DR. TALMAGE RESIGNS.

Severs His Relations With the First Presbyterian Church, Washington. By Associated Press to the Journal. WASHINGTON, March 10.—Rev. T. De Witt Talmage, who for nearly 4 years has been pastor of the First Presbyterian church of this city, has sent a letter to the session of that church, tendering his resignation.

"The increasing demands made upon me by religious journalism and the continuous calls for more general work in the cities have of late years caused frequent interruptions of my pastoral work. It is not right that this condition of affairs should further continue. Besides this, it is desirable that I have more opportunity to meet face to face in religious assemblages those in this country and other countries to whom I have, through the kindness of the printing press, been permitted to preach week by week and without the exception of a week for about 30 years. Therefore, though very reluctantly, I have concluded, after serving you for nearly four years in the pastoral relation, to send this letter of resignation."

MRS. CODY CONVICTED.

May Receive a Light Sentence on Account of Age.

By Associated Press to the Journal. ALBANY, N. Y., March 10.—Mrs. Margaret E. Cody has been convicted of attempting to blackmail George and Helen Gould. The jury brought in a verdict of guilty after being out eight hours. A recommendation to mercy was made.

It is likely that Mrs. Cody will receive a light penalty on account of her age. The jury balloted seven times before agreeing, the first ballot standing. Guilty, 8; not guilty, 3; blank, 1.

Mrs. Cody, who had remained in her chair in the court room most of the afternoon, after the court adjourned, waiting to hear her fate, gasped and all but fainted when she heard the verdict of guilty. It was a quarter of an hour before she had recovered sufficiently to allow herself to be conducted to jail.

ALBANY, N. Y., March 10.—In view of the recommendation for mercy by the jury, Judge Gregory has suspended sentence on Mrs. Cody, found guilty of attempting to blackmail the heirs of Jay Gould.

Get the Best Bicycle Made

If you are going to spend hard-earned money for a wheel, don't buy one because of its flashy appearance— that's sometimes put on to sell poor goods, or don't let a dealer talk you into trying a new kind that he don't know anything about himself, except as he has read in their catalogue. Even bicycle catalogues sometimes misrepresent facts.

Remember you trust your life and limbs

to less than one-fourth your weight in bicycle material every time you mount your wheel and self regard should prompt you to get the very best.

When the creditors of Sigafus in Haverhill, Mass., who hold a judgment of \$325,000 against him, read of the find they notified their attorneys to attach the property. A judgment against Sigafus was obtained in Los Angeles but no property could be found on execution, although the creditors claim they have been aware that Sigafus had a fortune in bonds and securities.

THE SENATORSHIPS.

Utah Legislature Adjourns Without Election.

By Associated Press to the Journal. SALT LAKE, March 10.—A large crowd assembled at the legislative hall last night to witness the closing of a senatorial campaign that has extended throughout the entire length of the session, in which A. W. McCune has been in the lead the greater part of the time. The entry of Hon. George Q. Cannon in the contest yesterday was the sensation of the day and on the balloting last night, when he ran up ahead of McCune, the prediction seemed to be general that he would finally be elected.

The balloting was exciting and numerous speeches were made in the interest of several candidates. C. C. Richards, of Ogden, was taken up by the King forces, augmented by some scattering additions, and received a flattering vote on several ballots. His name finally dropped out of the list and 20 votes went to James H. Moyle. After this there was a general scattering of forces and at midnight President Nebeker declared the joint assembly adjourned without the election of a senator.

SACRAMENTO, Cal., March 10.—The assembly has dismissed the contempt proceedings against Milton J. Green, U. S. Grant's political manager, who refused to testify as to whom of the legislative candidates he had assisted with Grant's money. Dibble introduced the resolution dismissing Green, although yesterday Dibble said upon the floor of the assembly when the same question came up that to dismiss the charges would be to disgrace the assembly. Burnett opposed the resolution, charging that money had been used. This led to an exciting scene between Dibble and Burnett, which resulted in nothing. After a heated debate extending over an hour, the resolution was adopted by a vote of 37 to 13. The contempt proceedings against Green are thus ended, the investigating committee discharged and the incident closed.

THE CABINET

Considering Plans for Cuba.

To Establish a More Civil Form of Government.

Other Domestic and Foreign Telegrams.

By Associated Press to the Journal.

WASHINGTON, March 10.—The Administration is contemplating a change in some features of the government of Cuba. It is probable the military government will to a certain extent be replaced by a civil government.

The head of the government thus remain military but the plan in contemplation is to have civil officers in place of military men in the cabinet and subordinate positions. It is believed experts in different lines, such as finance and revenue and management of the general business of the island, and the different municipalities will get along more smoothly than with army officers. It is not known whether the contemplated change has reached a point further than discussion in the war department and with the president, but its advantages have been pointed out and the authority of the government to establish such civil government under control of the military government has been determined.
