GUN BOATS

Are Operating in the Rivers.

Governor of Colorado Asking Return of Volunteers

The Nebraska Regiment Asks Relief From Duty.

By Associated Press to the Journal.

WASHINGTON, May 8.—A cablegram from Otis says: "Gunboats are operating in the rivers, and have cleared the country west. MacArthur says signs of insurgent weakness are more apparent daily."

MANILA, May 8.—The La Guna de Bay and Cavdonga, under command of Captain Grant, which started up the Pan Fernando river for Guagua yesterday to establish a base of supplies for the troops engaged in the northern campaign, returned today. General MacArthur having failed to connect with expedition.

The gunboats found the rebels entrenched at Sosmoan and Cucuaga. The vessels steamed past the works, shelling the occupants and driving them out. Landing parties from the boats entered both towns, capturing at Sosmoan the Spanish captain, who ostensibly is a prisoner in the hands of the rebels, and also a native officer.

At Guagua the town and a small gunboat were found burning and the natives evacuating the place. At Sosmoan the landing party captured a quantity of arms chiefly bolos and bows and arrows, beside a lot of hand instruments which the men played as they marched back to the boats.

Captain Grant's expedition will probably return up the San Fernando river on the recently purchased light draught Spanish steamer.

NEW YORK, May 8.—A special to the World from Washington with reference to the report that Governor Thomas, of Colorado, would take steps to secure the immediate return of the Colorado regiment from the Philippines, the war department officials say, that the governor may be able to set the question of the right of the United States to use the volunteers in the foreign service, before the courts through the medium of habeas corpus proceedings.

This might be done on an allegation that the volunteers are held against their wishes. Officials say it will be easy to prove by orders issued that all volunteers were perfectly free to ask for and obtain their discharge when the treaty of peace was signed.

MANILA, May 8.—The Filipinos surprised the United States forces at San Fernando with a daring trick yesterday. A train with an engine at each end was run almost to the American outposts. Before it could be reached, a gang of natives tore up several lengths of the railway track, boarded the train again and steamed away. It was done so quick that there was no opportunity to capture the raiders. The Nebraska regiment is asking for temporary relief from duty.

DEWEY ACCEPTS.

Will Attend the \$100 a Plate Banquet.

By Associated Press to the Journal.

New York, May 8.—Dewey cabled Saturday that he would accept the \$100-

WOUNDED AT MANILA.

Capt. Harry L. Heath, the Well Known Yamhill County News-Man.

By Associated Press to the Journal.

WASHINGTON, May 8.—Among the names of wounded in General Otis casualty report today are: Second Oregon—Company A, Capt. H. L. Heath, leg slight. First Washington—Company H, Private William Schermerhorn, arm slight.

By advices from Washington it is learned that Geo. F. Litchfield of Salem is not in the list of killed or wounded.

Corporal Edgar J. Chamberlain, of company K, is a recruit from this city. He left Salem on June 23, 1898, and after spending some time in camp at San Francisco, was sent to Manila, arriving there during November, 1898. He was an attendant at the state insane asylum, and married Miss Ethel Brown, a daughter of Salmon Brown who resides at 417 Marion.

BREMEN, Neb., May 8.—Mary Vlach, 16 years old committed suicide while despondent over the death of her soldier sweetheart, George Hoar, who fell before Caloccan.

a-plate banquet to be tendered him on his return. This is only one of a number of functions now being planned and given great impetus by the arrival of the cruiser Buffalo, which made record-time home from Manila in 44 1/2 days. All the officers declare that Dewey is in the best of health and spirits, and is satisfied with being the head of the navy, wants no presidential troubles, and is planning to come home as soon as peace is concluded.

PORTO RICAN DEMANDS.

Establishment of Civil Government by the United States Asked.

By Associated Press to the Journal.

WASHINGTON, May 8.—Senators J. McKillop and Mankel Zengandria, commissioners from Porto Rico to the United States have presented a second memorial to the president reiterating the prayers of their first petition. They ask the following:

"First.—Cessation of military government and the establishment of civil rule in the island.

"Second.—The establishment of absolute free trade between Porto Rico and the United States.

"Third.—The reduction of American troops and the enlistment of Porto Ricans.

"Fourth.—The right of American citizens in the island."

On the subject of military control, the commissioners make the point that the subject of reforming the Porto Rican system does not properly belong to the army officers who now control Porto Rico, nor to the war department, but to the Porto Rican people themselves. In contending for free-trade relations with the United States, they assert, economically speaking, the people were better off under Spanish rule than under the present military control by the United States, and add:

"That Porto Rico has done nothing to deserve to be forbidden admission to the American markets or to be starved to death through high duties under the tariff promulgated by the war department."

They also assert that "neither Cuba nor Porto Rico will ever be able to make a step in the road of true progress and happiness as long as a custom-house stands upon their soil."

A CRIME.

Cardinal Gibbons Denouncing a Wedding.

By Associated Press to the Journal.

BALTIMORE, May 8.—Cardinal Gibbons in the course of his sermon at the cathedral yesterday on the unity of the church characterized the recent divorce and marriage of a society lady in New York a crime against Christ. His eminence said:

"Consider the pontiff in relation to King Henry VIII, who asked for the pope's sanction to a divorce so that he might marry again. The pope refused to give it, saying: 'Whom God hath joined together let no man put asunder.' Only a few days ago the country was shocked at a woman in high life, who was divorced at 3'clock and married again almost before the ink was dry on the divorce papers. This is a

WAR DEPT.

Is Encouraged Over Conditions.

That Are Reported Prevailing By General Otis

A Successor Has Been Chosen For Admiral Dewey.

By Associated Press to the Journal.

WASHINGTON, May 8.—The war department officials seem to be even more encouraged over the condition of affairs in Manila. The report of General Otis today indicates that the American troops are well disposed.

It has been evident that the insurgents who are operating in the swamps and jungles east of MacArthur have been very annoying but the army gunboats have made it too hot for them to remain. Lawton appears to be pushing northward 15 miles to the east of MacArthur.

The Rio Grande river lies between them and there the gunboats are evidently at work. Portions of the dispatch which the department has not made public, possibly refers to the future movement of the two divisions of the army.

WASHINGTON, May 8.—The navy department has selected a successor to Admiral Dewey to command the Asiatic station. Orders were issued today detaching Admiral Watson from the command of Mare Island navy yard, and ordering him to report to Admiral Dewey at Manila, to relieve that officer when he feels he can be spared there.

Rear-Admiral Kempff, at present on waiting orders, has been ordered to succeed Admiral Watson in command of the Mare Island navy yard.

BERLIN, May 8.—It is authoritatively stated that the committee of the Reichstag to which was referred the meat inspection bill has reported against the

ROYAL BAKING POWDER

ABSOLUTELY PURE
Makes the food more delicious and wholesome

measure and in favor of a bill so hostile to American interests that the government will probably refuse to sanction it.

BELLEVILLE, O., May 8.—Judge Wm. M. Lawrence, ex-comptroller of the United States treasury, died today.

CYCLONES.

Reported From Texas and Oklahoma.

By Associated Press to the Journal.

GETTYSBURG, Pa., May 8.—Many buildings destroyed and persons injured in Canadian county.

DALLAS, Texas, May 8.—A report from Benjamin, Knox county, says that a terrible storm swept over the country 30 miles west of that place. The family of George Humphrey, four persons, were drowned by the sudden overflow of the river.

THREE MURDER CASES

Pending for New Trial On Arguments for Commutation of Sentence.

Judge Burnett opened the regular term of court at Dallas today. The Magers' case cannot be got ready for a new trial before May 22 or June 1, when a special term will be held.

District Attorney Hayden fears the supreme court will order a new trial in the McGrath murder case from Linn county.

Arguments and petitions for the commutation of the sentence of Claude Branton, sentenced to be hanged in Engene, will be made and presented to Governor Geor today. Judge Hale, Branton's attorney, will make the argument. The main reason for clemency will be that Branton's accomplice, Courtland Green, is now in jail, and capital punishment in Branton's case would be unjust. Branton was convicted of the murder of John Linn in the mountains in Lane County last June. His execution is set for May 12.

Stand by Salem Merchants.

THE JOURNAL is a Salem paper. Here it lives, moves and earns its bread and butter. It would not refuse an advertisement for a Portland firm but it does not solicit such and it believes in upholding the dealer. An exchange well says: Stand by your home merchant. He is the man who helps to pay for the streets on which you walk, for the schools in which your children are educated; helps to keep up the church in which you worship; he is the man who
