BIG CROWD

Witness the Peace Jubilee,

Rations Going to Starving Cubans,

Many Ships Lost in the Atlantic Storms.

(By Associated Press to The Journal.)

CHICAGO, Oct. 19.—Today came the spectacular and crowning glory of the week of the jubilee, the great street parade. It started promptly at the time scheduled and for hours moved with scarcely a single halt through the principal streets. Along the line of march stands had been erected for spectators and every seat was occupied. It is estimated 25,000 people witnessed the parade from the stand alone. The sidewalks were packed with rows of people. Pres. McKinley then reviewed the parade from the grand stand in front of the union league club. With him were Miles, Shafter, General Chas. Fee, Secretary Wilson, Judge Emery Speer, the Chinese and Korean minister and a host of lesser dignitaries. The greatest enthusiasm was manifested by the crowds when the men of the military division were marching by the reviewing stand where the president and the three great generals stood. About 30,000 men were in line.

LONDON, Oct. 19.—The Norwegian bark Frivold is stranded off Spurnhead. Two members of the crew are drowned. The Norwegian brigantine Angrald is wrecked off Gouidon harbor. Seven of the crew were drowned. The Russian schooner Wilhelm is wrecked off St. Andrews, one drowned.

NEW YORK, Oct. 19.—In addition to the weekly cargo of army supplies sent to the troops in Santiago and Porto Rico, there are on the transport Berlin for Santiago 500,000 rations for starving Cubans.

BOSTON, Oct. 19.—Patrick Rosch and John C. Rice while employed in repairing the roof of a four story house became engaged in a quarrel. They drew gradually near the edge and the two fell fifty feet to the ground. Both were terribly injured and died in a few hours.

WASHINGTON, Oct. 19.—The following cablegram has been sent to General Brooke at San Juan.

"Yourself and associates of commission have my sincere congratulations." (Signed) MCKINLEY.

PORTO RICANS Are Making Preparations to Become American Citizens.

WASHINGTON, Oct. 19.—In view of the fact that at noon yesterday, with the acquisition of the island of Porto Rico by the United States, about 800,000 inhabitants of that island lost their Spanish citizenship, the question as to what shall become of these people politically becomes of importance.

Madrid advices report that leading citizens in Porto Rico have already taken steps to become naturalized as United States citizens. There is an error for existing law provides no way in which this change of citizenship can be effected by the residents of the island. This is no United States court there before which a declaration of intention can be filed, and in fact no machinery at all which can be put in motion to change citizenship. Inquiry into this subject at the state department discloses the fact that it has been usual to provide a bodily transfer of the citizenship of people conditioned as those in Porto Rico, in the treaty of peace, which terminates a war. It may be prudent for the commission at Paris to avoid any reference to Porto Rico again, in which case congress will be called upon by the president to confer citizenship upon the Porto Ricans in the same act as that which must be passed to provide a stable form of government for the island. Should either of these courses be found impracticable, however, it is said at the department that international law in its operation would confer American citizenship upon these Porto Ricans, the general principle being that where a treaty of session is silent upon the subject of citizenship, it changes with the soil. In the case of the acquisition of New Mexico, the residents of the territory were given American citizenship by specific provision of the treaty.

THE PEACE COMMISSION. Will Not Accept Sovereignty Over Cuba Nor Assume the War Debt.

PARIS, Oct. 19.—Spain can no longer have any doubt regarding the ultimate attitude of the United States towards the so-called Cuban debt. The American commissioners have

declined to assume it, or any part of it, by express treaty, or by contract. They also declined to accept session of sovereignty to the United States, for in that case Spain would claim that such session by its own force would impose the obligation for that debt. It is confidently believed that in refusing to accept a cession of sovereignty, the American commissioners are acting also on the announcement to the world in the intervention resolutions, disclaiming any intention to exercise sovereignty or authority over Cuba except for pacification, and then to leave the island to the control of its people.

General Horace Porter, the United States ambassador, gave a banquet this evening at the American embassy to the United States and Spanish peace commissioners.

The meeting of the two commissions at the same table was a notable event here, and borrowed special interest from the semi prediction of the Paris correspondent of the London Times that the Spanish commissioners would not meet their opponents at dinner under the roof of the American embassy.

King, commanding Honolulu. It contains much interesting data concerning health and discipline of troops and an account of the recent disturbance between the soldiers and citizens.

SALEMAN, Oct. 19.—The steamer Malpasa from Australia and Honolulu, arrived today, brings the following advices from Honolulu, October 12.

There are 130 patients in the military hospital, malaria, rheumatism and dysentery as the principal ailments. Captain Tanner, of the United States Army, made a draft of the public work for an office, for wharf and excavation plans, so that he may call for bids for the United States water front here upon his return to the coast. It is now certain that there is to be no delay in establishing here no inconsiderable naval station.

Homs From Cuba.

(By Associated Press to The Journal.) NEW YORK, Oct. 19.—The steamer Orizaba from Havana reports a southeast gale with terrible seas from Hatters to this port. Among the passengers were Lieut. Col. To Keep Our Leprosy.

SACRAMENTO, Cal., Oct. 19.—The state board of health has appointed Dr. C. A. Ruggles, president of the board, to visit the Hawaiian islands to learn the extent of the presence of leprosy and to report measures to prevent its introduction into California. Since the annexation of Hawaii its inhabitants are free to come to these ports and it is the intention of the board of health to prepare a report for submission to the coming legislature, which will suggest safeguards against the spread of the disease to these shores.

RIFLE, Colo., Oct. 19.—A young man named Len Reynolds, living near this place, started on a hunting trip on West Rifle creek last Thursday in company with a companion, E. C. Lashbaugh. Friday the men became separated and Reynolds failed to return to camp that night. Lashbaugh searched for him all day Saturday and came home that night. Sunday morning 10 men from this place took up the search and the mountains are being scoured, but so far to no purpose.

MUST HOLD PHILIPPINES.

Gen. Hale Says Natives Are Incapable of Self Government.

DENVER, Colo., Oct. 19.—Governor Adams has received a letter from Brigadier-General Hale, now at Manila, in which he expresses the following opinion concerning the Philippines: "As to keeping the Philippines, it is my opinion that Uncle Sam has acquired something of a white elephant, but, having corraled the animal he is in duty bound to keep him. Guarding the islands against meddling European nations to whom they would be more valuable than to us and governing the people, will be more trouble than the country is worth, but it would be barbarous and a breach of faith with the insurgents (natives though they are) to give them back to Spain. It is impracticable to give the natives free rein to a government of their own, and absurd to divide the islands between European nations which have no claim to them whatever. The only other course is to keep them, or at least until order is fully established, laws reformed, and the natives, many of whom are highly intelligent, are sufficiently educated in the ways of civilization to exercise at least a semi-self-government under the protection of the United States, paying us a sufficient revenue to compensate us for our trouble in acquiring, fumigating, civilizing and governing the country up to that time, and superintending the job thereafter."

LEAVING CUBA.

The Island Under U. S. Control On December 1.

(By Associated Press to The Journal.) WASHINGTON, Oct. 19.—General Wade, president of the Cuban evacuation commission, has telegraphed the war department that six thousand Spanish soldiers have embarked for Spain and arrangements are completed for 40 thousand more in near future. United States will take charge of Cuba December 1, whether Spain has removed all soldiers or not. This may happen even while Spanish commissioners to Paris are still striving to secure consideration by the joint commission of questions effecting Cuban debt. Now that Spanish peace commissioners have been repulsed in efforts to have United States assume sovereignty over Cuba, as a means of transferring to our shoulders the Cuban debt, the next moment looked for on their part is one imposing the indebtedness upon the Cubans themselves when they have erected some form of government. Touching complaints in the French papers against what they denominate as the uncompromising and unyielding attitude of American commissioners, and refusal to consider propositions to arbitrate radical differences between the two bodies, it is said here that presumably the Spanish commissioners went to Paris under instructions as comprehensive as those supplied the American commissioners. Any suggestion of arbitration would be out of place, and should it come to irreconcilable differences there can be but one arbitration, that of the sword for which our government is fully prepared.

PARIS, Oct. 19.—In spite of the semi-official denials, the Echo de Paris, says today embarkation of war material and supplies continues at Toulon, adding to the extraordinary activity that reigns at the arsenal there.

Four ironclads and three cruisers are embarking ammunition and war material. Two transports are almost ready for sea. All the French officers and naval officers on leave of absence have been recalled. Naval authorities at Toulon are very reticent.

WAR INVESTIGATION.

(By Associated Press to The Journal.) JACKSONVILLE, Oct. 19.—The war investigating commission resumed its work today with Major Noble H. Creager, quartermaster, on the stand. He said there never had been a serious shortage of supplies in the seventh corps and he was sure there had been no suffering caused by deficient supplies. Congressman J. R. Cambell, colonel of the Ninth Illinois volunteers, spoke in complimentary terms with investigating officers of the army, saying that requisitions had been promptly filled and the quality of the articles supplied was generally good.
