LATEST MOVE

Of the Wily Aguin-aldo.

To Force Powers to Recognize His Government.

Also Asks Passes For a Military Commission.

By Associated Press to the Journal. MANILA, May 13.—Aguin-aldo has issued orders that all foreigners must leave insurgent territory within 48 hours. There are only a few commercial men there, mostly Englishmen and Germans. Aguin-aldo believes that by refusing them the rights of non-combatants, he can force their governments to recognize the belligerency of his so-called government, in order that they may treat for the safety of their subjects.

A Filipino priest, who had talked with the Tagal General Treasurer brought to Father McKinnon a copy of a letter written by Aguin-aldo to the General Treasurer asking his opinion as to the advisability of surrendering, saying: "I fear a long warfare is necessary to conquer the United States will drain the country's resources too much." Mr. Holmes, a Canadian subject, who with his partner, Mr. Carrick, an American, was recently captured by the Filipinos, reports that he was informed by his captors that he might leave whenever he wished to do so. He refused to go unless Carrick was permitted to accompany him.

Among thousands of proscribed friendly natives who are returning to their homes behind the American army some have taken advantage of the generosity of their conquerors to make their homes unsafe unless Americans go well armed and in parties. Soldiers going about alone frequently are fired upon from houses or from behind bushes. During the past week it was found necessary to send guards with wagons, ambulances and several attempts have been made to wreck trains.

MANILA, May 13.—General Lawton has captured San Idefonso, nine miles north of Ballang, which has been his base of operations. Although tremendously well fortified and defended by a large and desperate body of Filipinos, General Lawton's troops rushed the trenches and routed the enemy completely, with the loss of one American wounded.

Fresh troops are beginning to go to the front. Two battalions of the Seventh infantry (regulars), that had been holding the lines about the city of Manila, will join General MacArthur's division at San Fernando tomorrow, and one battalion of the same regiment will reinforce General Lawton's division near Bacolor. These troops will be replaced by the Twenty-first infantry regiment, which arrived from the United States on the transport Hancock yesterday.

Admiral Dewey will begin his return to America in the cruiser Olympia, via the Suez canal. The Olympia will be docked at Hong Kong. Captain Barker will command the fleet from the Flagship Baltimore. Lieutenant Eberle is flag lieutenant. Captain Wildes, of the Boston, will command the Oregon. Captain Whiting leaves on the Boston for America, but will go to San Francisco.

MANILA, May 13.—Admiral Dewey will sail for New York by way of the Suez canal on board the cruiser Olympia in about ten days.

MANILA, May 13.—The Filipinos have resumed the attempt to induce the Americans to discuss the situation. Reyes a young lieutenant on the staff General Gregor del Phi, came to Lawton today, under a flag of truce. He was accompanied by a barefooted bugler. The two were escorted to Manila by Captain Sewell of Lawton's staff. Reyes told Otis that Aguin-aldo desired passes for a military commission to come to Manila to confer with the American commissioners. Otis replied passes were not necessary as unarmed commissioners could enter the American lines. He would leave the matter in Lawton's hands; Reyes returned to Bacolor.

MANILA, May 13.—Admiral Dewey will leave for the United States as soon as he can arrange his business here and give full instructions for the management of the fleet to his successor. The cruiser Olympia, upon which Dewey will make the voyage home, will sail at a leisurely speed stopping at Mediterranean ports to give the admiral, officers of the ship and crew an opportunity for rest. Like all the Olympia's company, the admiral is much run down by his long stay in tropical waters. The Olympia will proceed to Hong Kong to be painted white and to coal and provision for the long journey. Dewey expects to retain his position on the Philippine commission.

A DRAW BAR

Pulled Out of a Coal Train Causing Some Delay.

And the Second Section of a Passenger Train Comes into a Collision With it.

By Associated Press to the Journal. Reading, Penn., May 13.—A terrible rear-end collision of passenger trains occurred last night on the Philadelphia and Reading railroad at Exeter. The first train stopped for orders and while standing still was crashed into by a second section. The number killed is at least twenty-eight. A large number are seriously hurt.

JESSIE SHIRLEY FAREWELL.

Will Be Played in "Divorce" at the Reed Tonight.

The successful engagement of the Jessie Shirley Co. comes to a close this evening when Bartley Campbell's great American society play "Divorce" will be presented. The wide range between "Vera" in Motus, and "Cigarette" in Two Flags, was perfectly covered by Miss Shirley. The large and very fashionable audience Friday night was even finer than on any previous night, and an effort has been made to secure the company for a return engagement. They can rest assured of a hearty welcome whenever they return.

The orchestra scored an encore last night in the wonderful imitation of bagpipes and their playing was much appreciated throughout the week. Salem people love good music as well as pure plays.

The parts that attracted especial attention last night were De Rocco as Rockingham, Pinner as Flannigan, Miss Marie Baker carried the leading role as Venetia in a most charming manner, as she is indeed a very finished performer. Miss Nielson's singing was again a very sweet performance. Miss Baker the popular leading lady with the Shirley Company will not appear tonight as she is called home by the serious illness of her mother at Frisco. Miss Shirley will try to fill her place at once and after an interview with Miss Portia Knight expressed regret that she could not secure the well-known Salem actress to take her place.

Over the Death of Flower.

New York Millionaire and Founder of Trusts.

Tremendous Fluctuations on the Leader's Departure.

By Associated Press to the Journal. New York, May 13.—Ex-Governor Roswell P. Flower died at Eastport, L. I. He was born in Theresa, Jefferson county, N. Y., August 7, 1835, was the sixth of nine children, and when his father died he was 8 years old. Mr. Flower always was a Democrat. In the early '70s he helped S. J. Tilden to develop the famous organization which expelled Tweed and enjoyed many other triumphs. Mr. Flower was chosen chairman of the Democratic state committee in 1877, and in 1881 he defeated William Waldorf Astor for congress after a hot campaign in the eleventh district. His majority was 3,100, while Levi P. Morton, Republican, had carried the district at the last previous election by more than 7,000 votes. He refused a renomination. He was elected governor of the state in 1891.

Mr. Flower took up Brooklyn Rapid Transit less than two years ago, buying from 20,000 to 30,000 shares at about 25, when the capital stock was only \$25,000,000. He absorbed many subordinate lines, among them the Nassau Electric Company, and increased capital stock to \$45,000,000. Soon his extraordinarily successful manipulation put the price up to 137. His holdings in Brooklyn Rapid Transit alone, which cost him two years ago little more than \$200,000, are worth at today's market price, more than \$3,000,000.

Mr. Flower was one of the founders of the Federal Steel Trust, whose stock already issued is \$20,767,800. Good authorities estimate that Mr. Flower's profits in the last 18 months in Wall street have exceeded \$10,000,000. He had become in that time the acknowledged speculative leader in the financial markets of the United States.

The Market Wild. Owing to the diversified interest of the late Roswell P. Flower, which included a number of speculative properties on the New York stock exchange, the market reaction prepared for a concerted raid against these stocks, People's Gas slipped 15 points and Federal Steel, Rock Island and other trust stocks Flower issued dropped off from 5 to 10 points.

About 50,000 shares were thrown over in Brooklyn Transit during the first fifteen minutes. Trading in the stock exchange during the first hour collapsed anything ever witnessed in the market of violence of fluctuations. Variations of 2 to 3 points were common and there was a split in New York Air Brake of 10 points on a single transaction. There appeared to be unanimity of action among the substantial interests to support the market after the opening demoralization stocks were purchased at rapidly improving prices.

Freight Wreck.

ROSEBURG, Ore., May 13.—A Southern Pacific freight was wrecked this morning near Glenbrook, four miles south of Riddle's station. Engineer James McCauley is killed. Fireman James Merriam, of Portland, is badly injured. The injured and dead will be brought in this afternoon. The cause is not learned. The engine is on one side turned partially around. Four cars were badly smashed.

Chance of a Lifetime.

Tuesday morning, bright and early, the residents of this city will be given an opportunity that comes but seldom to the people of any community. On that date the big Boston Shoe Company operating extensive factories at Lynn, Mass., and Santa Rosa, Cal., will inaugurate one of its mammoth shoe sales, and the occasion will long be remembered by the shoe purchasing members of this entire community. A \$10,000 stock will be slaughtered, irrespective of values. The early purchaser gets the pick, and everybody gets a bargain Tuesday morning in the Eldridge Block, 308 Commercial street.

CHRISTIAN SCIENCE LECTURE.

Doctor Fluno Will Speak in Salem Wednesday Evening at the Opera House.

The announcement that one of the national official lecturers of the Christian Science faith is to lecture at Reed's opera house in Salem next Wednesday evening, is attracting wide spread attention throughout the community. This teaching has spread more widely and rapidly than any religious doctrine during modern times. It has been condemned by the clergy and the medical profession quite generally, and many of its followers have been prosecuted in the courts, but the faith has continued to spread until it has found adherents in nearly every town and hamlet. All the persecution that has come to the surface has been received in the most kindly spirit by the Christian Scientists. Their motto seems to be to court the fullest investigation of their claims from the standpoint of truth and abide by the results.

Dr. Fluno who is to lecture here on the 17th is a cultured gentleman, a former physician and an accomplished lecturer. He attracts large audiences wherever he appears, and his presentation of the subject bears the stamp of approval by all thinking people. The lecture will be free, and all wishing a better knowledge of this subject should make it a point to attend at the Reed Wednesday evening, May 17, at 8 o'clock sharp.

Social Event at Turner.

On Wednesday, May 10, Rev. Mr. Earhart and family were surprised in great shape. About twenty of their friends and neighbors filed through the door and filled up the rooms until space was gone. Mr. Earhart has been pastor of the Presbyterian church in Turner for nearly two years, he will soon leave for a new field of labor in Washington, and the gathering was a kind of farewell meeting and expression of regard for Mr. and Mrs. Earhart. Mr. Underwood, a merchant of Turner, had received contributions, and a purse of \$28 was made up and the same presented to Mr. Earhart by the pastor of the M. E. church, who made a brief address, explanatory of the surprise and assuring Mr. and Mrs. Earhart that their many friends in the churches and out had chosen this method of expressing their affection and esteem. Mr. Earhart, who was deeply affected by this spontaneous manifestation of regard, responded in fitting words for himself and wife, and the people then partook of sandwiches and coffee, with cake of varied shapes and exceeding richness. A social event it was and no mistake, many declaring that for real sociable enjoyment you would have to go far to find its equal. In good season the company retired and left with their farewells the kindest wishes for the happiness and success of the pastor and his family in their new field of work.

ONE WHO WAS THERE.

Injured in a Runaway. This afternoon just as THE JOURNAL was going to press news came in of a disastrous runaway accident north of town. In it the buggy of one of the Martin boys was smashed to smithereens and Mrs. L. J. Martin and the daughter of William Martin were thrown out and injured. The extent of their injuries could not be learned.

THE EPWORTH LEAGUE. Program to Be Given at the First M. E. Church Sunday Evening. Sunday will be the tenth anniversary of the organization of the Epworth League and according to advices received, Methodists everywhere are preparing to celebrate the day. A special anniversary program has been prepared for the use of the 19,500 chapters of the league. Sunday morning Methodist pastors will preach special sermons to the Epworth leaguers, and at night the churches will be given over to them for their services. The Epworth League was formed May 14, 1889, in Cleveland, O., at the call of the Young People's Methodist alliance. At that time there were five separate organizations in the church working among the young men and women. The records of the society show that from 1,890 chapters May 15, 1890, the league expanded quickly to its present proportions—19,500 chapters or local societies and more than 1,350,000 members throughout the United States and Canada. At Salem the evening service will begin promptly at 7:30 instead of 8 o'clock, because the Junior League will have a part in the service. The "red and white" will be in evidence Sunday, and the motto of the league, "Look up, Lift up," will be the subject for thought. In the morning, the pastor will preach a special sermon to young people and Miss Robin will sing a solo. Following elaborate program has been arranged for the occasion: Hymn, "Worshipping the King." First Psalm in Union. Anthem, "My faith Looks up to Thee." Solo parts by Miss Raymond, Miss Atwood, Mr. Seley. Scripture Reading, First Vice-President, U. J. Lehman. Hymn, "Jesus Reigns." Responsive Reading, President and chapter. Song, "Walking in the Way with Jesus," choir and chapter. Addresses: "History of the Epworth League," by the secretary, Dimmitt.
