BOLD ROBBERY

At Fairmount Park Philadelphia.

Six Employes Bound and Gagged.

While 10 Robbers Cracked the Safe and Secured \$4,000 and Fled.

By Associated Press to the Journal.

PHILADELPHIA, June 19.—A gang of masked robbers, probably ten in number, raided the receiving office of the Fairmount Transportation Company, at Belmont, in Fairmount Park, and after holding up the receiver and five other employes of the railroad blew open the safe, securing \$4,000 of the company's receipts for two days.

Frank Leaven, the receiver; Frank Watson and Henry B. Whitehouse, conductors; St. James Cavanaugh, fireman of the power house; Philip Eaves, electrician and Wm. Cadmus, laborer; were bound hand and foot with wire.

In addition to the men who actually committed the robbery, others operated miles away from the scene by destroying the telegraph and telephone wires connection with the trolley leading to the company's main office.

Each intruder was armed with two revolvers and they took the employes completely by surprise. It was the work of but a few minutes for the robbers to pinion the workmen who were rolled over so one side of the room with their faces to the wall. Ten minutes later the safe had been cracked and the gang had disappeared.

CANNIBALISM.

Starving Miners Driven to an Awful Extremity.

By Associated Press to the Journal.

CIRCLE CITY, Alaska, May 29.—Three men who left Dahl river, December 5, for Jimtown, were not heard of again, and they were supposed to have been lost. Nothing was heard of them till the steamer Rideout, which arrived today, brought news of a terrible tale of suffering and horror. The men were Michael Daly, Victor Eljar and Provost, the latter two Frenchmen. They were from Providence, R. I. Woonsocket, R. I., and Brockton, Mass., respectively. Their bodies were discovered 17 miles from the mouth of Old Man creek, they having lost the trail and become bewildered. Having left Dahl river with only three weeks' grub, but which was amply sufficient for the 150 miles to Jimtown, the poor fellows were soon reduced to starvation.

Daly's body was found in a tent, partly eaten, and on the stove, just as it was left when death overtook the others, were found some scraps of moose-hide and a moccasin, of which they were endeavoring to make a stew. Daly's body was identified by his clothes.

The two Frenchmen were found dead five miles away from the tent. The tent flaps being cut down when found, would seem to preclude the possibility of Daly's body having been eaten by animals, the other men doubtless having been driven by hunger to the awful extremity of cannibalism. Four hundred dollars in money was found among the party.

SHARP FIGHT.

General Wheaton is Attacked.

Five Americans Killed and 25 Wounded.

American Artillery Did Great Execution.

By Associated Press to the Journal.

MANILA, June 19.—A battalion of the Fourth infantry which left Imus with Gen. Wheaton, in command this morning to reconnoiter towards Poday and Desmarin was attacked in the rear by apparently friendly natives.

This brought on a sharp engagement lasting several hours and resulting in five Americans being killed, 25 wounded. The loss of the rebels was very heavy.

The battalion soon exhausted its ammunition and Wheaton and staff with two mountain guns and one field piece went to re-inforce the troops attacked. General Wheaton was fired on in the road and had a narrow escape. The Third battalion was ordered to the front and formed on the Las Mines road. Heavy firing on both sides followed, the artillery being freely used. The enemy was located in the woods at 4 o'clock, showing signs of retiring, as the rebels were being pressed very hard.

One gun of the Sixth artillery did great execution. Fighting was still in progress at 5 o'clock at which time the Americans had secured a quantity of Filipino arms which had been abandoned in the woods. The scene of fighting is twenty miles from Manila.

SUNDAY WRECK.

Astoria Excursion Train Crashes Into a Freight.

Accident Near Linton in Which Two Locomotives Met Head On.

By Associated Press to the Journal.

PORTLAND, June 19.—The special train bearing the Red Men's excursion home from Clatsop beach collided with Northern Pacific freight train No. 51, a mile below Linton, at 8:55 last evening. One man was killed and six people were injured, two of whom were women. All of the injured, save the engineer and brakemen, were on the baggage car attached to the excursion train. As near as could be learned, the accident was the result of a misunderstanding of orders on the part of the train crew of the freight.

KILLED.

D. P. Bell, confectioner, 414 East Davis street.

INSURED.

Homer Darling, broom-maker, 41 North East Ninth street, severely cut, left arm broken.

Mrs. D. P. Bell, bruises and a severe shock.

James Mallon, locomotive engineer, cut in leg.

Miss Gertrude Pitman, West Chehalis spine injured.

E. R. Barnes, brakeman, slight.

John Larsen, lumberman, Bridal Veil, teeth knocked out, lip cut.

The excursion train, crowded with passengers, was just pulling around the curve before coming to Linton, when Engineer Mallon saw something black on the track, which he presently made out as a locomotive. He says the headlight was not lighted. Instantly he

threw on the air and reversed the engine, but in another second, and while both he and Fireman James Hume were at their posts, the engines came together. The box of the baggage car behind the engine was torn from its platform and telescoped over the tender, as if it were built there. The occupants of the car—D. F. Bell and Homer Darling—who were conducting an ice-cream business, and several of their friends, were caught like rats in a trap.

The friends of Miss Lettie Abrams will be glad to know that her condition is improving nicely.
