on the distinctly womanly organs, and gives strength, health and vigor. It allays inflammation, heals ulceration, soothes pain and tones the nerves. It does away with the ailments of the period of anticipation and makes baby's advent easy and almost painless. It restores the new mother's health and an ample supply of nourishment. In Dr. Pierce's Common Sense Medical Advice, after hundreds of women relate over their signatures their experiences with this marvelous medicine. It is sold by all good medicine dealers.

Last month I had no pain at all and worked every day without inconvenience. It was the first time since that period when I had pain. I have since taken a one-cent stamp to pay for mailing only or, if preferred, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

An Old Soldier

His Story of What Hood's Sarsaparilla Has Done

Whole Family Greatly Helped by This Medicine.

"I am an old run-down soldier, my whole system being out of order and my right side partially paralyzed. I have tried various remedies and realized only temporary relief. I have been taking Hood's Sarsaparilla and Hood's Pills, and have derived more benefit from them than anything I have tried. My wife has been greatly helped by Hood's Sarsaparilla. She was all run down and her system much out of order. My two little boys recovered quickly from the effects of diphtheria by taking Hood's Sarsaparilla, which rid them of troublesome sores and symptoms of the croup. They are now well and hearty." W. F. BURKETT, Starkey, Oregon.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous membrane of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; what better condition of confidence do you have than that cannot be cured by Hall's Catarrh Cure.
