THE REPRIEVED MAN.

Whose Death Sentence Was Commuted by Geer Arrives at the Pen.

Sheriff Stevens, of Douglas county brought down the man whose sentence of death was commuted by Governor Geer.

Oberman is a man of about 170 pounds weight when in full flesh, but 14 months confinement has reduced him very much. They took breakfast at hotel Salem and the sheriff was of the opinion that Oberman should have hung.

Stevens was very emphatic in condemnation of the reprieve by Gov. Geer. He said but for his personal pledge that justice would be dealt out to Oberman he would have been hung by the people of Myrtle creek when the crime was committed.

Stevens says out of numerous murders in Douglas county not one has stretched rope so far and the people up there are not at all pleased that Oberman was let off.

Sheriff Withers, of Eugene, went up to Roseburg to see Oberman hung, but of course was disappointed. It seems to be conceded that Branton will hang on May 12 and that there will be no interference in the Lane county case.

Oberman was received at the pen, given No. 4, 105, and shaved and photographed. He was quiet and self-complacent. Three convicts were discharged today, so there is plenty of room for him.

BICYCLE TAX SUIT.

Time for Collection of the License Will Be Extended to May 15.

Sheriff Durbin has decided to go before the county court next Wednesday and ask for a brief extension of time to collect the rest of the bicycle taxes. He will ask until May 15.

It is reported that citizens of Jefferson who are dissatisfied with apportionment of the tax, have raised funds and employed counsel to test the validity of the law. It is claimed at the court house that the apportionment of one seventh of the total tax in the county will be more than Jefferson cyclists have paid the tax.

Another Law.

By an act of the last legislative assembly of the state of Oregon, approved February 17, it is provided that the sheriffs shall collect certain fees "and pay the same over to the several county treasurers, etc." There is no provision that the money shall go into the county treasury nor any indication of the intention of the legislature in regard to what should be done with the money. The title of the act recites that the object of it is to require sheriffs to collect certain fees and pay the same into the county treasury. Whether the title of the act will give the treasurers authority to turn the money into the general fund is a question.

Business Being Transacted at the Court House.

Sheriff Durbin made several sales on executions at the court house today.

At one o'clock 1740 bicycle receipts had been issued and the sheriff's office was nearly full of bicyclists eager to contribute toward the building of bicycle paths.

Rev. W. A. Daly has been appointed guardian of John Hayes, an insane person, and has filed his bond for \$4000 with A. Huckenstien, E. Eckert and Maurice Klinger as sureties.

Wm. P. Miller petitions the county court to be appointed guardian of the estate of James H. Miller, an insane person, and Tuesday, May 11, is set for hearing the same.

In the case of Marion county vs. Williams & England Banking Co., Judge Boise has rendered a decision in favor of the county. The receiver has accepted this decision and promptly paid the taxes in question.
