THE SENATE

Passes a Filipino Resolution.

Reiterating the Declaration of Independence.

The Back of the Blizzard Is Broken.

By Associated Press to the Journal.

WASHINGTON, Feb. 14.—In the session the McEnery resolution carried 26 to 22.

Teller, Colorado, made a brief statement to the senate, in which he said he proposed to vote for the McEnery resolution. He knew of no agreement to adopt that resolution but it was in practical accord with views which he had expressed hitherto. He hoped, he said, those views might be carried out and crystallized into law. He was proceeding to discuss some of the amendments which he said would be offered to the McEnery resolution, when Allison said: "No amendments can be offered to the resolution under the unanimous-consent agreement."

In response to the statement made, McLaurin (S.C.) explained how the unanimous-consent agreement was reached, and then said:

"I do know that there are senators in this chamber who would not have voted for the treaty if they had not been assured of an opportunity to vote upon the McEnery resolution. If any senator was not present when the unanimous-consent agreement was made, it was his own fault, I give notice, that I shall object to any violation of the unanimous-consent agreement."

The McEnery resolution is as follows: "That by the ratification of the treaty of peace with Spain, it is not intended to incorporate the inhabitants of the Philippines into the citizenship of the United States, nor is it intended permanently to annex said islands as an integral part of the territory of the United States, but it is the intention of the United States to establish a government suitable to the wants and conditions of the inhabitants of said islands, to prepare them for local self-government in due time, and to make such disposition of the islands as will best promote the interests of the citizens of the United States and inhabitants of the islands."

WASHINGTON, Feb. 14.—The storm swept past Washington at midnight, and this morning the sun shone bright. Washington is still off from railroad communication. During the blizzard yesterday evening and night two score of persons were picked up partly or wholly unconscious.

WASHINGTON, Feb. 14.—The weather bulletin says: "Clearing weather rapidly followed the storm and this morning is cold and clear in the Atlantic region except New England and eastern New York, where clouds still remain."

CHICAGO, Feb. 14.—Frozen water plugs prevented the department from getting a stream on flames that broke out in a seven-story brick house, 10 to 24 West Water street, today and resulted in great damage. It is said that five or six people perished in the flames, but this has not been verified. The fire is spreading rapidly and it looks as if the number of surrounding buildings would suffer severe damage.

NEW YORK, Feb. 14.—With a clear sky overcast once more, ocean steamers began coming in at an early hour this morning. It is believed many steamers arrived outside during the blizzard and will reach port later.

The Legislator.

Olympia, Feb. 14.—In both houses the usual number of bills were killed by indefinite postponement at the session. The senate refused to concur in the amendments for appropriations for Ellensburg and Cheyenne normal schools.

PENNSYLVANIA—No quorum.

NEBRASKA—Unchanged.

DAILY TEXT BOOK BILL.

Fifty-Two Members Out of Ninety Now on Record Against the Trust.

The Bill Gets 28 Votes in the House on First Roll Call, 39 Favor Reconsideration Wednesday at Three P. M.

The Daily public school text-book reform bill was lost in the House on first ballot Monday by 28 to 25, seyem members being absent. Of those absent enough are known to have expressed themselves for the bill to ensure its passage on final vote.

The friends of the measure are very hopeful of its becoming a law, but realize that it will require the presence of every affirmative vote. Following

House members recorded themselves against the text-book trust Monday:

BRATTAIN,	KNIGHT,	STILLMAN,
BRIOGOS,	KRUSE,	STUMP,
CONN,	LEWIS,	VIRTUE,
CUMMING,	M'QUEEN,	WHITNEY,
DAVIS,	MOODY,	WILSON,
FLAGG,	MYERS,	WONACOTT,
GRACE,	NICHOLS,	YOUNG,
GRAY,	PALMER,	MR. SPEAKER,
GREGG,	ROBERTS,	JONES,
	STEWART,	—28.

Out of THIRTY senators following TWENTY-FOUR members composed of all parties supported the Daily Text-book bill in the Senate:

ADAMS,	HAINES,	MICHELL,
BATES,	HARMON,	MORROW,
CAMERON,	HAZELTINE,	PROESTEL,
DALY of Lake,	HOWE,	SELLING,
DALY of Benton,	JOSEPH,	SMITH,
DRIVER,	KUYKENDALL,	WADE,
DUFUR,	LOONEY,	TAYLOR,
FULTON,	MACKAY,	MULKEY—24.

The bill has so far received the support of 52 men in both houses, with 28 against.

THE BATTLE IN THE HOUSE.

By sharp practice of the opposition the Daily Text-book bill was to go to a vote in the House without debate. The supporters of the American Book Co. work silently and avoid all discussion. If the members of the House could hear the matter fully discussed as it was in the Senate, if they could hear such earnest men as the two Dalys, Fulton, Haines, Driver, Mackay, Michel, Mulkey, Smith and Wade, there would be an overwhelming majority for the bill. But the acoustic properties of the House are so bad that little discussion is possible.

The opposition to the bill in Multnomah county was a surprise, Moody and Myers alone voting for the bill. Four Portland members led by Beach even went so far as to vote against reconsideration on roll call.

Marion county cast almost a solid vote for the bill. McCulloch alone fighting even against reconsideration. Of the eighteen Union members present every man voted for the bill except Blackaby, Fordney, McAllister, Platts and Sherwin.

The young men of the House, men like Moody of Multnomah, Stillman of Umatilla, Young of Clatsop, Davis of Lincoln, are the most earnest champions of the measure. The age and experience of the House and Senate are for the bill. Back of all the masses of the people demand this reform and will have it.

ILO ILO

TAKEN

By American Forces Saturday.

The Stars and Stripes Float Over the Stronghold.

City Fired by the Retreating Insurgents.

By Associated Press to the Journal.

MANILA, Feb. 14.—Particulars of the capture of Ilo Ilo, by the United States forces under General Miller, Saturday, have been received here.

On the morning of Friday, General Miller sent the ultimatum to the commander of the rebels on shore,

notifying him that it was the intention of Americans to take Ilo Ilo by force if necessary.

Non combatants and foreigners were warned to leave the town within 24 hours.

The rebels were also warned that they must take no further belligerent operations.

The gunboat Petrel was moved to a position close in shore near the rebel fort, while the cruiser Boston took her station at the other end of the town.

Friday passed quietly. During the day many refugees left town.

At 3 o'clock in the morning, Saturday, the Petrel signalled that the rebels were working in the trenches.

The Petrel was ordered to fire warning shots from her three pounders.

The rebels replied with a harmless fusillade and the Boston and Petrel then bombarded the trenches clearing them of the occupants in a very short time.

After the bombardment began, flames broke out simultaneously in various parts of the town.

Forty-eight marines were landed from the Boston and a company was sent ashore from the Petrel.

The detachment marched straight into Ilo Ilo, and hoisting the stars and stripes over the fort took possession of the place in the name of the United States.

The town having been accomplished,

the marines and soldiers proceeded to the task of saving the American,

English and German consulates from destruction by fire.

The Swiss consul's residence was burned, and the entire Chinese and native sections of the town were destroyed.

Not a single American was injured.

Miller's force had completed the control of the situation when the Petrel sailed for Manila.
