WOMEN IN PRISON.

Movement in Favor of Allowing Open-Air Exercises Every Day.

A Salem Special to the Oregonian says: There is a prospect that some action will soon be taken to relieve the condition of the three female prisoners at the penitentiary. They are: Mrs. Hanna, sentenced for life for murder; Mrs. Melcher, sentenced to two and a half years for perjury, and Kate Sanders, sentenced to 15 years for seduction. Arrangements may be made to give them a few moments' exercise daily in the open air. As a result of the close confinement in which they have been kept, Mrs. Hanna and Mrs. Melcher have already spent some time in the asylum, and Kate Sanders ought to be there, as she does nothing but brood. If she remains in the penitentiary without exercise she will probably soon be dead of a raving mania. There has never been any provision for the proper care of female prisoners at the institution, and the superintendent never, therefore, did anything to relieve their condition. Exercise is always granted male prisoners, who, if there is no work for them to do, are allowed the privileges of "bull ring," a large inclosure within the walls, outside the main prison building, for several hours each day. The women are never allowed to go outside the prison walls, being kept in a large room when not locked in their cells, where they have nothing to do except pace the floor or sit and worry. Their condition can best be termed from a statement made by Mrs. Hanna recently. She said that she could never get over thanking Superintendent Gilbert for having her sent to the asylum, where she was allowed to breathe fresh air and get a little exercise. There is no excuse for the way the women have been treated. There are over 25 men employed at the penitentiary, any one of whom might be detailed to watch the women for half an hour each day. It was the treatment given these women that caused the W. C. F. U. recently to petition the governor to appoint a matron for the institution. The governor has no power to do this, as no provision is made by law for such an officer. It is Governor Geer's intention to have matters so arranged that the women prisoners will be allowed the freedom of either the front yard or the prison or the "bull ring," making it obligatory for some one of the officers to see that they have proper exercise each day.

PERSONAL AND LOCAL.

Rev. B. M. Messick left today for his new field of work, Kelso and Hackton, Wash.

Mr. and Mrs. Geo. W. Johnson returned this afternoon from a short visit at Turner.

M. L. Wilmut today received a large photographic group of his brothers family, whom he has not seen since forty years.

Gov. Geer and Secretary of State Dunbar went to Monmouth this morning to attend a meeting of the state normal school board of regents.

Very unsatisfactory word is received as to the condition of Mrs. T. Holverson, who is ill at Battle Creek, Mich. Mr. Holverson is still at her bedside, but hopes to be home soon if her condition will permit.

The Moscow, Idaho, Democratic Times says: Mr. and Mrs. Herbert Condon, recently married at Eugene, have arrived and are now quartered at the Hotel Moscow. Mr. Condon has made many friends and acquaintances during his stay in Moscow, and we wish for him and his new bride a long and fruitful life.

Gov. Geer and Secretary of State F. I. Dunbar have employed a new cook for the reform school, the person serving in that capacity having resigned several days ago. In recognition of the work of the Afro-American League, of Portland, for the success of the Republican party, the new cook was selected from that race. The name of the new official has not been announced, but will be upon his arrival here.

Wm. Porter Dead.
William Porter died March 30, at his home, three miles west of Stayton. He was born in Pike county, Missouri, December 14, 1812, and came to this country in 1848. He was assessor of Marion county from 1861 to 1865, in 1872 he was county commissioner, and two years later he was elected to the legislature as a representative. His wife, 86 years old, survives him, also five children, who are: J. H. Porter, Salem; S. B. Porter, H. C. Porter, Mary Von Behren, Aumsville; Mrs. C. K. Reed, Turner.

Elks' Election.
Salem Lodge No. 436, Benevolent and Protective order of Elks, held its annual election of officers last evening. It resulted as follows: Exalted ruler, P. H. D'Arcy; esteemed leading knight, F. W. Durbin; esteemed loyal knight, C. S. Riely; esteemed lecturer, F. W. Steushoff; secretary, Ed N. Edes; treasurer, E. C. Patton; esquire, D. C. Minto; organist, E. W. Hinson.

To cure L. Grippes, keep warm, especially the feet, and take Dr. Miles' Nervine.

JOURNAL "X-RAYS."

A hopeful sign—new sidewalks in various parts of the city.
The citizen's administration is endorsed six to one. That ain't bad for a starter.
Build that cycle path to Jefferson out on the east side of South Liberty street.
Salem has been struck with a contagious disease—Sunday closing. The barbers have caught it, too.
The residents of Court street have a right to kick. That cycle path up the south side of Court street should be built at once.
The Oregon regiment is distinguished by being used as a battering ram with the oldest regulars. A dangerous honor.

Monday night St. Joseph's society of Salem will take its first step to erect a suitable monument in memory of the late Father White.

It was referred to the people, and they said, six to one, fund the 8 per cent warrant with 4 per cent home bonds. What the people say, goes.

About forty of the prettiest girls in Salem work in the millinery stores. It will be positively cruel to not give these girls the benefit of the early closing movement—to say nothing of the young men who don't work in the millinery stores.

The push will now no doubt seek to prevent the Citizen's administration from making the four per cent home loan a popular success. But they will hardly succeed. The city will go upon a cash basis and stay there and semi-annual interest will be paid in cash at home.

The appointment of Prof. W. L. Cummings, of Shaw, as principal of state reform school is to be highly commended. He is a life-long educator, a clean honorable Christian gentleman and above all an independent, intelligent sort of man who does what is right because it is right, not because he is told.

Gov. Geer has named some good men for normal regents. He was appointed Senators C. W. Proebstel, of Weston, and J. W. Morrow, of Heppner, regents of the Western Normal school, to succeed Walter Pierce and Richard M. Powers, I. W. Scriber, of La Grande, was also appointed a regent of the same school, to succeed himself. The terms of the appointees begin on April 30.

A Runaway Boy.
Madison Chatwin, aged 11 years, disappeared from the home of his mother at the Chatwin House during the early part of the week, since which time Chief of Police Gibson has been taking steps to "locate" the youth. He evidently left here in company with a tramp, and has since been seen at Eugene and Roseburg. Chief Gibson received word from Roseburg early this morning that the young man passed north from there in a box car with four hobos. The car is en route for Salt Lake, and it is expected to pass through Salem some time tonight, when he will probably be glad to get home.

Not in Effect.
The ordinance to rule cyclists off all walks in the City of Salem, April 1, that passed the old council twice, never became a law. It was taken up in the new council and tabled. Hence there is no change in the present status of wheeling in this city.

Charged With Forgery.
In Justice Johnson's court this afternoon, the case of Oregon vs. C. S. Anderson is being tried. On complaint of J. U. Brown the defendant is charged with forging the name of Beycke Bros. to a hop contract on Oct. 10, 1898 with intent to defraud.

Evangelistic Meetings at the Baptist
Rev. H. B. Turner will preach tonight on the subject "The Other Side." The attendance at these services is daily increasing and the interest spreading. On Saturday evening, the service at the usual time but none will be held on the afternoon.

School Clerk Elected.
At the special meeting of the Salem school board of District No. 24, held last evening Joseph Baumgartner was elected clerk, vice clerk-elect, J. W. Cox, resigned. His salary was fixed at \$100 per year and his bond at \$20,000.

To Patrons of Barber Shops.
All barber shops in the city of Salem will on Saturday, April 1, begin a uniform schedule of prices, and hours for closing. All shops will close at 12 p. m. Saturday and all of Sunday, having 15 cents hair cutting 5 cents. Look for the Union card in every shop. By order of Union,
CHAS. BENSON, Secretary.

THE SALEM BOND ELECTION.

The Proposition for a Home Loan Carries by 155 to 55.
Only a light vote was cast in the election held Thursday, and practically no opposition was shown to the bonding proposition. The voting places were open from 10 a. m. until 3 p. m. The total vote polled yesterday was 180 against 105 at the municipal election last December. The rigid voting qualifications were, to a large degree, responsible for the reduced vote.

In ward No. 1, five taxpaying women presented themselves and offered to vote. The quintet consisted of Mesdames Boeler, Ramp, Forstner, James and Mott. The privilege of voting was denied the ladies under the Oregon law.

The vote by wards was as follows:
Ward No. 1—
For..... 1
Against..... 1
Total..... 2
Ward No. 2—
For..... 58
Against..... 65
Total..... 123
Ward No. 3—
For..... 17
Against..... 4
Total..... 21
Ward No. 4—
For..... 26
Against..... 8
Total..... 34

The vote was canvassed in the evening by Mayor Bishop and the city recorder. The election under all circumstances was a handsome endorsement of what was practically a purely business proposition.

Assistant Warden's Salary.
A Portland special says it looks as if Superintendent Gilbert had got himself into a hole by asking the attorney-general through the secretary of state, for an opinion as to the salary to be paid the assistant warden of the penitentiary. The attorney-general held that \$75 per month and no more should be paid to the assistant warden in question, though the legislature appropriated enough to pay him \$100, which amount he has received for four years without question. Superintendent Gilbert certifying to the correctness of the amount. There is a possibility that some action will be taken to recover the extra money paid out on this account, though in what way cannot be told. It is said that several taxpayers have taken the matter in hand, but their names are not given. One thing is certain, the assistant warden will hereafter receive only \$900 per year, the amount allowed by law, instead of \$1200, allowed through mistake or otherwise.

Evangelistic Meetings at the Baptist
