Philippine Rebels Took To the Swamps.

To Save Utter Annihilation--Peace Commissioners Return.

By Associated Press to the Journal.

WASHINGTON, May 25.--Gen. O'Hara cables the war department as follows: "Manila--On the 23rd inst. the third infantry, while returning to Balingue were attacked this morning, noon and evening by a large force of the enemy, suffering in casualties two killed, 13 wounded. The enemy were repulsed, leaving on the field sixteen killed and a large number of wounded and many prisoners. Yesterday the enemy appeared in the vicinity of San Fernando, were attacked by the Kansas and Montana regiments, which suffered only slight loss. The enemy was driven through the rice fields, leaving 50 dead, 38 wounded and 28 prisoners. Fifty rifles and other property were also captured. The retreat through the swamp lands saved them from total destruction. Lawton is returning, leaving Mac Arthur on front the regular troops to replace the volunteers."

MANILA, May 25.--The Filipino commissioners left by a special train today. It is expected they will return soon. President Gonzaga of the Philippine commission, previous to his departure said: "We greatly appreciate the courtesy shown us. We have spent some time with your commissioners, incidentally considering American annexation. Its principles impress us profoundly. The plan of government offered the Philippines seems in theory to be a good colonial system, but why should your nation seek to make a colony of distant people who have been so long fighting against Spain to secure the same rights your annexation gives. You fought the same battle in America when you fought against England."

WASHINGTON, May 25.--General Guy V. Henry, who has been succeeded as governor-general of Porto Rico by General Davis, called on the president today. General Henry talks enthusiastically of the island. He believes that it has a prosperous future and that the people will eventually make good citizens.

IMMIGRATION.

Problems Being Considered by the State Board in Session.

Three members of the state board of immigration are holding a session at the state house today. J. C. Cooper of McMinnville, and W. G. Goslin of Astoria, came up by the Roseburg mail this morning. It was impossible for Mr. Henry of Portland, and Mr. Colvig of Jacksonville, to be present on this occasion.

Mr. Goslin is also accompanied by Dr. O. W. Beckman, of Astoria, who is taking a deep interest in securing for Oregon a portion of the Finnish immigration now coming to America.

The board held a short session before noon and discussed difficulties and opportunities before them and met again at 2 o'clock, when the state officials and other citizens met with them, but up to press hour no steps of a definite character had been taken. The members of the board recognize that unless some financial resources are placed at their command their opportunities for useful work will be virtually cut off and that they might as well resign and leave the field to the local enterprises of the several sections of the state.

PLEADS FOR FINLAND.

An Astorian Appears in Their Behalf Before State Board of Immigration.

Dr. Oswald B. Beckman, of Astoria, is in the city to appear before the State Board of Immigration on behalf of the Finnish population.

"We are appealing to the American people on behalf of the two and a half millions of Finnish people who don't want to be Russified and wiped out as an autonomous people. There are 200,000 Finns in the United States and Canada and 6000 in Oregon. They are coming to this country at the rate of 500 a week and are a peaceful, industrious class of people with the lowest rate of illiteracy in Northern Europe. The czar, who is Grand Duke of Finland and our constitutional ruler, has issued a ukase saying what the Parliament of Finland must do. He demands 30,000 soldiers for five years each, and 13 years' service on the reserve fund. The Finns have a Parliament and have always been allowed the right to make their own laws."

Dr. Beckman is an intelligent, educated gentleman, and presents the case of his people in a forcible and eloquent manner.

THE DEMOCRATS.

National Committee Meets but No Platform Formulated.

By Associated Press to the Journal.

ST. LOUIS, May 25.--The members of the Democratic national committee went into session this morning. Governor Stone was re-elected chairman. Reports on the organizations and conditions of different states were made by the representatives who outlined the conditions existing at home.

Not one of the speakers touched upon trusts, imperialism or silver. Bryan was introduced and made a short address, urging organization and that an effort be made to establish a fund for the coming campaign. No action by the committee regarding plans for the next platform is expected.

Japan Occupies Marcus Island.

By Associated Press to the Journal.

NEW YORK, May 25.--The Herald says: The attention of the state department has been called to the recent occupation by Japan of Marcus island, in the Pacific. The acquisition of the island by Japan has the effect of causing a change in the instructions given to the collier Nero, which is surveying the cable route proposed by Rear-Admiral Bradford. This route avoids Wake island, which was taken possession of by the gunboat Bennington in the name of the United States.

The route recommended by Rear-Admiral Bradford and which the Nero is surveying, contemplated the laying of the cable between Honolulu and Midway island, acknowledged to be American, which possesses a harbor capable, with slight improvement of accommodating vessels of eight feet draught. The distance between Honolulu and Midway is 1160 miles. A proposition was then considered to connect Midway and Marcus islands, 1500 miles apart, Guam, the next cable station, being only 840 miles distant from Marcus island.

Marcus island is 1000 miles from Yokohama, and was placed by the United States war-of-war Tuscarora in 1874 in latitude 23 deg. 10 min. north, longitude 154 deg. east. Reports received at the department regarding Wake island show that it is of little value for a naval station, being a few feet above the sea level, and frequently submerged.

Information has been received at the navy department that a vessel for surveying the proposed cable route between Victoria and Australia is about ready to start. It is understood here that a station will be established probably at Fanning island, also British. The cost of the cable is estimated at \$8,000,000, \$1,000,000 of which has been subscribed by Canada.

All Are Invited.

By Associated Press to the Journal. MINNEAPOLIS, May 25.--In Presbyterian assembly today D. W. Glass, of Baltimore, caused a surprise by introducing a resolution advocating a conference of all Evangelical churches, including Roman Catholic, to discuss the harmonious arrangement and distribution of foreign mission. Referred, without debate.

SAMOA TROUBLE.

The Commission in Session.

Deliberations Will Be Kept Secret.

But it is Reported the Action of Comodore Kautz Will Be Upheld.

By Associated Press to the Journal.

APIA, SAMOA, May 17 via Auckland, May 25.--The Samoan commission arrived May 13. The first sitting took place May 16. The commissioners were engaged all the morning in conference with Chief Justice Chambers. Nothing was disclosed regarding the deliberations but it is reported that they will uphold the action of Admiral Kautz.

Mataafa sent the commissioners a letter of welcome and expressed the hope that they would satisfactorily end the troubles in Samoa. It is understood that Mataafa will obey the unanimous order of the commission. The Mataafans will probably disperse to their homes if ordered to do so but will never recognize Mataafa as king and doubtless there will be further trouble in future if his kingship is maintained.

To the correspondent of the Associated Press Mataafa said that it was the head chiefs, not himself who began the war. Mataafa claimed that he upheld the treaty and said his orders throughout were not to fire upon Europeans and but for this order the whole party of bluejackets would several times have been shot down by large bodies of natives concealed in the brush.

CRIMINAL NEWS. Mayor of a Georgia Town Calls Out Militia to Protect Negroes. By Associated Press to the Journal. GRIFFIN, Ga., May 25.--The flogging of four colored operatives of the Kincaid mills, Monday night, by whitecaps, has led to sensational developments. Last night another negro was taken from his house and severely beaten and cut. The negroes are law-abiding citizens. Today the superintendent and others at the Kincaid mills were notified to leave at once or they would be "dealt with."

It now transpires that a club has been formed here known as the Laborers Union Band, for the purpose of driving the negroes out of the country. The band has about 500 members, a large number of whom are boys under age. Upon orders from the governor, the Griffin rifles are in their army awaiting orders from Judge Hammond to proceed to the factory. The mayor has been reliably informed that if the militia goes to the factory there will be trouble in the city tonight. He has ordered all the police on duty throughout the night.

Suspected Robber Arrested. BOSTON, May 25.--John T. Roach, of Montreal, alleged by the police to be a professional pickpocket and all-around crook, has been arrested on the charge of being implicated in the robbery of the Dominion bank, Napanea, Ontario August 28, 1897, when \$2,000 in cash and notes were taken. Roach is fifth and last on the list of suspected Napanea robbers.

Levi Moore's Victim. KANSAS CITY, Mo., May 25.--Mrs Anna Mack, of Turner, Kan., who was shot Sunday by Levi Moore, a city market clerk, died of her injuries today. Mrs. Jennie Campbell and Mrs. Ella Landis, Moore's other victims, are believed to be dying.

News From Dawson. By Associated Press to the Journal. DAWSON CITY, Alaska, April 28.--Indications now are that the Yukon will break in two weeks, and very soon after that the steamboats will be running from the lakes down. All the smaller streams, and even the Klondike, are now running, and sluicing for the general clean-up has commenced on many claims. A very unsatisfactory estimate gives this year's output from \$15,000,000 to \$20,000,000.

Governor Ogilvie today gave an extension of time, till June 15, for all residents of the water front to vacate. The fire last night took one-half, and if the high water and ice should take the other half the matter of moving will be made an easy task. His official report of the royal commission investigation has just
