SALEM PEOPLE and OTHER PEOPLE

Readers at Salem and other Oregon towns are requested to send in facts of personal and social news to appear in the The Daily and Weekly Journal.

John H. Brooks, for some years in the drug business at Salem has retired. He is one of Salem's best known and most popular young business men.

J. A. V. Butler, secretary of the Board of Regents of the Monmouth Normal school, asks for plans and specifications for a new wing, to be submitted at noon Friday March 31.

H. Taylor Hill, of Prineville, was in town today on his way home from a trip through the East and South. He says that Los Angeles and Southern Oregon are badly dried and will depend on Oregon for hay and feed.

JOURNAL X-RAYS.

Both candidates for school director are pledged to carry out the same reforms in this school district.

The result of a citizen's meeting are always productive of good government, and for the political welfare of the community.

THE JOURNAL advertisers are all treated exactly alike. There are no favored monopolies granted. The representations of our local advertisers are all bonafide and relate business propositions.

Klamath Falls Express: There never was a river and harbor bill that contained more unnecessary appropriations than the present one. Few men are able to withstand the debauchery of extravagant public appropriations.

The proposition to appoint a book-keeper and purchasing agent for the Reform school, Blind school and Deafmute school looks like a proposition to create another new office. It may be that it would effect a saving to the state.

Hon. C. J. Curtis is always a lively man whether in the legislature or on a newspaper, flings the Astoria Saturday Herald to the breeze again under his signature and Wilfred Curtis as editor. Curtis is a typical American, always unique, picturesque and interesting.

Wm. F. Byars, an Oregon boy, prints this in his Goldenland, Wn., Sentinel: "An Oregon legislator serves 40 days and draws \$120. The Washington member serves 20 days longer and draws \$300. Oregon has three supreme judges; Washington has five. Without doubt Oregon grows moss."

If the Domestic animal commission has nothing to do, and only meets and does nothing, it would seem as though the taxpayers could be spared the expense. Why should state officials draw pay for doing nothing, any more than a laborer or mechanic supported by the state be paid when not at work?

Speaking of the Marion county court making an appropriation to keep the county orphan at the state orphan's home, the Silverton Appeal says: "If the courts of the several other counties, that have charges at the Salem orphanage, would take like action, the problem that confronts the ladies who have in charge the management of the home, relative to conducting the same, would be one of easy solution."

The money should be appropriated and the children decently clothed, fed, educated and taught to work for a living. Let at least a part of our population be brought up to become useful citizens.

Canby Independent: The Salem Journal says, and says truly, "Was there really and difference between the Populists, Democrats and Republicans in the last legislature? If there was we failed to discover it." Quite true. It would indeed be impossible to tell, from the bills introduced, what the politics of the member who introduced it were. More than that, judging from the way some of the bills went through it would be impossible to distinguish friend from foe. Nor can the average legislator be censured when he sees nearly every official getting more than the people agreed to pay him. It is not surprising that the opportunity offered the legislator will be neglected; and that is why he will vote himself postage stamps, codes and laws, knives and stationery, or anything that will be of use to him to keep; sell, or trade when he returns home.

Spring tiredness is due to an impoverished condition of the blood and is cured by Hood's Sarsaparilla, which enriches the blood.

The Spring Months Are most likely to find your blood impure and lacking in the red corpuscles which enable it to carry nourishment to the nerves and other organs. Therefore you feel weak, tired and listless and are troubled with spring humors. Relief is given by Hood's Sarsaparilla which purifies, enriches and vitalizes the blood.

Hood's Pills cure biliousness. Mailed for 25 cents by C. I. Hood & Co., Lowell, Mass.

Wanted—An honest poor man who wants a home with light work and small pay must be strictly temperate and have good moral character and be unmarried; middle aged from 40 to 50 yrs, preferred, 478 Front Street, Salem.

JOURNAL readers are informed that Otto Schultz has put in a lumber yard at Jefferson.

Wanted—Choppers to cut 100 cords of wood. Good team offered. Apply to Eli Pray, five miles east on Mackay road.

Salem's Police Department. Marshal Gibson was busy today walking about with a yard stick measuring the various benches in front of the Salem grocery stores to see that all goods there displayed were properly elevated beyond the 22 inches of the meddlesome canine, viz 22 inches. Those who had not already complied with the new ordinance were fully posted, and all join hands over the effort to keep establishments out of the average dog's reach.

Between watching how high a dog can reach and how far a man can spit, Dog Gibson finds himself kept busy, but he proposes to see the laws enforced.

Saturday afternoon Marshal Gibson arrested L. Burger, who is conducting an auction store on State street, for participating in auctioneering without having a license. He had employed S. Friedman to auction off his stock, but it was charged that Mr. Burger in describing the goods as the auctioneer sold the same became liable to fine. He was taken before Recorder Judah, and upon taking out a company license for Friedman and Burger, for six months at a cost of \$100, the case was dismissed.

HEART DISEASE. Some Facts Regarding the Rapid Increase of Heart Trouble.

Do Not Be Alarmed, But Look for the Cause.

Heart troubles, at least among the Americans, are certainly increasing, and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real organic disease is incurable, but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the Sympathetic and Pneumogastric.

In another way, also the heart is affected by the form of poor digestion, which causes gas and fermentation from half digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free. Address F. A. Stuart, Co., Marshall, Mich. 3 1315 17
