MEMORIAL DAY.

What the G. A. R. Committee is Doing to Observe May 30.

The joint committee appointed by Seigwick Post No. 10 G. A. R. and the Woman's Relief Corps for the purpose of making arrangements for the proper observance of Memorial Day in Salem on June 30 have had several meetings and report satisfactory progress.

It is the intention of the committee and of the members of the Post and Corps to make the coming Memorial Day exercises interesting and impressive.

The Sunday services will be held in the Presbyterian church on the 28th inst and will be conducted by the pastor Dr. Ketchum and everyone will be invited to attend.

On Memorial Day a procession composed of the Post Women's Relief Corps all old soldiers and sailors will be formed accompanied by as many patriotic and fraternal organizations as will accept the invitation to be present, and it is hoped that the public schools, city council, fire department and citizens generally will join in the march.

Proceeding to the cemetery the beautiful and impressive ceremony in memory for our departed comrades will be observed.

After returning to the city, all old soldiers, their families and invited guests will be served with a lunch prepared by the ladies of the Relief Corps at the G. A. R. Hall.

In the evening appropriate exercises will be held at the opera house consisting of music, song, speeches, drills, etc. Programs will be arranged and published later.

If a sufficient number of returned Cuban and Manila soldiers can be found they will be invited to act as "Guard of Honor" for the day also to fire the "Salute" at the cemetery by honoring the old soldiers of '61 who presented to us a united county. We honor our brave boys now in the field who are making a new and better universal civilization, and upholding the honor of the flag we love so well.

Bad Habit.

While on the streets of Salem today we noticed several fine horses driven out and the throat latches to their bridles were so tightly buckled up as to cause their necks to be swollen.

Not long ago one of the Salem fire department horses was sold for a song on account of defects which have been directly traced to this cruelty. The driver, who knows no more about the proper treatment of a fine horse than to buckle up a throat latch so tight as to cause swelling of a horse's glands, ought to have one around his own neck and drawn a little tighter each day until he took a tumble. There are more good horses ruined in this way than more people think.

The cruel over-check is gradually disappearing from our streets, and the day

is not far off when the fool-killer will have found most of the extreme high-checkers.

Brewer Beck's Will.

The will of S. Beck has been filed for probate in the Marion county court. The testator bequeaths \$600 each to his two children, Joseph S. and Leona Beck, to be paid to them on their majority, and the balance to his wife, Margarite Beck, for the support of herself and the children.

E. Schott is named as executor, to act without bonds, and has been appointed by the court, and Aug. Schriber, Henry Haas and H. Wendroth are appointed appraisers of the estate, which is estimated at: Personal property \$1,000, real property in Marion county \$10,000, Folk county \$700.

In case of the deaths of these heirs then the property is to go to the brothers and sisters of the deceased, viz: Louise, Mary, Rosa, Catherine, Joseph, and Lewis Beck, all residents of Hausman near Colman, Germany.

Salem Cigar Appreciated.

One retailer reports having sold two boxes of LaCorona's while only one cigar of a much advertised brand was asked for.

What the Trusts Are Doing.

The Dallas Times Mountaineer says: When the news had been flitted over the wires the morning after the presidential election in November, 1896, that McKinley had been elected. It was announced by the Oregonian that 1,000 commercial travelers would be started on the road at once soliciting orders, because confidence had been restored and business would be resumed. The Oregonian forgot to state at that time that inside of three years over 100,000 commercial travellers would be called off the road because manufacturers would be enabled to form trusts whereby the services of "drummers" would be dispensed with, but such is the case now.

Do not put off the duty that ought to be done today. If your blood is out of order take Hood's Sarsaparilla at once.

Lets at Ulrey's Barn.

Livermyan T. L. Davis, of Jefferson drove in yesterday for one of his rigs which was left at Ulrey's barn by the same man who hired one of Fidler's teams to drive to Canby but instead drove to Portland and left word at the stable to have the buggy and harness well cleaned and taken care of. The two lively men have sworn out warrants for the arrest of the rascal.

Dr. Bull's Cough Syrup, is a Remarkable medicine. A dry, tickling, hacking cough, the warning that consumption lurks near, needs no other doctor but Dr. Bull's Cough Syrup. It positively cures throat and lung trouble.

Lamp Stolen.

Sup. A. L. Brown, of the Salem Water Company had his bicycle lamp stolen from his wheel while attending lodge in the insurance building. Mr. Brown wishes to state for the benefit of the thief that there were several peculiarities about the lamp: one was that it leaked some; another that it would blow out in an attempt to search; another, his name was engraved on the bottom; and a few other things he will explain on application to him in person.

A Clean Theatre Co.

The Jessie Shirley theatrical company has been entertaining Corvallis theatregoers this week. The character of the engagement and the work done is best explained by the fact that the houses grow larger each succeeding night, and that earlier each succeeding day the box seats fill. The demand has

Stand by Salem Merchants.

THE JOURNAL is a Salem paper. Here it lives, moves and earns its bread and butter. It would not refuse an advertisement for a Portland firm but it does not solicit such and it believes in upholding the dealer. An exchange well says: Stand by your home merchant. He is the man who helps to pay for the streets on which you walk, for the schools in which your children are educated; helps to keep up the church in which you worship; he is the man who built a home which enhances the value of your property; every subscription paper that is passed has his name on it; he is the man who cannot afford to swindle you, self-interest if nothing else would prevent it; he bears his share of the city government; stays right by you in sunshine and in darkness, and days of prosperity and adversity. These are but a few reasons why your patronage should be given to the home merchants.

Jefferson Educator Marries.

Speaking of the marriage at Lebanon, Wednesday April 22 1897, of W. J. Looney and Miss Martha Bridges. The Drain Watchman says:

The bride is the youngest sister of Hon. J. T. Bridges of Roseburg, a very beautiful and accomplished young lady, while the groom is the youngest son of Jesse W. Looney, of Jefferson. Prof. Looney has been principal of the Jefferson Institute for the past two years, and was formerly a student and a graduate of the Normal school at this place.

"To Er is Human."

People like to talk about attractive things in advertising. In a company recently the proverb, above quoted, which appeared at the head of one of a well constructed series of advertisements of Hood's Sarsaparilla, was so much discussed that we doubt if any one there will ever forget the sentence whence it came. Messrs. Hood & Co. are using proverb advertisements on a very broad scale, and they are attracting discussion and favorable comment everywhere.

indeed become such that in order to secure desirable seats tickets have to be purchased early in the forenoon. The increasing houses are alike gratifying to the company and to the audiences, the latter having a natural pride in having a deserving company meet with satisfactory local patronage.

Miss Shirley is an excellent actress. She plays widely different roles, and is apparently as much at home in one as in another. She is accounted by some the best that has visited Corvallis in many a year, indeed, if ever. The members of the company, likewise, are thoroughly capable actors. Together they produce good plays with effects rarely seen outside the cities. The admission, furthermore, is not a dollar; but only thirty cents for reserved seats. Yet the performances given are better, cleaner and more attractive than most if not at all the usual productions for which seventy-five cents or a dollar is asked.

[We take pleasure in copying the above from the Corvallis Times, entirely unsolicited on the part of the Shirley Co. We trust their efforts to present clean plays in a creditable manner may give them full houses.]

Disease May Free Him.

Special to The Journal. LONDON, May 8.—It is learned that Dr. Collins, whose trial and sentence to penal servitude for causing the death of Mrs. Uzielli, created a world-wide sensation about two years ago, is at the Portland prison in a very precarious state of health. He was removed to Portland prison after completing the usual month's solitary confinement, which is said to have told severely upon his mental faculties. At Portland, beyond making bags, the doctor has not been able to do any manual labor. If he does not get better it is surmised that he will be released before his term expires, about four years hence.

Labor Convention.

Special to The Journal. SALT LAKE CITY, Utah, May 8.—The second annual convention of the Western Labor Union began here today. The officers and prominent members express themselves as being very much encouraged by the present state of the order. No important resolutions were introduced today, but it is rumored that the convention will consider a proposition to organize all trades, whether or not unions already exist. Such an action on the part of the order would have the effect of precipitating a bitter warfare with the American Federation of Labor.
