Has Been Removed to Farlie.

Thirty Miles North of San Fernando.

General Wheaton Relieved of Command of the Second Division.

By Associated Press to the Journal. MANILA, May 19.—General Luna is reported as making desperate efforts to restrain the educated Filipinos within the limits of his self-appointed jurisdiction from communicating with the Americans.

The removal of the seat of government, to Farlie thirty miles north of Fernando may lead to serious complications and delay in the pacification, but it generally conceded that further opposition to American sovereignty is useless.

Gen. Wheaton has been relieved of the command of the second division, for special assignment and Gen. Funston has been assigned to his brigade.

The board consisting of Col. French, of the Twenty-second Infantry and Major Cabell and Captain Randolph, of the Third artillery have been appointed to proceed to Batavia for the purpose of investigating European methods of providing for the health of troops there and to report on the subject for the benefit of the Americans here.

The transport Warren has arrived from San Francisco.

WASHINGTON, May 19.—General Otis' casualties list includes: Wounded—Second Oregon, Company L, Private Frank Butts, thigh, slight.

MANILA, May 19.—Seven Filipino envoys, said to be Bencomen, Del Pity, Arguelles, Pamprinos, Torres, Herrera and Paterno, left San Isador this morning and are expected in the city some time during the day.

All of the commissioners except two fled when San Isador was taken. The two who remained unburdened themselves to Lawton and told him of matters which had transpired in the capital before the column of Americans, marched into the great stronghold.

The Chinese consul has asked General Otis for relief for his countrymen, who he declares, are being persecuted by the insurgents. He reports that 1,000 Chinese were captured at Dagupan and forced by the insurgents to work in the trenches.

The Fraternal Order of Eagles.

This order which is only 14 months old and already has 18 acres with a total membership of more than 4000 is a Benevolent and Social Organization which teaches a philosophy which is as eternal as is the divine truth, and whatever the doctrine has been promulgated, it has found a responsive echo in the hearts of men. It represents in the highest degree the true democracy of Fraternalism and embraces in its circle of membership, humanity in all its phases; an Eagle man in whose soul there is yet remaining one spark of manhood is denied its benign influence. It cares not what a member's business, religion, nationality or politics may be so that he is a man in his true sense. It seeks to spread a knowledge of and belief in its philosophy throughout the entire world until all men shall form a common Brotherhood over which the Supreme Intelligence and Love shall be the Common Father. The sacredness of the Family the Home Circle is one of its fundamental principles. It inculcates aspiration and ambition lofty as the flight of the Eagle from which the order derives its name.

It teaches lesson of mutual self-sacrifice and laying aside at the threshold of the Aerie all worldly differences. In the way of benefits the Eagles pay \$7 per week sick benefits, \$50 as funeral expenses in case of death of member, and furnishes a physician for a member and his family free of charge.

The Worthy President of any Aerie is empowered to render such financial assistance as may be required in cases of emergency without first submitting it to the vote of the Aerie, thus giving a member immediate assistance in time of trouble.

The Social features of our order is one of great attractiveness, unlike that of any other Fraternal organization, being entirely new and up-to-date in every particular.

Once become an Eagle is always to remain an Eagle as isamply shown by the wonderful growth and progress of our Order and the entire absence of lapses in membership.

Dr. Horan E. Markel, the Grand organizer, has met with flattering success since his arrival in our city and will institute Salem Aerie, 19. On next Sunday, May 21, at Popular Hall, Turner Block and has already a charter list of over fifty names.

Wiped Out by Fire.

SAN DIEGO, May 19.—Special to the Tribune from Ash Fork, Arizona, says the business portion of Jerome, A town a city of 35,00 inhabitants, was entirely wiped out by fire today.

By Associated Press to the Journal. DEADWOOD, S. D., May 19.—A vein of gold carrying \$10,000 to the ton has been discovered on a ranch near Custer City. The vein is 14 inches wide, and has been uncovered for a distance of 15 feet. It is the finest quartz that has been discovered in that vicinity.

THE GRAND LODGE.

I. O. O. F. Finishes up Its Business and Adjourns for One Year.

The last session of the Grand Lodge was held this forenoon. The grand officers were installed, district deputies appointed and the routine business of the meeting was closed up. Final adjournment was reached about 1 o'clock, and many members are leaving on every train and boat today. They all seem pleased with their reception and treatment by the people of this city, although those from the arid belt have not been particularly charmed by the prevailing weather. All speak in the highest praise of the entertainment last evening.

The assembly concluded its session and adjourned at 1:30 p. m. The grand officers were installed, and all other routine business finished up except one report which should have been sent in from the grand lodge. It seems that the sterner branch of the order fell down, on this matter, and adjourned without taking the proper action. The ladies waited until half past one and then quit, in time for many of them to take the afternoon train.

Now that most of the Odd Fellows have left town it may be safe to remark that, although they may consider themselves good looking, they can't hold a candle in that respect to their sisters, the Rebekahs, especially the Eastern Oregon and Southern Oregon Rebekahs.

BINGER HERMANN

Recommends Adverse Action in an Important Case.

By Associated Press to the Journal. WASHINGTON, May 19.—Land Commissioner Hermann has recommended adverse action on the petition of the Russian-American Mining and Exploration Company for a modification of the executive act, transferring from the war department to the interior department the custody of that part of the Fort Michael military reservation, lying north of the 46th parallel, on the ground that such an act affected its right to the track on Golevian bay.

REAR ADMIRAL SCHLEY

Receives an Immense Ovation at Omaha this morning.

OMAHA, May 19.—When the train bearing Rear-Admiral Schley arrived this morning there was an immense crowd at the depot to meet him. As he emerged from car, a cheer went up and an effort was made by many to secure a handshake. A reception to the general public will be given tomorrow.

BEGGAR'S INGRATITUDE.

Ambushes and Stabbs His Benefactor.

NEW YORK, May 19.—John E. Englis, was stabbed today by Christopher Daly, a beggar. Wound is a severe one. Daly has been to Englishhouse few days ago to ask for alms and was disatisfied with the food given him. He lay in wait and abused Englis for this, ending by stabbing him.

Court Martial.

WASHINGTON, May 19.—Chas. Farris, of Co. H, Third United States Volunteer engineers, was found guilty by court martial at Santiago de Cuba, and has been sentenced to be shot. The case was sent to the president for review and the death sentence was commuted to life imprisonment, and a dishonorable discharge from the army.

Yamhill Prune Crop.

Dr. Wright yesterday informed a reporter that within the past few days the stems of at least nine-tenths of the Italian prunes in his big orchard on the hill have turned a yellowish hue and will prove almost a total failure this year. From the present indications there will be a full crop of Petites, however. And this is not the case with his orchard alone, but that reports show it to be the case all over the county. The cold rains of the past few days is given as the cause.

Dr. G. S. Wright, one of our enthusiastic prune growers, has concluded to have an evaporator built at his orchard west of town, and has let the contract to Mr. Stephens, of Salem, to erect a building and put in a Stephens drier, the same to cost \$800. Plans were received and the contract let on last Friday, and work will be begun on the same just as soon as the lumber can be procured.—McMinville Transcript.

The Fruit Crop.

Chas. L. Dalloy fruit inspector for the 2nd district, was here looking after the fruit crop. He reports almost a complete failure of prunes in the Williamette Valley on account of the cold-weather of last winter.

The prospects for a good fruit crop are better in Rogue River valley than in any other part of the State of Oregon and could not wish small grain to look better than at present.—Medford Eye, May 18.

Marion County W. C. T. U.

The Marion County W. C. T. U. convention at Brooks ended on Thursday. In the evening there was a medal contest which was won by Master Carl Massey, of Brooks.

The election of officers resulted as follows: President, Mrs. R. M. Steel, of Turner; vice-president, Mrs. Mary Moreton, of Woodburn; corresponding secretary, Mrs. Dora Corby, of Woodburn; recording secretary, Mrs. Mary Cathey, of Woodburn; treasurer, Mrs. Richmond, of Woodburn; Mrs. Mary Marsden, delegate at large for Marion county.

DISARM-AMENT

Of Cubans Causes Trouble. Dispatches Were Carried to McKinley at Hot Springs. General Brooke Asks For a Decision By the War Department.

By Associated Press to the Journal. HOT SPRINGS, Va., May 19.—Adjutant-General Corbin arrived here today, bearing some documents upon which it is desired to have the president's immediate action. It is understood that they refer to the plan of payment and the disarmament of the Cuban troops. The question has been submitted by General Brooke as to whether the arms should be turned over to the mayors of the towns or to the United States officers.

WASHINGTON, May 19.—Secretary Alger says there's no truth in the story that the president or himself had countermanded any order issued by General Brooke relative to the disarmament of Cuban troops. The Cubans ask that the order be modified to allow them to place the arms in the custody of the mayors. General Brooke telegraphed the fact and asked the war department for a decision.
