Dewey At Hong Kong—Saluted By Ships of all Nations.

By Associated Press to the Journal.

WASHINGTON, May 23.—The main feature of the cabinet meeting today was the reading and discussion of the detailed report from General Otis regarding the military operations in the Philippines. The report carried the operations up to April and was considered satisfactory.

WASHINGTON, May 23.—General Otis cables the following: "On the urgent recommendation of Lawton, I recommend that Col. Owen Summers is to be brigadier general of volunteers brevet, as a token of his conspicuous gallantry at the battle of San Isidro. Captain J. S. Case, of the Oregon regiment, is to be major of volunteers brevet, for his distinguished services and gallantry at the above places, acting as division engineer officer."

Colonel Summers commanded the advance brigade of Lawton's division during the recent march northward to San Isidro.

HONG KONG, May 23.—The cruiser Olympia, with Admiral Dewey on board, has arrived from Manila. She was saluted by ships of all nations. Dewey is in bad health and too ill to attend the queen's birthday celebration. The Olympia is going to dock here and will remain ten days.

WASHINGTON, May 23.—General Otis notified the war department of the death at Manila of Lieutenant Pierce C. Foster, of the third infantry, of typhoid.

Solaman Bockhart Commits Suicide—Other Accidents.

By Associated Press to the Journal.

OREGON CITY, May 23.—Soloman Bockhart, a young man living near Marks Prairie, was found this morning in the woods, lying on his face, having shot himself with a revolver. He is still alive, but recovery is doubtful. At five o'clock last night, Miss Hilton, aged 17, living at Marks Prairie, while returning home from Aurora, was assaulted and dragged from her horse by Bockhart. She reported that Bockhart tried to kill her, then said he would kill himself. Bockhart belongs to a respectable family.

LA GRANDE, Ore., May 23.—A. W. Rynearson, a wealthy rancher was drowned in the Grande Ronde river this morning. Rynearson was crossing the river on a foot bridge a mile and a half from town. A floating log struck the bridge, hurling Rynearson into the water and the swift current swept him away and the was that last seen of him. The river cannot be dragged on account of the swift current.

Brazil Taken to Task.

By Associated Press to the Journal.

NEW YORK, May 23.—A special to the Herald from Washington says: Commercial jealousies between the cities on the river Amazon are responsible for the insults offered the gunboat Wilmington and the stoning of the American consulate at Manaus by a Brazilian mob. Reports received by the state and navy departments present the facts, which have been made the basis of proper representation to the Brazilian government.

By Associated Press to the Journal.

CINCINNATI, May 23.—A special to the enquirer from Diaz, Mexico, says: "There is great excitement in San Diale over the lynching of seven colored laborers on the Mexican Central Railroad. Jose Santo, a Spanish negro, attempted to assault the wife of Senor Duply, a ranch owner, and was tracked by blood hounds and in company with nine others were captured opposite Eagle Pass. The regulators hung three and shot four who were attempting to escape."

A Narrow Escape.

ASTORIA, Ore., May 23.—A portion of the Iwaco Railway & Navigation Company's trestle at Iwaco collapsed yesterday while the beach train was passing over it and the locomotive was dumped overboard into the bay, but fortunately no one was injured.

The Engine public schools will close their work for the year with appropriate exercises Friday, June 2, with the exception that the Mount school with Ninth A and Tenth A and B classes will continue one week longer.

[From the above it appears that Eugene, like Albany and other towns, has higher graded schools than Salem. No one has yet appeared to show why all the above grade work cannot be done in each of the Salem schools with competent teachers.]

Fitzsimmons—Jeffries Fight.

New York, May 23.—The Fitzsimmons—Jeffries fight is to take place at night, instead of in the afternoon on June 9. DISARMAMENT.

The Delegates Chose Presidents for Various Committees.

THE HAGUE, May 23.—The chiefs of delegations to the peace conference held a private meeting this morning and afterward informed their colleagues of the arrangements made for a choice of presidents for the various committees. The delegates approved the selections made. The conference held a plenary sitting at noon.

Following are the members of the first commission: Honorary presidents, Von Munster, head of German delegation, and White, head of the American delegation. Effective President, Vankarneck, head of the delegation, Netherlands. These are divided in two sections, war and marine.

Woolen Mill Trust.

With the market price of wool only about half what it was a year ago, and no demand, the question of what a trust could do to help the situation is of interest. The Albany Democrat says: "The new woolen trust is after the woolen mills of the coast generally, including those at Albany and Salem. The Albany mill will not go into the trust under any circumstances. The scheme no doubt is to get possession of the smaller mills, or control of them and then shut them down. The proprietors of the Albany mill consider it a public institution of importance to Albany and are loyally to our city to permit of anything of that character. It is reported that Mr. Kay, of Salem is considering the proposition, but will not accept any terms but complete cash for the plant, which is not the program of the trust as a rule. It is doubtful if any more than a very few of the mills of the coast go into the combine."

A Press Club.

Following Monday night's meeting the secretary of the Salem Chamber of Commerce has sent a note to the newspaper workers of the city inviting them to form a press club, as follows: "It has been suggested that a 'Press Club' would be of very material assistance in organizing a suitable reception to the delegates to the National Editorial Association Convention, in July. I believe that an impression can be made upon the visitors at the time which will be of very great benefit to Salem, if they are shown the advantages and resources of our city and country. I beg, therefore, to offer you gentlemen of the press the use of my office Friday afternoon at 4 o'clock, for the purpose of effecting an organization if it should be deemed for the best interest of Salem to do so."

Prisoner Released.

PLAN OF GOVERNMENT.

Submitted to the Filipino Peace Commissioners—They are Pleased.

By Associated Press to the Journal.

MANILA, May 23.—The Filipino commissioners spent the day at the residence of the American commissioners. They discussed every point of the scheme of government and peace proclamation details, asking for information as to what personal rights would be guaranteed them.

The Filipinos also desired information as to the proposed school system, and approved the American policy of separation between church and state. They chiefly objected to the scheme on the ground that it gave them personal liberty but did not give them political liberty. Finally the Filipinos said they were pleased with the plan but could not endorse it officially.

[The prayers of the American people for "peace with dignity" between the Filipinos and Americans have not been unavailing.] Ed. J.
