News From the Philippines. Indicates That the Situation is Very Serious.

President McKinley Will Call More Volunteers.

By Associated Press to the Journal. WASHINGTON, June 23.—An impression is getting abroad in the country that the people have not received all the facts regarding the situation in the Philippines.

The reason for this belief may be seen in what the public now know, that, although General Otis gave out glowing pictures of success and the early break-up of the rebellion, the insurgents are really in a stronger position than two months ago.

The political significance of President McKinley's trip into Massachusetts at this time is said to be his desire to develop the opposition that is being overcome to his policy in the Philippines.

Probably in no other state or section is there as much real opposition to the expansion idea as in Massachusetts. It is expected that the president's visit will have the effect of making friends for the administration and do good work towards breaking down the opposition to the retention of the Philippines.

New York, June 23.—A special to the Herald from Washington, says: President McKinley will authorize the enlistment of additional men for the Philippines when he returns to Washington. This is the understanding of well informed war department officials.

The administration has at last come to recognize the necessity to reinforce General Otis' command. Some department officials are figuring on the advisability of enlisting a sufficient number of men to form ten complete regiments.

KANSAS CITY, June 23.—Governor Roosevelt, of New York, today wired President McKinley in the event of a call for volunteers, New York was prepared to furnish all the men that the government might ask for.

MANILA, June 23. [11:25 a. m.—Agulnaldo does not seem to be satisfied with the attempt of the insurgents to retake San Fernando, and he has taken command of General Luna's army and has massed the largest rebel force yet mobilized, bringing 2000 men from the Antipolo region.

General MacArthur's men are constantly on the alert to repel any attacks by the rebels, sleeping upon their arms. The general sincerely hopes that the Philippines will give him another chance for a battle, for the soldiers really enjoy an opportunity to fight them when they can do so without wading through swamps to catch them.

Railway trains between Manila and San Fernando have been stopped for several days, while permanent repairs were being made to the bridges along the route, but today traffic was resumed.

The transport Centennial, which has arrived here, had an exciting experience while rounding Point Eugenio, on the northern coast of Luzon, on her way to this port. She struck a rock Wednesday and remained fast for several hours, during which time she was surrounded by swarms of natives in canoes, who began menacing. Captain Eagle, who commanded the transport, was compelled to throw overboard 100 tons of supplies in order to lighten the ship sufficiently to get her afloat.

Two Celebration Events. Salem's Fourth of July and the National Editorial Excursion. The fourth of July committee held another meeting yesterday, and many details were closed up that will lead to the interest of the day we celebrate.

is urged to be present and lend a hand.

Secretary H. B. Thielsen of the Salem Chamber of Commerce, has returned from an extended visit at Portland, where he spent some time looking up the editorial excursion matter, as pertains to Salem. He learned that the management is cutting down the time allotted for all the different points in the Northwest, and that it is probable that the excursionists will not remain in Salem more than a few hours, while this is something of a disappointment to Mr. Thielsen, and will prove such to our people, he still hopes Salem will be able to do something in the way of a demonstration to make it pleasant for them while here.

ALGER-PINGREE. A Political Combination Arranged Between These Two Senatorial Candidates.

By Associated Press to the Journal. DENVER, June 22.—Governor Pingree gave out a public statement today to the effect that he had combined with Secretary Alger in Alger's senatorial candidacy.

THE OREGON PRESS. Discussing the Publication of the Legislature.

The plain of the CAPITAL JOURNAL of publishing the exact vote of every member of the legislature on every question is highly commendable. It should have the effect of causing our lawmakers to do some thinking next time.—Wasco News.

The Salem JOURNAL has published the record of the late legislature in tabular form. By this table the reader can tell at a glance how each member voted on 20 of the most important propositions involving questions of reform. The JOURNAL editor has placed a black mark under each "wrong" vote, as he considers it. According to the table, and the JOURNAL editor's opinion, Representative Morton voted 12 times "right" and 7 times "wrong" on the 20 reform measures, while Representative Roberts' record shows that he was 6 times "right" and 13 times "wrong." Each is credited with being absent one time. The table is well worth preserving, and by sending 5 cents in stamps to the Salem JOURNAL it can be procured.—Hood River Glacier.

A GOOD IDEA. THE CAPITAL JOURNAL, of Salem, is publishing a record which shows how each member of the last legislature voted on all important measures. This installment gives the house vote on 20 questions in the special session. The next one will give that of the senate on the same questions. The plan is a good one as it lays bare the record of every member whether it be good or bad. We do not fully agree with the JOURNAL as to what were good and what were bad measures, but in looking over the record we were pleased to note that the member from Crook, Mr. Williamson, was credited with voting right 13 times out of 20. There are only five others who receive a better rating at the hands of the CAPITAL JOURNAL while one poor, misguided member has but two good votes to his credit against 17 bad ones. However, the Capital Journal generously allows every one to classify the votes as he chooses, so that its ratings are not entirely conclusive.—Prineville Journal.

The Last Stroke. Another large and well-pleased audience were at the opera house last night and saw the Shaw Company win fresh laurels by the production of "The Last Stroke."

The play was a strong story of Cuba's fight for freedom, and was mounted with that careful attention to detail which could not be otherwise than successful. Mr. Shaw gave a manly interpretation of the American volunteer in Cuba's cause, while Mr. Watson, as the Spanish spy, made enemies for Spain by the score. Mr. Hallett, as the American Consul, won much praise for his work, while Mrs. Shaw and Miss Yeager, as Sonora Martinez and Lucille Vance, respectively, divided the honors among the ladies. Mrs. Kilton's song, "On the Day That Dewey Returns," brought an enthusiastic encore. The balance of the cast was in capable hands.

Flowers Stolen. Tuesday night the garden of Mrs. S. A. Jones, 375 High street was entered and almost stripped of flowers by some miscreant. Mrs. Jones says this is not the first time this season. This time seven large clusters of beautiful pansies were taken which were to be taken to the hospital patients. Flowers are not very scarce in Salem and hardly anybody would object to a person plucking a button hole bouquet, but to grow flowers and have them raided in a wholesale way like in this case is outrageous and an example ought to be made of the perpetrators.
