Admiral Dewey Welcomed.

By the Mayors of All the Larger Western Cities

Important Changes Take Place in Samoa Today.

By Associated Press to the Journal.

SAN FRANCISCO, May 10.—Mayor Phelan has sent the following cablegram to Admiral Dewey: "On behalf of our citizens, we, the mayors of our Western cities, cordially invite you to return by way of San Francisco, across the great ocean which was the scene of your victory and which you have opened to American influence and trade. The Pacific coast cities feel especially grateful for the protection you have afforded them."

The Olympia was built in our yards and the volunteers who answered your call are from western homes. We are eager to show our appreciation of your patriotic services and would be honored by your acceptance."

The message was signed by the mayors of San Francisco, Chicago, Omaha, Denver, St. Paul, New Orleans, Portland, Salem, Los Angeles, Seattle, Tacoma, Olympia and Spokane.

WASHINGTON, May 10.—A dispatch from Captain Coghlan says examination of the Raleigh shows that she sustained practically no damage in grounding off Charleston.

WASHINGTON, May 10.—The transport Badger, with the Samoan commission aboard will arrive at Apia, today and there is much interest among the officials in the important change of conditions which will be brought about when the commission takes charge. It will involve a practical suspension of the treaty of Berlin and the system of administration by which islands have been governed for the last ten years, and the temporary rule of the commission.

The consuls of three governments will suspend their functions, as all authority heretofore exercised by the consuls and other officials for the time being will be vested in the hands of the joint commission. The same suspension will occur as to the chief Justice Chambers and the president of the municipal council.

WASHINGTON, May 10.—The following was received this morning from Admiral Krantz: "Apia, May 8, via Auckland.—The Brutus arrived April 29. All is quiet at Apia. Conditions much improved. I have withdrawn marines from shore as their presence is required no longer."

WASHINGTON, May 10.—The British-Venezuela arbitration, which was to begin at Paris on the 24th of this month, has been postponed until June 15.

BURGLARY.

The Brick Store in North Salem Entered Last Night.

The store of W. L. Wade, on North Liberty street was burglarized last night, and a small sum of money and a gold watch was taken.

The burglar brought a ladder which enabled him to reach the roof of the one-story addition to the two-story brick. He then pulled up the ladder and with it climbed to the roof of the main building. Opening a skylight, the ladder was again brought into requisition and he descended to the second floor, and easily made his way down stairs.

The safe was opened without force being used, although Mr. Wade is confident that he turned on the combination before leaving the store. The inner drawers were wrenched out, and a locked compartment was opened, which required a key to fit it.

The contents of the safe were scattered about and all money taken except

a Canadian and a mutilated piece. The watch taken was an old-fashioned English key-winder in an open faced gold case, and the chain was also old style ladies' neck chain, solid gold, having a slide, on one side of which were the initials A. J. and on the other, the coat of arms of Australia. An open-faced Waltham in the safe was not taken.

The cash drawer under the counter was wrenched out and its contents appropriated, about \$17 altogether being taken.

The stump of a hand-made cigarette was left on the floor by the burglar, and he also left his ladder. This is made of a couple of light poles about 12 feet long, with the bark on, and with light strips nailed across.

Whoever committed the act must have been somewhat familiar with the lay of the land, as well as with approved methods of procedure in such cases. Officer Gibson has the matter in hand.

RUNAWAY.

A Spirited Horse, and a Harness Which Had Grown Old.

A gentleman from Turner, whose name was not learned, drove into town this morning with a spirited horse hitched to a buggy, with a somewhat dilapidated harness. When he drives home he will have a new pair of shafts on the buggy and probably a new harness.

Coming down State street, when opposite the M. E. church, the horse took flight at a bicycle and then started to run. The harness gave way and the horse commenced to fend off with his heels. Then the driver relinquished all attempts to control the further proceedings, dropped the lines and commenced to execute a retreat over the back of the buggy. By this time the horse had turned and the buggy collided with a tree in front of Bob Hendrick's residence, throwing the gentleman heavily to the ground. He struck on the sidewalk and was unconscious for a few moments, but recovered before the arrival of Dr. Jessup, who had been called. He was bruised up somewhat, but not seriously injured. The horse proceeded up State street until he met one who had presence of mind enough to say "whoa," when he stopped and was taken care of. The buggy shafts were broken and harness demoralized.

Mt. Angel Defeats St. Paul.

Last Sunday the St. Paul ball nine that had undue reputations and records on a hundred different diamonds in past years, struck out for gallant Mt. Angel, followed by the anxious yearning eyes of thousands of sports from all over the state. They wanted a game; and game they got, hot and stiff. The premises and college porches were studied with sport lovers from Salem, Gervais and the surrounding towns. Curiosity was on tiptoe; for it was a real prize to see the featherweights of Mt. Angel plucky enough to stand up before the stalwart victors of so many a far-famed field. The score was 9 to 7 in favor of Mt. Angel. Pitcher Fay M. A. C. fanned the best of the visitors. St. Paul had short stop Cooley, of league renown. M. A. C. will try the fortune of battle with Multnomah in the near future, possibly on Decoration day. J. D. E.

Disaster of a Special Session of Congress Impending

While the Citizens of Macabebe Cheer the Americans.

By Associated Press to the Journal.

MANILA, May 10.—The Filipino general Mascardo's army, inspired by wine and by the general's oratory, on Monday evening, attacked San Fernando. There was tremendous yelling and great expenditure of cartridges by the rebels, but very little result. General Mascardo holds the outskirts of Bicolar west of the railroad.

At dusk a detachment of rebels rushed towards the outposts of the Montana regiment but were met by a hot fire from the line. After an hour's fighting, during which one private of the Montana regiment was wounded, the insurgents subsided.

General Luna is massing his army east of the railway bringing up troops by train loads. The country between San Fernando and Calumpit is filling up with natives who profess great friendship towards the Americans but who are suspected of sympathy with the insurgents.

New York, May 10.—A special to the Herald from Washington says: General Otis has virtually decided against the legality of claims for indemnity filed by residents of Ilo Ilo whose property was destroyed during operations incident to the capture of that city. The claimants who reside in other countries are advised to present their claims through the governments of their respective countries.

WASHINGTON, May 10.—The following has been received from Otis: "The transport Pennsylvania left for San Francisco today. The Nelson leaves on the 11th, the Cleveland on the 12th, and the St. Paul on the 13th inst."

It is not known at the war department what troops will be brought on these transports, and owing to the general interest on this point in all parts of the country.

The adjutant general has sent a cable message to General Otis asking to be informed as to what troops were on each of the transports scheduled to sail, as mentioned in the telegram today.

MANILA, May 10.—The gunboats Laguna de Bay and Cavandogo under command of Captain Grant steamed up the Rio Grande to Calumpit today clearing the entire country of rebels from the bay upward. When the vessels reached Macabebe a thousand inhabitants of the place assembled upon the banks of the river cheering the expedition.

Captain Grant was given an ovation when he went ashore. The Macabebeans expressed themselves anxious to enter the service of the American navy for campaign against Tagala.

New York, May 10.—A special to the Tribune from Washington says there is revival of the talk of an extra session of congress and it has more behind it than idle gossip. The contingency of such a session has been discussed at a cabinet meeting and a member of that body is authority for the statement that the president's mind is strongly inclined toward such a move.

New York, May 10.—A dispatch from Hamburg is received announcing that

A Couple of Well-known and Popular Young People Joined for Life.

A very happy wedding took place at high noon today at the home of Mr. and Mrs. S. Mundell, on North Liberty street, when their daughter, Miss Ethel, was united in marriage to Mr. E. C. Power, of Portland, Rev. Ronald McKillop, of the First Baptist church, officiating.

The wedding was attended by the immediate relatives of the contracting parties and quite a number of the friends. The bride was beautifully dressed, but a detailed description of her costume is not in this reporter's line. Miss Leila Tarpley played the grand march, and Miss Maggie Mitchell acted as bridesmaid and Fred Mundell as best man.

The presents were many and beautiful. Among those present were: Mr. and Mrs. S. Mundell Mr. and Mrs. Power, parents of the groom, Mr. and Mrs. Ronald McKillop, Mr. and Mrs. L. Kansas Cyclone.

WICHITA, Kan., May 10.—A special to the Beacon says a cyclone struck Coldwater, Kansas, at 10 o'clock last night completely destroying 12 houses and killing Jos. Bowers, a prominent cattle man. Aldrich's general store was wrecked. A brick block on Main street was blown down. The Presbyterian church was blown away and the court house unroofed.

Window Glass Trust.

MENDE, Ind., May 9.—The statement is now positively made that the mammoth window glass combine will be completed during the next few days. Glass men now regard the thing as settled and the American Window Glass Association, which goes out of existence May 30, will be supplanted promptly by the big concern. The new trust will be capitalized at \$30,000,000, and will control absolutely more than 90 per cent of the country's window glass production.

Would He Demstrate. San Francisco Examiner. Of one thing we may be sure. A Dewey administration would be an honest one, and in more respects it would be emphatically Democratic. There would be no Algers, Eagans, or Hannas in it. Brought up in a service whose inflexible tradition is not merely honesty, but the most delicate honor, Admiral Dewey would bring a new atmosphere into the departments at Washington.
