The growing popularity of this excellent organization is attested nightly by the increased attendance, and their success is due to merit alone.

The largest audience of the week witnessed the performance of "Love and Law" last night and, from the hearty expression of approval, it could readily be seen that they were well pleased with their evening's entertainment. The play was well staged and the different characters portrayed faithfully.

The orchestra furnished its share of the good things of the evening, while specialties were enthusiastically received.

Tonight the Cuban war play, "The Last Stroke," will be produced with all the scenery and accessories used in the New York productions, and it is safe to predict a packed house.

TRUE TO THEIR TRUST.

The Present City Administration Wiping Out the Annual Deficiency.

A few figures taken from the books of the city recorder will be of interest and go far towards convincing the public that the present council is in earnest and using every honorable means to keep its pledges and bring our city onto a good financial basis. To illustrate, we give below a few figures comparing the first six months of this year with the same period of 1898.

RECEIPTS.

1898.....\$1962 74

1899.....4325 84

Bal in favor of 1899.....\$2364 10

EXPENSES.

1898.....\$9254 18

1899.....7452 07

Bal in favor of 1899.....\$1782 11

Total saving for six months.....\$4146 21

In addition to the above the lighting bills for the balance of the year will be very materially decreased, and the interest on the floating indebtedness, which aggregates about \$5,000 annually, will be reduced one-half by the issuance of 4 per cent home call bonds.

The annual deficiency for some years past has run from seven to ten thousand dollars a year, and it is plain to see from the above saving that this deficiency will be wiped out, the tide turned and an annual balance instead of a deficit realized.
