EDITORIAL REVIEW.

As a result of the recent appeal issued by the American branch of the International Women's Peace Committee it is expected that the disarmament conference which assembles at the Hague next week will be the subject discussed from the pulpits of fully seventy-five per cent of the churches of the United States.

An amusing phase of Parisian life has excited attention this week owing to the advent of better weather. For several days past the state pawnshops have received the visits of a stream of bicyclists, come to redress the wheels which they pledged at the beginning of the winter.

The Oregon Indian War veterans want to get out their flintlocks turned into percussion muskets, and butcher knives, and in addition use an independent ballot, if they want to get their four million dollars claim paid.

The Society of the Cincinnati, which was founded by the American and French officers of the Continental Army at the close of the Revolutionary War in 1793 and of which General George Washington was the first president-general, began its triennial meeting in New York today with President-General William Wayne, of Pennsylvania, a descendant of "Mad Anthony," presiding.

What's the difference between the young lady who deftly steals a snap-shot of the circus parade and her little brother who crawls under the tent?

If Salem had clean moral plays once in a while like those the Shirley troupe has brought this week, the opera-house would be so well patronized that an improved opera-house would be provided.

Roseburg Plainedealer: A marked improvement was noted in last Saturday's DAILY CAPITAL JOURNAL. It was edited by a Salem lady, the winner in the JOURNAL'S prize contest for ladies.

Colonel Funston is described as "small, wiry, tough, red headed and a native of Ohio." No wonder that the Filipinos threw up their hands when they went up against that sort of a combination.

Bohemian Nugget: Farmers around Cottage Grove are beginning to see the necessity of having better roads. It is a question deserving of the attention of every enterprising citizen of every community.

The Oregon Indian War veterans want to get out their flintlocks turned into percussion muskets, and butcher knives, and in addition use an independent ballot, if they want to get their four million dollars claim paid.

Judge Judah made the best talk at the Trades' Assembly that we have ever read. He is a thinker, a philosopher, not an agitator. The Trades' Assembly will do well to secure speakers of such conservative and statesmanlike views.

Os. West, of Salem, upon reaching Atlin wrote back to Salem advising his friends to stay at home and raise chickens and strawberry plants like Editor Hofer. Mines are hard to find, and everything is high, hay for instance being \$30 a ton.—Albany Democrat.

Ye gods, how they are improving Yaquina bay! Tom Tongue gets off an interview every day on the necessity of deepening that harbor!

Behold how fast the busy Tongue improves each whaling season. But to safely land another term. He knows his bay in it.

Albany Herald: Collect the delinquent taxes, and enforce the license laws we already have and thereby will not be so badly off. There has been too much loose looseness in enforcing present laws. Stop those leaks, gentlemen of the city council. This is needed more than new laws.
