Commissions Are to

Filipino Government.

Meet

Trouble For the British Breeding Hong Kong.

By Associated Press to the Journal

NEW YORK, May 15 .- A special to the Herald from Washington says: A satisfactory conclusion is expected by the administration officials from the conference which will be held by the American-Philippine commission with a comsend to Manila.

Officials express the opinion that this commission will submit to President Shueman and his associates the answer of Aguinaldo to the propositions made by the American commission to colonel government which is to be given the Filipinos and which Arguelles declared was satisfactory.

London, May 15 .- The Filipino junta from Aguinaldo under date of May 12. "The Filipino government, in accordance with the general feeling of the country, has decided to continue the war at all costs until independence is

The British gunboat Swift and three under sealed orders. The territory back of the Hinterland is also disturbed, and Chinese troops have been sent there.

Pekin-Russian demand for a new railroad conession, connecting with the Russian railroad system in Manchuria, is exciting the gravest anxiety here.

The Germans and Japanese are particularly uneasy on the subject of this unexpected move on the part of the Russians and it is said there is a feeling among prominent Chinese that the moment has come to make every effort in the direction of securing British sympathy and aid.

Washington, May 15 .- It is expected at the war department that Otis will take steps at once to replace the Spanish garrison at Samboangna with with United States troops. Forcible disarmament of the Rebekah troops will be the ultimate proceedure.

It is high time the people of Oregon should begin to take notice of the proud provided events of the next two or three klien, of Corvallis, for the Rebekah most proficient in the charges. rank won for their state by the soldier boys at the front. Following extract from weeks show such action to be necessary. rank won for their state by the soldier boys at the front. Following extract from a letter received at Salem today would indicate that the Oregon Volunteers have not received the recognition to which they are entitled, and which it is not now too late to send them. The letter containing the complaint at the indifference of our late to send them. The letter containing the complaint at the indifference of our late to send them. people is from a member of a prominent Oregon family, and it is to be hoped there from a correspondent: may be no delay in sending suitable greetings, as there is no luke-warmness in the ously ataacking the whole American hearts of the masses of Oregon people toward their brave soldiers at the front:

The Salem Man's Letter,

"I have lost a good deal of love of country in the last year, and especially for Oregon, for she is the most ungrateful state in the union. Every regiment here will return directly to the Som has received a cablegram from their legislature conveying a vote of thanks from out stopping at San Francisco." the people to them for their bravery; and every regiment that has had a hard light and lost men has received a dispatch from their governor complimenting them on their conduct; and nearly every state, if not every one, has voted extra pay to her men serving in foreign countries, but from Oregon never a word nor a sign that she knows she has men here. Yet on the 25th of February the Second Oregons made three charges on the trenches that were veritible fortifications, and which many military men had said could not be taken without artillery, bu never a gun of artillery helped them. They fought all day and only stopped when the enemy had crossed a deep river and destroyed the bridges behind them. other gunboats are proceeding to sea We even drove them from their trenches across the river by the heavy fire we coured into them, and early the next morning crossed the river and drove them from two more lines of trenches. This was done by the men from Oregon, done under the heat of a tropic sun with the thermometer at 125 degrees or 130 degrees and little water to be had. And Oregon legislators in their great munificence propose to "give us first chance at state jobs." No one in the regiment had asked for any money or expected any from the state, and nothing would have been thought of it if they had not proposed it themselves and then raised a howl. Well I suppose that is the reason we received no cablegram of congratulation either—it would have cost a few dollars to send it. Generous, noble hearted citizens of

Oregon! By the way, I suppose they expect as many of the boys as can conveniently die to do so, in order to be in on that monument. Another thing noble? Oregon has done for her men—she gave them old ragged wornout uniforms and then charged them \$18.41 for them-more than the government charges for new ones. Other states presented their men with new outfits.

The Oregon volunteer who complains of the lack of recognition by the Oregon egislature is not correct in saying nothing was done by the legislature for the volunteers. The examination of the records shows the following:

In the special session a joint resolution was introduced by Representative lagg, of Marion county, appropriating \$5,000 for the payment to those who enlisted in response to the president's call, but were afterwards rejected by the medical examiner, the sum granted being \$1.50 per day from the date of their enlistment to the date of their rejection, inclusive. It was held in the senate that money could not be appropriated by joint resolution, and therefore the matter refered to the judiciary committee, and Senator Fulton, chairman of that committee, reported a bill embodying the features of Mr. Flagg's resolution, and
