The Entire Group of Philippines.

Spaniards Have Until Friday To Reply.

Possibly Negotiations Will Be Broken Off.

By Associated Press to The Journal.

PARIS, Oct. 31.—At the peace commission today the Americans presented a written expression of the purpose of the Americans to take the entire group of the Philippine islands...

LONDON, Oct. 31.—The Madrid correspondent of the Standard says: There is much anxiety in Madrid as to the result of Monday's joint sitting of the peace commission.

There was a strong impression, which has been growing there recently, that the Spanish, upon receiving definite assurances of the American determination to take the entire Philippine group, would quit the conference...

These are found to have wheeled into line with the Epoca of October 27, which demanded that the Spanish commissioners should sign a treaty in Paris, no matter how onerous the conditions imposed by the Americans.

It is believed here tonight, on the eve of taking up the main question, that the Spanish commissioners are not likely to acquiesce here in any treaty that the Americans would sign.

In the Philippine discussion two wearisome questions are likely to be raised by the Spanish. The first is on protocol phrase, "control, disposition and government," of the archipelago, the Spanish doubtless holding that the word "disposition" does not involve possession, though they know that "possession" was originally written in the protocol and changed to "disposition" on M. Cambon's instance in behalf of Spanish sensibilities.

WASHINGTON, Oct. 31.—An informal session of the cabinet was held Sunday at the White House. The president embraced the opportunity presented by the presence of several members of the cabinet to discuss with them their forthcoming annual reports.

The president is said to believe that the negotiations will be brought to a satisfactory conclusion.

CERVERA'S FLEET. Naval Constructor Hobson's Plans to Raise It.

Naval Constructor Hobson arrived in Washington Saturday afternoon, and appeared before the board of naval bureau chiefs for the purpose of explaining the condition of the Spanish ships wrecked off the coast of Santiago, and the progress and prospects of efforts which are making for their recovery.

Naval constructor Hobson was with the board all afternoon, and gave a great deal of detailed information as to the condition of the wrecks. He was certain it was useless to continue the wrecking company any longer, and that conditions did not merit the \$800 per day paid them.

Promptly at 10 o'clock F. N. Derby, first deputy sheriff of Marion county, appeared at the CAPITAL JOURNAL office to sell the property under execution to satisfy judgment of Hofer Bros.

He gave Bingham & Davis twenty minutes of grace to put in appearance and bid on the property under execution.

At exactly 20 minutes past 10 o'clock all the personal property, telegraph franchise, books and accounts, including presses, type, water motor, good will, (and all accruing perquisites yet to come, including theatre tickets, railroad passes, cordwood, turnips, etc., were bid on by A. F. Hofer, Jr., for amount of judgment.

This is a great victory for the people of Marion county and Oregon, and THE CAPITAL JOURNAL will continue to protect the people against the encroachments of political power and capital combined.

risk of spending \$200,000 on each of the vessels, and in the end might find it was unable to raise them.

Mr. Hobson wanted to be placed at the head of a wrecking company which he should organize and be authorized to expend \$500,000 or \$600,000 on the two vessels. He said the hull of Vizcaya was intact, and he proposed to build a cofferdam around her and bring her to the surface, after making repairs necessary to float her.

Mr. Hobson also gave the bureau chiefs information concerning the Reina Mercedes and the Merrimac. The former could be easily raised, he believed, for it was apparent that she was only scuttled. The Merrimac could be raised, and he said she must be removed from the mouth of the harbor. The board will have another meeting Monday, and possibly may make some recommendations to the secretary regarding the wrecks off Santiago.

Spanish Soldiers Returning From Cinfuegos.

Important Federal Supreme Court Decisions.

By Associated Press to The Journal.

JERUSALEM, Oct. 31.—The emperor and empress of Germany are curtailing their visit to the Holy Land. They abandoned the trip to Jericho, owing to European complications, and believing they can go to Syria.

HAVANA, Oct. 31.—Major Almy and Captain Page have returned from Cinfuegos. They report the sanitary conditions as bad, especially at the camps of the Spanish soldiers. Reports of skirmishes between the Spaniards are incorrect. It is understood that eight battalions of troops remaining along the Jucaro military line will arrive at Cinfuegos

An epileptic girl disappears and No Search Made for Her.

Word reaches the city that a girl, adopted from the orphan's home by a family of Salvation army people named Thomas, who lives south of this city by the Pringle school house, ran away early last week while attempting to escape a beating and has not been heard of since Tuesday.

It seems that the child, who is an epileptic, had done something to apparently merit chastisement, and was being punished by some member of the family. The child ran, screaming, to the woods, and disappeared in the underbrush. Since then no trace has been found that would lead to her discovery and judging from the pains taken to find the child, it is not of much importance whether she is found or remains undiscovered.

Murray & Mack will introduce some of such specialties as have made them famous, their burlesque on "Skirt Dancing," and the "Glove Contest," "The 'Side Walk Talk,'" and the burlesque circus act, "P. T. Barnum and Adam Fourpaw on a Lark" are enough in themselves to satisfy an audience, and yet there is much more.

Besides the co-stars, the company comprises Eric Pollock, Len Delmore, Fred Wilson, Harry Hopping, Frank Watters, Mae Trumbull, Fannie Trumbull, Kittle Beck, Reine Gale, Mona Carrington, Blanche (Creago), Kitty Hawthorne, Constance Window, Mary Smith, Alice Smith, Jeanne Riley and Queenie Treemie. C. T. U. and hold a series of real live Gospel Temperance meetings. Good music, good speaking and the best of feeling for all. Watch the dates and arrange your business so that you will not miss one of these meetings, as you will greatly be benefited by a meeting conducted as this will be, entirely non-sectarian in every way.

FOREIGN NEWS

The czar of Russia has now become a convinced Dreyfusard, and is taking a sympathetic interest in the prisoner of Devil's Island. The National Review adds that there has been great astonishment and indignation caused in French ministerial and the higher military circles of France by the publication of too frankly spoken articles by M. Zakrowski, president of the Russian appeal court, declaring the Dreyfus case a judicial error, a return to the lettres de cachet and the days of the Bastille, and also scathingly criticising prosecution of Emile Zola. It is asserted that the Russian government received remonstrances from Paris in the interval between the article, efforts being made to have M. Zakrowski silenced or removed. But, it is added, the attempt failed. This is looked upon as being evidence of a remarkable change of opinion in Russia.

General Wesley Merritt and Mrs. Merritt are still in London. Mrs. Merritt is suffering from typhoid fever. Although her condition is not serious, her sickness will necessitate her remaining here for some time.

The Daily Chronicle prints a letter from a correspondent who alleges that the various American typewriter companies which do business abroad have formed a trust, which controls the prices of all the leading machines sold in Great Britain.

European residents of Peking are in a state of alarm at the drafting into that city of large bodies of Chinese troops, as a counterpoise to the recent arrival there of guards for the foreign legations. The native soldiers are very turbulent, and, coupled with the anti-foreign riots at Canton, the situation has caused great uneasiness among the foreigners, who number about 150. In response to the demand of the diplomats, the tsung-li-yamen has promised to remove the soldiers, who are mostly Mohammedans, and who openly declare their intention of driving out the foreign "devils." But the fulfillment of the promise of the tsung-li-yamen offers considerable difficulty, as the only force capable of overawing the Chinese troops at Peking is the foreign drilled force in the neighborhood of Tien Tsin, commanded by General Yuan Shek Hal, who, however, is disreputable by the palace.

A sensation was caused by the arrest of a supposed Russian spy at a resort where he tried to obtain information from a sentry regarding the fortifications.

It is asserted today that the officers of volunteers have received orders to prepare for immediate mobilization, and it is stated that different army corps have been informed as the ports to which they have been allotted.

It has been arranged to call out reserves and militia and to mobilize volunteers and form large camps at various important railroad junctions."

CRISIS COMING

Excitement in London and Paris.

Active War Movements in England.

New French Cabinet Completed and Announced.

By Associated Press to The Journal.

PARIS, Oct. 31.—The new cabinet is constituted as follows: M. Lebreton, minister of justice; Dupuy, premier and minister of the interior; Dejeune, secretary of war; Lockroy, marine; Delcasse, foreign affairs; Peytral, finance; Layaug, public instruction; Deloncle, commerce; Gilhaue colonial; Vigier, agriculture; Krantz, public works.

LONDON, Oct. 31. There was an unexpectedly gloomy feeling this morning on stock exchange and the Paris bourse, both markets being influenced from the aggressive tone of some French papers. Besides this something extraordinary seems to have happened, and it looks as if a crisis were approaching. British naval preparations are being pushed with great activity.

The British emergency squadron is gathering at Devonport with all possible speed. Officers and sailors have been hurriedly recalled from their leaves of absence, several battleships and cruisers at Portsmouth taking full crews on board, and other warlike preparations being made.

A sensation was caused by the arrest of a supposed Russian spy at a resort where he tried to obtain information from a sentry regarding the fortifications.

It is asserted today that the officers of volunteers have received orders to prepare for immediate mobilization, and it is stated that different army corps have been informed as the ports to which they have been allotted.
