JOURNAL "X-RAYS."

The legislature will settle down to its regular biennial job on January 9. Don't tax the filthiest club any more than any similar business, or business. But just the same. Iin county is taking steps to hold a county fair at Albany. That's right; the legislature pass the Iowa county fair law.

The Philippines will be a more greener country to prospect in than Alaska. Let the miners tackle our stest acquisition.

The new chief of the fire department is not the least bit handsome, but he is a practical engineer and will get to a fire day or night.

Why shouldn't a business or corporation pay something for the privilege of doing business in this city, especially when he, she or it is a non resident?

J. P. Frizzell is a public spirited man, a taxpayer and a man who will do more to keep our streets in order than any man who has ever held that position.

The Philippine problem looks mighty small and contemptible alongside of a group of boys standing on a street corner decorating the sidewalks with tobacco spit.

Out of 60 guests at Hotel Pendleton 48 were city people Wednesday of last week. It is pleasing to know that there is one city where people help keep up a first class hotel.

By all means let Governor Geer keep Adjutant General Tuttle in office the rest of his life. A man accused of violating the law by the man who appointed him ought to be kept in forever.

The country Republican papers are demanding to know what was done at Salem the past two years with the Republican campaign funds. If they knew they would not stay in the party.

La Grande Observer:—Linn County is out of debt, and has money in the treasury. Well you could not expect anything else. The finances of that county were entirely in the hands of the Populists for four years.

There might be worse things than to have Canada annexed to our country. Both Canadians and Americans have some qualities that would be beneficial to each other. Each can learn something of the other, united or single.

From the insertion of the exception clause on the Greenback, to the proposition to present a bill to retire pretty much everything but National bank I. O. U. and gold, does anybody know of any financial legislation that favored the producing classes? Don't all speak at once.

The Eugene Broadacre: The holiday edition of the Capital Journal is a most interesting publication, and shows that the proprietors of that ever wide-awake and up-to-date paper is second to no newspaper firm in Oregon. We like the style of the Journal, always independent, always for the people, containing the very latest news.

The youngest bride led to the altar in the State of Washington for many years is Gertrude May Williams, of Tolt, aged 13 years, for whose marriage to Walter Moser, of the same town, the county auditor issued a license upon the application of the girl's father. Both parents gave their consent to the marriage. Think of children being allowed to marry, when they are not even allowed to vote or to incur a legal debt.—Pendleton E.O.

An honest man will always tell the truth and declieve no one and all best men say that A. Huckenstein's Corona 10c cigar is the best in the market.

Dr. Bull's Cough Syrup Cures the most stubborn coughs, colds and lung affections. Eminent consumption has been successfully cured by this marvelous remedy. Sufferers will obtain relief in a few hours.

Salem Candy Wants Pass. Farmers and gardeners who wish to cultivate peas during next season for canning purposes please call on Mr. J. M. Waace at the Salem Water Co.'s office in the city hall and designate the amount of acres they are willing to plant. Before making positive arrangements in regard to operating the canery next season it is necessary to know approximately the acreage that can be secured before the first of January. In case the canery is opened, each subscriber will be notified the full particulars before the first of February. 12-18-14

Do you see that fellow? asked a gentleman of the writer the other day. "He carries nearly a thousand dollars in money orders in a belt about his waist." The individual alluded to is one whose business takes him about over the country. He had been saving money and had been putting it in the form of money orders, believing it is perfectly right; his money is as safe as the government; it can not be lost through any bank failure. The incident serves as an illustration of the need of a postal savings bank system.—The Dalles Times-M.

The Ontario Mattack mingles literature and international problems and local news thus: Hogs are all butchered—grunting ceased. Those who understand and turning hogs' intrals into a weather bureau say the hog melt was lapped more forward than art and that the severe part of winter is over. Several people here are going into the hog business. One reason is, "Prince Bismarck has passed away and "Windy Bill" feels better after his camel ride through Jerusalem. No trouble exporting our hog into the fatherland. Success to a American hog. He can get in anywhere he wants.

Des Moines, Ia., News: Many persons affect to see a danger in the growing sentiment of socialism who can see no danger in the rapid growth of trusts. Combination, concentration, consolidation, is going forward in all

lines. Almost every day the formation of a new trust is announced. Aside from the trusts themselves, which are the foremost visible evidence of this consolidation of interests which is steadily going on, all sorts of syndicates are being formed and all kinds of combinations and concentrations of business interests are being effected. This is simply socialism turned upside down, and if the movement continues without check there will come a time when there will be a turning over flow far away this may be it would be idle to prophecy.

We have got to save the heathen from a mighty torrid fate, And we haven't got a bit of time to spare. We must put some education in his kinky woolly pate, While we trade and do the heathen up for fair.

We have got to save the heathen for the joys of kingdom come, And we haste for to sail the ocean wave With one bible in the cabin and the ship's hold full of rum, And a firm intent the heathen's soul to save.

It's our nation's wondrous future that we've got to contemplate; How 'twill spread the light of liberty around; How 'twill teach the heathen voter what's a good election skate, Or to tip the jug until the gurgles sound.

So we'll sail across the water with sound of life and drum, And our eyes on the benighted heathen souis; With one bible in the cabin and the ship's hold full of rum, And a scheme to make the heathen pay the tolls.—Exchange.

Just What She Hoped For. My little girl had a very bad scrofula trouble. Sores appeared in her ears, and her eyes were also affected. I decided to have her begin taking Hood's Sarsaparilla. Before the first bottle was gone the sores were less painful and after the use of a few more bottles they were cured.

Mrs. Howard Pope, Alpha, Oregon. Hood's Pills are the only pills to take with Hood's Sarsaparilla. 25c.

THE HIGH W.

Plays Havoc With Electric Wires and Awings. The wind storm which visited the city last night caused quite a lot of damage to the electric wires and poles about the city. Several poles were blown down in the vicinity of Bevue and Nineteenth streets, in East Salem, and the wires grounded, with the result that all the lights on that circuit were extinguished. The car company also had a car damaged and trolley wire broken. As the small car that has been remodelled for the inside track was running on Chemeketa street, opposite A. N. Bush's residence, a large maple tree was blown over falling across the track, smashing the vestibule off and breaking the trolley wire.

Several awnings about the city were split open and blown into shreds, the one in front of the Light and Traction company's office having the iron blown off and the canvas torn to pieces. The damage done to telegraph and telephone wires is thought to have been slight if any as they have but recently been carefully overhauled.
