The action of the Albany ministers in passing resolutions condemning the Sunday excursion from Portland looks as if it were a blow at a special class of our s certain that no ministerial association as ever raised its voice at the numerous railray conductor's excursions which have always been held on Sunday, and other Sunday excursions by rail and steamer. It looks like a slap at this paricular excursion because it was largely omposed of the German Turnverien soicties and the German-American people of Portland and other cities. Considering that the German-Americans are in dustrious, intelligent, law-abiding citiens, and have as much right to enjoy a Sunday excursion as any other class of people, the action of the Albany ministers in singling them out shows a bad spirit in a free country.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I had spent a hundred dallars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this vile disease produces. I decided to try S. S. I followed closely your 'Directions for Self-Treatment,' and the large splotches on my chest began to grow paler and smaller, and before long disappeared entirely.
