The circuit court gives Hofer Bros. judgment for their claim of \$1945 64 due on wages from the Capital Journal Co., the only debt the company owes.

Mr. Biogham's injunction suit to present the collection of this debt and to have a receiver appointed to people will get the benefit. At Gervals alone dozens of cars are needed for immediate use, but they are not to be had. As a result of the scarcity farmers are unable to secure their money, owing to to their inability to draw on bills of lading. Dr. Miles' Nervine A REMEDY FOR THE Effects of Tobacco.

THE excessive use of tobacco, especially by young men is always injurious and

ubtedly shortens life materially. Mr. Ed. C. Ebsen, compositor on the Contra-Costa News, Martines, Cal., writes: "I have used Dr. Miles' Restorative Nervine and re-ceived much benefit from it. I was troubled with nervousness, disy spells and sleepless-ness, caused by the use of tobacco and slim-ulants. I took Dr. Miles' Nervine with marvelously good results, allaying the dissiness, quieting the nerves, and enabling me to sleep and rest, proving in my case a very oeneficial remedy." Dr. Miles' Restorative Nervine is especially adapted to restoring

the nervous system to its normal conditi under such circumstances. It soothes, heals and strengthens. Dr. Miles' Remedie

is out of order. It is the commonest kind of a disease.
A man doesn't know what is the matter with him; he feels all the strength and energy oozing out of him; he can't work; he can't eat; he can't sleep; he can't even think clearly. He loses heart and courage and flesh; pretty soon he feels it in his lungs. The doctors call it consumption and prescribe lang specifies. But what the man needs is a medicine to go deep down into the foundations of the trouble; clear the poison out of his blood; wake up his liver, purify, revitalize and build up his system from the foundation stone. He meeds Dr. Pierce's Golden Medical Discov-ery which has cured innumerable cases of obstinate liver complaint which the doe-tors diagnosed as hopeless consumption. The work of this masterful "Discovery" begins at the very corner stone of life in of the white bronze. The work of this masterful "Diacovery" begins at the very corner-stone of life in the stomach and nutritive organism. It gives appetite, nourishment, rich blood, healthy, solid flesh. A cough is only a symptom; there are other things that make the cough; they must be got rid of first, the cough may be the last thing to go away. Dr. Pierce's marvelous "Discov-ery" isn't a lung specific; but it does more than any such specific can ever do. It sweeps out of the blood all the foul dis-ease-germs that lodge in the lungs and the atmosphere for all time. sweeps out of the blood all the foul dis-ease-germs that lodge in the lungs and originate consumption; it heals and builds up the delicate tissues and imbues the entire system with strength and active
