### EDITORIAL REVIEW.

Asylum supplies for six months are being advertised for. The law in this matter is very reluctantly complied with at any of the state institutions. When it is complied with it is done in a half-hearted, inefficient way, and probably the larger part of the supplies are left for the officials to buy where they please "in the open market." In addition to the chances for speculation, there is in the course of the year always a chance to handle the warrants, and the officials of some institutions have made a regular practice of dealing in the warrants. At the last meeting of one of the boards to advertise for supplies, the manager of one of the institutions begged, plead and insisted that the advertising should be placed in a certain paper because it needed financial help.

With the editor the manager of the institution had assessed all the employees in the last campaign and of course such services had to be recognized. This reduces public business to a farce, because every business man who contributed to the campaign fund or voted the ticket can claim to be embarrassed financially and ask to furnish supplies for the same reason. When it is recalled that one Marion county committee man says \$1800 was spent at Salem on election day "when the saloons are closed" and the rest of the committee declare large sums of money are not accounted for, it will be seen that such party management can go to any length in hoodluming even the purchase of supplies for the unfortunate insane. ALL supplies should be publicly advertised for and as widely as possible, as a first step for honorable and upright dealing with the public.

Marion county will pay dearly for placing incompetent men in charge of assessing property. One abstract firm is already engaged to correct descriptions of property that is to be sold for delinquent taxes. How a description can be changed after it is made an official record and the tax levied on it is a problem.

The first bicycle path from Salem north is not a very satisfactory piece of work. It is wide enough but rounded up to sharp a ridge that no one but a scorching can ride, and only expert riders can pass each other. The cycle path on

the north side of Wilson avenue is still the best model path so far.

The Hayseed town of Jefferson wanted to build a school house and levied a twenty mill tax to pay for it. The more fashionable city of Ashland will build a new school house and create a new bonded debt of \$12,000 or 5 or 6 per cent interest for future generations to pay. The Populist plan of creating no new bonded debt is less imperialistic but more business like.

The citizens council should maintain a firm stand against further plunging this city in debt in the interest of an electric light company, gas company or any other interest. These companies are themselves large property owners and heavy taxpayers. They will welcome and support a policy that will build up the financial standing of the city and make lower taxes possible. On the other hand if the city uses electric lights the corporation that has a franchise and large plant established here should be given the first chance to furnish the same. The lights that the city can afford to have and to pay for should be paid for at a fair price. The situation should be met in a spirit of fairness and conciliation on both sides.

The press of the state is taking up the Record of the legislature as presented in tabular form by THE JOURNAL and by comment and reproducing parts of the same laying it before the people of the state. There is a determination that for once a lot of lawmakers, all of whom broke their promises more or less, shall be held to accountability. The second table, will present the record of the senate for the special session. Senator John Daly was in the city Saturday and commended the labors of the "The Journal." Rep. McCulloch of Salem does the same. These gentlemen are Republicans, but they can see that such a showing up of the record cannot but enlighten the people and make the future legislator more careful. Tax returns again disclaim all intent or interest in making a record for or against any man, or party. It goes farther and will say that certain members against whom the showing may be very black, as the presiding officers, or members in charge of special measures, are not entirely to blame. The present system permits no man to do himself full justice. Trades to further local or personal interests are made and unless by an educated public sentiment a higher standard can be raised, the legislator of the future will do no better than in the past. All we ask of the press is that it lay the record before the people and let them pass upon every measure themselves.

Miss Alice Manning and Miss Dorcia Daniels, of McMinnville are the guests of Miss Emily Thatcher.

# ONLY ONE CURE FOR SCROFULA.

S. S. S. is the Only Remedy Equal to this Obsolete Disease.

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S. S. S. is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Millidgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck which had to be incised and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began my treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to recur." Swift's Specific.

S. S. S. FOR THE BLOOD

is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured. Instead of enduring years of suffering which gradually but surely undermines the constitution, S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poisons, Boils, Tetter, Pimples, Sores, Ulcers, etc. Insist upon S. S. S., nothing can take its place. Rocks on blood and skin disease will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.

There is nothing which drains energy, ambition and endurance like Malaria, Fever and Ague.

Hostetter's Stomach Bitters will send them away, and KEEP them away. It has never failed to cure the worst cases. This is a fact—not an experiment. Try it.

STOMACH BITTERS

FIELD DAY.

Intercollegiate Contest Again Won By the Eugene Institution.

A Small Attendance, But Good Sport—The Events as They Are Summarized on the Score Card.

The inter-collegiate field day contests, held at the fair grounds on Saturday, were not the most exciting events that ever occurred in Salem, but on the whole the day was a fairly lively one. The threatening weather doubtless kept many away, though in reality it was much better than the roasting heat which may usually be expected at this time of year.

The track was not in shape for the development of great speed in the track events, and a strong north wind, was a heavy deterrent in the longer running and walking races.

The University of Oregon easily carried off the honors, running up a score of 50 points against 18 each for O. A. C. and P. C., and 17 1/2 for W. U.

The attendance was small, probably not much over 500 at the largest. Considerable enthusiasm was shown on behalf of all Willamette, and the southern end of the pavilion occupied by the Willamette contingent was decorated with a banner and the college colors. The other institutions were not at all noisy.

There was considerable delay in starting, it being nearly 3 o'clock when the first event was pulled off, and it was after 6 when the end was reached.

Although the time made was not fast the races were hotly contested, and probably as exciting as though they had smashed all the records.

Garland, of W. U., made the mile walk a notable one. He dragged along behind for the first half mile and was far in the rear at the three quarter post. Then he commenced to overhaul and pass the others, and down the home stretch made a magnificent sprint, which came with six inches of winning first place. Had the tape been ten feet farther ahead he would have reached it first.

One of the most brilliant performances ever seen on any track was that of Russell in the 220 yard dash. Starting on the extreme outside he dropped back behind and took a diagonal course across to the inside of the track, passed the innermost man and took the lead, which he held to the finish.

The pole vaulting also showed some very pretty work. Heater, P. C., vaulted with a lightness, ease and precision, which made it seem that only his own will limited the height attained. He raised the Northwestern record an inch.

The summary of the events is as follows:

880 yard run—Kenworthy, P. C., won; Whipple U. O., second; Wilkins, W. U., third; time, 2:10.

Broad jump—Smith, U. O., won; distance, 19 feet 10 1/2 inches; Heater P. C., second, 19 1/2 feet; Davidson O. S. N., third 19 feet 3/4 inch.

100 yard dash—Davis, U. O., won; Reed O. A. C., second; Bishop, U. O., third; time 10 4/5.

Shot put—Smith, U. O., won; distance 36 feet 11 inches; Wagner, U. O., second 32 feet 11 inches; Wilson, U. O., third, 32 feet 8 inches.

Mile walk—Huffman, O. A. C., won; Garland W. U., second; O. E. Hemenway U. O., third; time, 8 minutes 14 seconds.

Pole vault—Heater P. C., won, height, 10 feet 7 inches; Mallis, P. U., second, 9 feet; Haley, O. S. N., third 8 feet 9 inches.

220 yard hurdle—Palmer, O. A. C., won; Davidson, O. S. N., second; Buckingham, W. U., third; time, 29 1/5.

Hammer throw—Smith, U. O., won, distance 125 feet 8 inches; Wagner, U. O., second, 97 feet; Elgin, O. A. C., third, 94 feet 6 inches.

440 yard run—Russell, W. U., won; Redd, O. A. C., second; Angell, U. O., third, time, 51 3/5 seconds.

High jump—Davis, U. O., won; height 5 feet 5 inches; Buckingham, W. U., and Newbill, O. S. N. tied at 5 feet 3 inches for second place and per decision of judges, divided the three points.

300 yard dash—Russell, W. U., won; Bishop, U. O., second; Edmonds, P. U., third; time, 23 3/5 seconds.

Two mile bicycle race—Scott, U. O., won; Bradley, U. O., second; Kruse O. A. C., third; time, 3 minutes 17 seconds.

150 yard hurdle—Heater, P. C., won; Palmer, O. A. C., second; Thayer, U. O., third, time, 18 seconds.

Mile run—Reed, U. O., won; Wilkins, W. U., second; Pickett, P. C., third, time, 4:50 2/5.

The points made by the several teams are shown as follows:

Event	U. O. O. A. C.	W. U.	P. C.
880-yard run	2	1	5
100-yard dash	5	2	1
Broad jump	5	3	3
Mile walk	1	5	2
Shot put	1	5	2
Pole vault	1	5	2
220-yard hurdle	5	1	5
Hammer throw	7	1	5
440-yard run	1	1	5
High jump	5	1	5
Mile run	5	2	1
220-yard dash	2	1	5
Emile bike race	7	1	5
150-yard hurdle	1	2	5
Total points	30	18	17 1/2

Pacific University (Forest Grove), won

three points, and the Oregon State Normal school, Monmouth, had 5 1/2 points to its credit.

Taken altogether the day was a success and everything went off smoothly. As is always the case, some turbulent spirits and would-be smarties made more or less trouble by kicks and protests, against decision rendered, but no open rupture was apparent.

The perfection of the arrangements made before hand was due in great measure to Frank Willman, who took an active and intelligent part in preparations.

FIELD DAY NOTES.

Numbers do not always count for victory. The little Quaker College at Newberg, with only three men in the contest, carried off as many honors as the big aggregation for Corvallis.

The track management of the college field meet neglected the first element of pleasure for spectators of amateur sport—promptness in commencing—and spoiled much of its enjoyment.

Before expecting to command the attendance of the general public at college athletic contests, they must be shorn of the elements of the jockey, the tricks for advantage, the packing with professionals and the cunning any-way-to-win "sports." Much of the dignity which should attach to the sport of our higher educational institutions is destroyed by the appearance of affidavits and counter affidavits charging unfair practices. Let such contests become tests of skill, muscle, endurance and brains upon the part of young men who are bona fide students of the college represented; let them be carried on with a spirit of gentlemanly rivalry, and the people will flock to witness them and will enjoy the exhibition.

Russell, of Willamette University, made the finest run of the whole day's work. It was a beautiful burst of speed, daring, courageous and successful.

Young Mr. Tongue, son of Oregon's First district congressman, made a good headed, well-informed report. He has the genuine love of sport, which made his father a successful breeder of fast horses.

Young Scott, son of the Oregonian's editor, exhibited the "get there" stock of the family in running the two-mile bicycle race. He was supposed to be physically incapacitated for the effort, but he made it just the same, and won.

The Modern Beauty

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Co. only.

San Saravain and family came over from Dallas, Saturday to visit with parents and friends and incidentally to take in the picnic. They returned today via stage.

Guaranteed tobacco habit cure, makes weak men strong, blood pure. 50c. All druggists.

SALEM MINISTER.

Decide to Have a Picnic But Will not Hold It on Sunday.

The Salem Ministerial Association held its usual Monday morning meeting at the Y. M. C. A. rooms. There was not a large attendance and no business was transacted, beyond the usual devotional services.

It was decided to hold a picnic by the Ministers and their families Wednesday, June 21. The committee on arrangements and program is Revs. Royal, Kantner and McKillop. The brothers of the cloth deserve to have one day of recreation in the year.

Two hearts can make a love affair, but it takes three, at least, to make a home, and one of these must be that of a baby. The young married couples that start out in life with the idea that children are nuisances, and that they do not want and will not have them, are the kind that you read about every day in the newspapers—in the divorce columns. A home without children is not a home. God and Nature never intended that there should be a place called home that did not resound with the patter of childish footsteps.

There are tens of thousands of homes that are childless because of the ill health of the wife and would-be mother. There are tens of thousands of other homes childless because the little ones have died almost as soon as they were born. In both cases Dr. Pierce's Favorite Prescription is a sovereign remedy. It acts directly on the delicate and important organs that make wifehood and motherhood possible. It makes them well, strong, vigorous, virile, and elastic. It does away with the dangers of maternity. It banishes the usual discomforts of the expectant period and makes baby's advent easy and almost painless. It insures the little new comer's health and an ample supply of nourishment. The prospective mother prepares herself for maternity by taking the "Favorite Prescription" and gives her child a fair start in life by giving it a strong and well-developed body. Thousands of homes that were childless, to-day echo with babies' laughter, and bliss this great medicine has wrought. Thousands of women who were weak, nervous, dependent invalids, are to-day happy, healthy wives and mothers because of this medicine. Medicine dealers sell it.

Constipation kills slowly—but it kills. Dr. Pierce's Pleasant Pellets cure it.

### Burlington Route

You Can Get a Lower Berth.

With one exception the through trains of the Burlington Route are almost invariably well-filled. The exception is our St. Paul, Chicago Limited. On the limited there is usually room and to spare.

Don't infer that it is neither so fine, nor so fast, as ANY train of ANY other line between St. Paul and Chicago. On the Burlington there is no more beautiful train in America. It has electric light, steam heat, wide vestibules, the most satisfactory dining-car service on the continent—and a lower berth for everybody.

A. C. SHELDON, Gen'l Agent, Portland, Or.

### A Few Interesting Facts

When people are contemplating a trip whether on business or pleasure, they naturally want the best service obtainable so far as speed, comfort and safety is concerned. Employees of the Wisconsin Central Lines are paid to serve the public and our trains are operated so as to make close connections with diverging lines at all junction points.</
