PAETE TAKEN.

Gen. Lawton in Possession.

Seven Americans Killed in the Charge.

North Dakota Troops Stand the Brunt of the Battle.

By Associated Press to the Journal.

MANILA, April 14.—General Lawton has captured Paete, the citadel of the Laguna de Bay territory, eight miles beyond Lumban.

Lawton's force was at Lumban, and the battalion of the North Dakota volunteers made a forced march of 12 miles from Pagasjan. The troops made a forward rush, fording the river twice and fighting in the jungle. The column advanced and met a cross-fire, and some of the Dakota troops were ambushed by rebels behind a sunken trench. Two were killed, one fatally wounded. Finally the trenches were taken by the rushing Americans with a loss of five killed and two wounded. The insurgent loss was small. The gunboats shelled the Filipinos an hour, and cleared the trenches.

There are not enough men to garrison the towns taken, and they may be abandoned. The launches captured yesterday are worth \$70,000.

WASHINGTON, April 14.—The war department will today reply to the telegram of Governor Lee, of South Dakota, to the president, asking for the immediate muster out of the South Dakota troops in the Philippines, and that all troops will be brought home as soon as it is deemed expedient by the United States.

It is said at the war department that the law requiring the muster out of troops contemplates that the executive department shall have time to issue the necessary orders and make preparations to properly discharge the soldiers and bring them home.

By Associated Press to the Journal.

PORTLAND, April 14.—At Watson's restaurant last evening several hundred of the leading anti-Republicans met and feasted in honor of Jefferson's birthday and a genuine love feast was the result. The published program was well carried out, and the speeches were considered able, although many of them would have been fully as appropriate at a Republican levee or a Methodist camp meeting.

MILWAUKEE, April 14.—The Jefferson Club, of Milwaukee, observed the natal day of the founder of democracy in a most fitting manner by a banquet at the Plankinton house last night, which was attended by over 400 guests. Colonel William J. Bryan, of Nebraska, was the guest of honor, and delivered the principal address. Delegations of Democrats were in attendance from many towns throughout the state, and nearly all the Democrats from the state legislature were present. Colonel Bryan arrived early from Chicago, escorted by a large delegation from that city, and Mayor Harrison came later, also with a large number of escorts. The banquet hall was beautifully decorated with the national colors.

CIRCUIT COURT.

The Canadian Pacific Railway company, through its attorneys yesterday filed an answer to the complaint recently filed by L. H. McMahon, in an action for money suit.

The answer is general denial of the allegations made in the plaintiff's complaint relative to the claim of \$59.35 for advertising services, alleged to have been rendered. As a further answer, the defendant alleges that a contract was entered into on May 1, 1892, between the company and the publisher of the Woodburn Independent, by which six inches of space was contracted for one year at \$9 per month, to be paid in transportation over the rail lines of the defendant. The defendant further alleges that the advertisement was published only ten months and that the publisher received full compensation for the year, of \$108 in transportation over the company's lines.

GERMANS BLAMED.

News From Commodore Kautz.

Complete Written Report Received.

All Three Parties Have Agreed Upon Instructions to the Commissioners.

By Associated Press to the Journal.

WASHINGTON, April 14.—The cabinet meeting today was devoted principally to the discussion of the Samoan question and instructions to the American commissioners to the Samoan disarmament conference.

A complete written report concerning the preliminaries leading up to hostilities, made to the secretary of the navy by Admiral Kautz, was read. It throws additional light upon the complication prior to the admirals' arrival, the most important fact brought about being that the three consuls, at the time of the admirals' arrival at Apia, had recognized the revolutionists under Mataafa. The uprising after Chief Justice Chambers' decision in favor of Malietoa Tanu, the admiral indicates that it was fomented largely by the German consul, who insisted upon recognizing Mataafa as King.

Chaos was threatened and American and British residents considered themselves in peril. Mataafa was feared and under the circumstances, the American and British consuls joined with the Germans in recognizing the provisional government.

Polk County's New Court House.

County Judge Wells was in the city today attending to business pertaining to the Polk county court house, the building of which has been let to Salem contractors. The allusion in this paper some days ago to the possibility of a "job" having been narrowly escaped, was without doubt uncalculated for, and THE JOURNAL takes pleasure in stating that upon thoroughly looking into the merits of the proposition it has no doubt but that everything in connection with the letting of that contract was straight. The people of Polk county will without a doubt have a good court house and they are certainly securing it at a low figure. Judge Wells and the commissioners have taken every precaution in the matter.
