THE TEXT-BOOK PROBLEM IN OREGON.

After trying the present text-book that a corporation should let go of a system for about 18 years, an effort is justifive escoopely which it has long being made in the present legislature enjoyed, even at the expense of the to bring about improvement. The common schools of our country. It committee appointed at the special then resolves stacif into this: shall we seasion of the legislature to revise the retain the present text book system. school laws of the state received sog. or shall we give the people of Oregon gestions from leading educators in an opportunity to get better books every county and from the principals and cheaper broks? of nearly all the cities on needed re- It is not assumed that a pound of forms in the sahool laws. The re- five members appointed by the govsponse to the committee's appeal was ernor would give perfect satisfaction. very general and there was marked But it would be less exposed to imsnanimity in the demands for reform proper influences than the present along certain lines. One demand that text book board, composed of 31 nearly all who reported agreed upon county superintendants and 9 persons was for the change in the system of appointed by the state superiotendsalecting text-books.

After considering all the sugges be responsible to the governor through tions made by its correspondents and him to the people, would be less from persons who were granted hear- likely to sell themselves to a text book ing before the committee a report trust than so large a number as 21 was formulated and will now be laid who could be influenced from a great before the legislature. This report variety of sources that would never accompanies a bill prepared by the become known to the public.Of course, committee which is a careful and if the governor appeinted five polithorough revision of the entire school ticians, it would be very easy for the law of the state. The bill deals with book publishers to form a combinamany important matters, but none tion and convert three of them. It more important than the selection of all depends entirely upon the charactext books. The reform proposed in tar of the men chosen by the governor. this respect consists of a board of five It is not assumed that the proposed men to be appointed by the governor reform is aimed at any text book who shall have full power and author- publisher. If this reform is brought ity to select all the text books to be about, the new board to be appointed used in the public schools of the state, by the governor would be free to instead of the method that has been adopt any text book published in the followed in Oregon for 18 years. It is United States, if, in their opinionassumed that the hoard of five men it is a desirable book to use in the which will be named by the governor public schools, and could be had at a will give the people better text books reasonable price. In the discussion and secure to them the benefits of before the legislature, and in the of competition which will result in a effort that will be made to defeat any great reduction in the prices of school attempt at reform, charges will be books. It is not necessary to review made in the newspapers that memthe objections to the present system bers of the legislature are being imin detail. Few people are so blind as properly influenced for or against renot to see the defects in the opera- form. Disinterested men should not tion of the present law, and many are be influenced thereby, as the interests tempt was made to repeal the pres. the legislature, backed up by ant system six years ago. After dis- sistent policy on the part of the exspeaker, voting against it. Under of the people are loyal to the true the pressure of the state superintend- interest of the American public ent the vote was reconsidered and schools. the bill passed. Under its operation 65 per cent of the public school text books used in Oregon are sfurnished by one trust at retail prices higher than the published catalogue retail prices made by the publishers themsolves.

It is not assumed that Oregon is to have anything but state uniformity of texts books. The only question is shall the present system be aboutshed. and shall the people seek relief by a new method of selecting? It has been the development of the sugar industry in S. S. t, Dater, to sutherine Antelope City custom to select text, books and make our state. For some reason best konwn some changes once in six years. If to itself the legislature failed to make s, n. 2, nates, to provide for collection of taxes any change in the system is made, provision for the payment of claims before books are chosen again for six which soight arise from the passage 8. B. s. buly of Benton, ravising school years, it will have to be done by this of such an act. The sugar company, legislature. Any one familiar with acting under the provisions of the the text books now in use knows some bounty act, made their contracts with a B. 4, Brownell, to assend have pressuing to of them are very inferior in quality the growers to pay them 31 per from an educational standpoint.

stinctly function augmentum. Doctor's Guiden Medical Discovery is the st of all known blood-purifiers. It dy drives all impositios from the life, but fills it with the rich, life giving also of the sood. In Figure's Favor e companion, with a skin that is and wholesome. These medicines de from herbs and votes, and contain and of any description. They similat the natural processes of assimilatorotion and execution. Medicine well them.

There has been great progress in the art of making sensol books, both as to chespuess and excellence. Why should not the people of Oregon get the benefit of this as well as other states? Oregon cannot get better or cheaper test books under the present Dally, Pour Months \$1 00, ir Advance. system. The company that furnishes practically all the books now is in ession of the field and knows how or run down. to hold its contract under the present law. It is not in the nature of things
