LEGISLATURE

Dental Practice Bill Passes.

Flagg Supports the Text-book Reform Bill.

Stillman's Bill on School Land Reform Passes.

H. B. 72 was a special order for 10 o'clock, but on motion of Young it was recommitted for further amendment.

The Senate substitute for the House resolution protesting against the seating in congress of Brigadier H. Roberts, was referred to the committee on resolutions, on motion of McCulloch.

H. B. 28, introduced by Stanley, for a dental law, which was defeated Thursday was called up for reconsideration, and aroused a lively discussion. Grace supported the bill; Fordney and Reeder opposed it. The bill then passed.

Flagg announced that the committee on education was ready to report on S. B. 141, the Daly text book bill, and moved that the bill be made a special order for 2 p. m.

Whalley immediately objected to this on the ground that the committee report was not yet in. Flagg then changed his motion to include the report of the committee.

Whalley opposed this and was supported by Morton. The motion was then divided and the committee report was made special order for 2 p. m.

On making the bill a special order for 2:30 a roll call was demanded. This does not give a fair test of the strength of the bill as some members voted no who will vote for the bill on its passage.

HURRAH! HURRAH! The Salem Flouring Mills "Special" flour is now better than ever. Try it.

H. W. Scott looked in on the House for a half hour or so.

BILLS PASSED.

H. B. 288, Stanley, Dental law. Read first time January 25.

H. B. 291, Stillman, to amend section 13 of an act to provide for the appropriation of water from lakes and running streams and other purposes.

H. B. 374, Stillman, chairman committee on public land, to withdraw from sale certain school lands and reducing the rate of interest on school funds, etc.

SENATE--FRIDAY FORENOON.

The first business of the day was consideration of the Daly school bill, as revised by the educational committee, constituting a complete educational code. Chairman Kuykendall explained, and the same was ordered printed with amendments.

THIRD READING.

S. B. 65, Kuykendall, fixing terms of court in second judicial district. Passed.

S. B. 68, Bates, Road bill. Tabled.

S. B. 83, Bates, to encourage wide tired vehicles, granting a rebate on road tax for use of wagons with 3 inches or over in width, of \$1 for each wheel; also an additional rebate of \$2 for each wagon having 4 inches outside of front wheels.

The senators spoke almost unanimously for the bill. Passed.

S. B. 98, Adams, To prohibit riding or driving of animals on any foot-path bordering public roads. Passed as amended.

S. B. 101, Mitchell, To provide for acceptance by the state and reclamation of certain lands.

Kelly spoke against the bill, asserting that it was in the interest of land-grabbing syndicate Senator Mitchell resented the interruption and spoke for the bill. President Taylor called Senator Kuykendall to the chair, and spoke for the bill. Fulton also spoke for the bill. Reid showed that this bill was in the interest of small farmers, and Dr. Driver recited beautiful poetry in the

interest of the measure. Senator Smith opposed the bill. The bill was made a special order for 2:30 next Monday.

Want to Govern Themselves.

CHICAGO, Feb. 9.--A special to the Times-Herald from Washington, says: From a high official of the administration have been learned some facts in connection with the policy with President McKinley intends to put in force in the Philippines, which show his earnest intention to establish in those islands a government of and by the natives which shall be protected from foreign interference by this country.

This official said that had Aguinaldo succeeded in forming a government in Luzon that could have stood the test of operation, none would have been more gratified than the president.

Secretary Hay, near the close of his term as ambassador to Great Britain consulted with British foreign officials respecting the government of Indian states under the British crown. As a result of his inquiry it had been determined to accept the rule of the sultan of the Sulu archipelago. Thus self-government will be accorded to a portion of the new colonial possessions from the beginning, and self-government will likewise be accorded to other sections of the territory which are capable of exercising it.

It cannot be stated with definiteness that any section looking to the notification of the natives of the Philippines and the Sulu archipelago of the charge of sovereignty will be made for the present. Rear-Admiral Dewey will distribute the proclamation which will be issued, but such action may not be taken until after there has been a full consideration of the entire Philippine situation by the commission of which Rear Admiral Dewey and General Otis are members.

Flooded.

AUBURN, Cal., Feb. 10.--The reservoir at the Big Dipper mine, in the Iowa Hill mining district has broken and carried away the entire mill, blacksmith shop and drying-house. Five Chinese and one white man, Joseph Faber, were killed and their bodies were found several miles down the canyon. The loss of the mine company is heavy, and will reach upward of \$20,000. The Big Dipper ranks as one of the richest gravel mines in California.

OUR BOYS

Make Another Heroic Attack.

Rebels Mowed Down Like Grass.

American Losses Reported as Very Slight.

By Associated Press to the Journal. MANILA, Feb. 10.--At 7:40 p. m.--The American forces, this afternoon made a combined attack upon Calocan and reduced it in short order. At a signal from the tower of the De la Loma church, (United States signal station), the monitor Monadnock opened fire from the bay with the big guns in the fore turret on the earthworks with great effect. The rebels worked their fire until the bombardment ceased, when they fired volleys of musketry, as the Montana regiment was advancing on the jungle and the Kansas regiment, on extreme left with artillery deploying to right charged across the open and carried the earthworks, amid cheering, under a heavy fire, supported by artillery at the church by troops which were advanced, driving the enemy and fighting for every foot, right into the town and penetrated to the presidency and lowered the Filipino flag.

The enemy's sharpshooters in the jungle on the right fired at long range on the Pennsylvania regiment, but were soon silenced by shrapnel and the Pennsylvanians remained in the trenches. As the Americans advanced they burned the native houses. The rebels were mowed down like grass, but the American loss was slight.

WASHINGTON, Feb. 9.--Owing to the pressing need of additional signal corps men in the Philippines it has been decided by the war department to strengthen the corps in the islands by additions of one company, recruited from the volunteers stationed there. Telegraph and signal men, the war department says, are worth more than generals of division in the present crisis.

WASHINGTON, Feb. 10.--Alger went to cabinet meeting today without official advice from Otis as to the situation at Manila. Officials do not expect an attempt will be made to land troops at Ilo Ilo immediately. It is possible it has been concluded to be good policy to allow the natives, of Pansy, to learn of the disasterous fate that has overtaken Aguinaldo's forces, hoping they may be induced to abate their resistance to General Miller's landing. Even if an attack took place, according to the original plan, news of the result has not yet reached here.

MANILA, Feb. 10.--3:45 p. m.--In anticipation of a native uprising in this city, unusual precautions were taken last night by the American authorities. Fortunately this proved unnecessary. The Filipinos are evidently convinced that an uprising would prove suicidal. The American fighting line is about the same as on Wednesday. A scouting party of the Dakota regiment yesterday surprised the Filipino scouts at the bridge across Paraque river. The enemy retired hurriedly, swimming the stream to reach the main body of rebels coming in, hoping to be allowed to enter Manila but have been refused and now are afraid to return to the enemy's ranks.

CHICAGO, 10.--The crest of the cold wave has passed here. Such is not the case at other points. Many places throughout the east reported record-breaking temperature today.

WASHINGTON, Feb. 10.--Hepburn, chairman of the committee on interstate and foreign commerce gave notice in the house that he would offer the Nicaragua canal bill as an amendment to the sundry civil bill.

WASHINGTON, Feb. 10.--At a cabinet meeting today, the president read a brief extract from the report of the war investigation commission and the matter was discussed informally. Question of an extra session of congress also discussed and it is the opinion of the members of the cabinet that in case of failure of the army reorganization bill an extra session will be necessary.

New Oregon Postmaster.

WASHINGTON, Feb. 10.--President nominated Marion F. Dawes to be postmaster at Union, Or.

EXTRA: 4 O'CLOCK LATE DISPATCHES.

WASHINGTON, Feb. 10.--The treaty of peace has been signed by the president this afternoon.

WASHINGTON, Feb. 10.--In senate a bill amending an act, providing for the reimbursement, governors, states, and territories, for expenses incurred in raising and equipping the volunteer army was reported from the committee on military affairs. The bill went over. Allen offered a joint resolution, providing for submission to the legislatures the amendment to the constitution, providing for the election of United States senators by a direct vote of the people. Laid on table.

STATE STOVE FOUNDRY.

Report of the Board of Managers to the Legislature.

By virtue of a resolution passed during the present session of the legislature, the board of managers of the State Stove Foundry was directed to affect a settlement and compromise of the indebtedness due the State of Oregon from Loewenberg & Going Co., the Northwestern Stove Foundry, J. Loewenberg, and J. W. Going, on the basis of a payment of thirty two thousand five hundred dollars; ten thousand dollars in cash, and the balance in notes secured satisfactorily to the board, in full for all demands against the contractor, up to and including January 1, 1899.

In compliance with the requirement of the said joint resolution, the board of managers of the state stove foundry have effected a settlement in substantial compliance with its provisions. The said J. Loewenberg, Loewenberg Going & Company, and northwest stove foundry, have paid to the said board of Managers the sum of \$10,000.00 in cash, and given two promissory notes, one amounting to \$10,000.00 payable on January 1, 1900, and the other for \$12,500, payable January 1, 1901 said notes to draw interest at the rate of six per cent per annum. The payment of these notes is secured by property situated in the penitentiary, and belonging to the said Loewenberg & Going Co. and held by the present superintendent of the penitentiary, and to be held by his successor in office until the said notes are paid in full.

The old lease for convict labor has been surrendered and cancelled, and a new lease for the number of convicts therein set out has been made with Loewenberg & Going Company, instead of with J. Loewenberg as formerly, and the old lease for the Stove Plant has been assigned, with consent of the board, to said Loewenberg & Going Co., rent to be paid quarterly in advance. The rentals have been paid in advance for the current quarter. The contract further provides that in case of the failure of said Loewenberg & Going Co., to pay the rent as therein specified, or in case the securities for the said two notes shall in any manner become reduced in value in any amount whatever, that the notes shall immediately become due and collectible, at the option of the board.

T. T. GERR, Governor, F. I. DURHAM, Secretary of State, CHAS. S. MOORE, State Treasurer.

A Pacific Cable.

By Associated Press to the Journal. WASHINGTON, Feb. 10.--The president has sent a message to congress urging that measures be taken looking to construction of a Pacific cable.

MANILA, Feb. 10.--10:30 p. m. The United States forces attacked and carried Calocan this afternoon. The action was short and decisive, the enemy was driven out with great loss.

CHICAGO, Feb. 10.--Special to the Tribune from Washington: Ilo Ilo is now being bombarded by a portion of Dewey's fleet unless the natives have surrendered on the demand of General Miller. General Otis advised Secretary Alger that he had sent the First Tennessee Infantry to reinforce Gen. Miller and the commanding officer of that organization carried instructions for him to demand the evacuation of Ilo Ilo by 9 o'clock Friday morning.

FIGHTING REBELS

Heavy Fighting at Calocan.

Rebels Driven Out With Great Loss to the Latter.

Ilo Ilo Being Bombarded By Dewey's Fleet.

By Associated Press to the Journal. MANILA, Feb. 10.--10 a. m.--The rebels have apparently selected Malabon as their base of operations with the Americans, as they are concentrating in considerable force there and at Calocan. Many small bodies of scattered troops are straggling in from the right, and others are undoubtedly arriving from the north interior provinces.

Aguinaldo is reported to have established headquarters at Malabon for the purpose of rallying his forces for a decisive blow. In order to cover their movements, the rebels again opened fire upon the Kansas outposts last night from the jungle. The firing was continued for 20 minutes, but without effect.

The Americans reserved their fire until a detachment of the enemy emerged from the bamboos, when a well-directed volley made the rebels scuttle back to their cover like rabbits.

Beyond this everything is quiet on the firing line.

The Fourteenth infantry has unearthed several tons of Spanish shells which had evidently been stolen from the Cavite arsenal and cached by the rebels in the vicinity of Parandue. Fifteen cartloads of it have been brought into the city, as a part of its mount. There is no doubt that the gun was either stolen by the insurgents or removed from one of the sunken warships.

MANILA, Feb. 10.--10:30 p. m. The United States forces attacked and carried Calocan this afternoon. The action was short and decisive, the enemy was driven out with great loss.

ROYAL Baking Powder Made from pure cream of tartar. Safeguards the food against alum. Alum baking powders are the greatest menaces to health of the present day.

Porto Rico's Cabinet. By Associated Press to the Journal. SAN JUAN DE PUERTO RICO, Feb. 10.--Governor-General Henry has appointed Francisco Acuna, independent liberal, now attorney of the supreme court, to be secretary of state; Mr. Coll, liberal, has been appointed secretary of finance, and Frederico de Gatan, radical, has been appointed secretary of the interior. The liberals are dissatisfied with General Henry's change of policy. Munoz Rivera announces his intention of going to Washington soon in order to "secure relief from oppressive militarism," which he says will estrange the Porto Ricans from the United States.

A Splendid Job.

The bill of fare for the magnificent dinner given last night at Hotel Willamette by President Taylor to the Oregon senate, state officials and supreme court, was furnished by Conover, the printer.

Bill Anderson is looking up 5000 empty bottles. He wants to bottle up enough of this sunshine to let out later on to counteract any chill the legislature may give the atmosphere in the near future. He says he thinks he can find enough in the home market.

A. W. Cheney, of the Oregon City Courier-Herald, is in the city endeavoring to kill the bill creating a commissioners court for Clackamas county.

A full beard isn't much consolation to a man with a bald head--
