Progressive Cycle Party.

Mrs. Will Gray organized a very pretty and highly successful progressive cycle party last Friday evening from 6 to 10 o'clock.

Each invitation contained a numbered card, by which the young people were allotted partners for the ride, as follows: Alice Colman, Geo. Gray, Janet Gray, George Barr, Gertrude Gray, Seymour Skiff, Mabel Robertson, Howard Catlin, Claire Chadwick, Ed Metcalf, Margaret Dawson, George Skiff, Ruth Gatch, Robert McCari, Mabel Whitney, Van Sutherland, Alice King, Wallace Riddell, Ruth Gray, Fred Irwin, Frank Catterlin. On the two and a half hours' wheeling tour the party was under the chaperonage of Mr. and Mrs. S. E. Foster, and their trip included a run through Highland addition, down the river road and back to the Gray residence, on Cottage street, where refreshments were served on the porch lighted with Chinese lanterns. It was the first party of the kind this season and the progressive part consisted in the leader going to the rear of the procession at the top of a hill and all moving up to a new partner.

Found His Wheel.

Sam Adolph's bicycle, which was stolen from Friedman's store on Monday, was sold by the thief to Geo. F. Smith for \$15. Chief of police Gibson is on the scent of the villain, and Mr. Smith is \$15 out.

He Got In the Way.

Frank Lohman, third baseman for the Manilas, had his pine knocked out from under him during the ball game, by a projectile in the shape of one of the Chemawabawes who was shooting horizontally through the air in some-thing between a flight and a slide for the base. Lohman keeled over, but the boys pulled his legs straight again and he limped through the rest of the game.

Well Cared For.

The children reported as having been abandoned by their parents seem upon closer investigation to be well cared for. The older one is about to be adopted by a good family, while the baby is in charge of Mrs. M. C. Ferguson at 167 Cottage street. It seems the father is no good, and the mother is working for friends in Portland.

Dissolved Partnership.

The firm of Wolz & Mieske proprietors of the German Market, have dissolved partnership this 6th day of July. C. Wolz takes charge and collect all bills. The business will hereafter be conducted by Wolz & Sons.

PEACE AND GOOD ORDER.

Characterized the Large Crowds of Happy People.

The Fourth of July celebration passed without incident so far as unlooked for disturbances are concerned. While run-aways are common almost any day, yet it was fortunate when so many teams were in the city, that nothing marred the quiet of the day.

A few minor accidents took place, which could not be avoided among so large a gathering of people.

A girl was knocked down by a bicycle, and a small boy slightly injured. His face while exploding fire crackers. One gentleman who persisted in turning to the left when on his wheel, came in collision with another—result, a broken pedal.

There was a slight altercation at the Fair Grounds during the ball game, but neither of the principals were badly damaged.

The police made three arrests of drunks and the city treasury will be better off to the extent of \$15 or more today.

Taking it all through, the day was peacefully spent and enjoyed by all.

MILL BURNED.

The Erwin Flouring Mills Burned at 1:30 Wednesday Morning.

W. H. Erwin, proprietor of the Erwin flouring mill, south east of Silverton, on Silver creek and about 1 1/2 miles from town, was destroyed by fire this morning.

Mr. Erwin came to this city last evening to see the fireworks and returned home today. The fire started about 1:30 this morning and the mill is a total loss.

The property valued at about \$4,000. The head miller Allen Thacker, was seen about noon today and said he could not see how the mill could have taken fire unless it was set afire by some one. He had many valuable papers and drafts of systems and various other valuables at the mill which were all lost. Mr. Erwin had been trying to sell the mill to the head miller Mr. Thacker and says he had just about made up his mind to close a deal for the purchase of the property, which deal he is now glad he had not consummated. The mill was insured and it is thought owing to the fact that there was no fire risk. The mill was a roller process and had a capacity of 100 b and had run day and night continuously.

Mr. Erwin knew nothing of the accident when he left the city this morning.

TEXAS FLOOD

The Brazos River Flooded.

Nearly \$20,000,000 of Property Destroyed.

Millions Coming From Dawson Gold Mines.

By Associated Press to the Journal. Houston, Tex., July 5.—A correspondent has just returned from a voyage through the flood district. Half has not yet been told of the havoc wrought. The disaster is so appalling that a description is not possible.

While a week ago this was the fairest part of Texas, it is now almost a wilderness. Waters of Brazos river have for six days covered its valley to a depth of 30 feet. The flooded district has a length of over 500 miles, and a breadth of 50 miles.

The loss of life will never be fully known. The following estimates have been made by men in a position to know:

The lives lost numbers from 100 to 300. The loss to farmers, including crops and livestock, from \$7,000,000 to \$16,000,000 damage. The damage to railroads and to the country bridges about \$2,000,000 to \$4,000,000.

St. Louis, July 5.—The post dispatch special from Dallas, says that Deputy Sheriff Swearingin, of Austin county, has made the following statement by telephone from Sealey:

"Thirteen dead bodies recovered near Brookshire. Forty-five persons above Sealey reported missing. Seven drowned below Sealey."

About 400 persons are isolated on a small piece of land in the Brazos bottom three miles from Brookshire. Several hundred more are similarly surrounded at San Philippe.

Sixty-five lives reported here today were in a radius of twenty miles north and south of Sealey."

There were two tons of it, worth \$1,000,000 and it is said that eleven horses were weighed down with dust from one claim.

Another Dawson party arrived from the north today on the Drigo. Joseph Putran and Henry Berry had jointly 700 pounds of dust. The total amount on the vessel was about \$150,000.

SAN FRANCISCO, July 5.—Special from Seattle says: Gold dust was pouring into Dawson when the Humboldt passengers left. They allege that June 20 a pack train of 20 horses, each animal carrying 200 pounds of gold dust arrived from Eldorado Creek.

A Peculiar Case.

A man drove into Ulrey's barn last Saturday and put up his horse, left orders to not unaddle him and feed him and he would want to go out that afternoon. The man has not been seen since and Mr. Ulrey thinks it possible that the man may have been foolishly dealt with. He failed to get the man's name but says he lives somewhere in the vicinity of Sealey.

W. L. WADE

The North Salem Merchant Accidentally Wounds Himself.

About 9:30 Tuesday evening, W. L. Wade, of North Salem stepped out in his back yard to take a shot at some cats which were making night hideous with their out cries. He had an old revolver which had not been discharged for a long time and it missed fire on the first attempt. While struggling with the refractory cylinder, Mr Wade thinks his foot slipped and the weapon was discharged, the bullet striking him in the region of the stomach.

The shock was not severely felt at first and Mr. Wade walked into the house. No one else was at home at the time, and Mr. Wade attempted to write a few lines but found himself unable. He did not lose consciousness, however, and the family returning soon after, he was made as comfortable as possible.

It is impossible to say yet how serious the injury is as the patient has not sufficiently recovered from the shock to permit of probing for the bullet. But the loss of blood has been small and there are no evidences of internal hemorrhage. While the pain has been severe, it has been brought under control, and the gentleman is resting easy.

Mr. Wade is an old resident, coming here in 1864. For many years he has conducted a general store in North Salem, and he has hosts of friends who will regret his misfortune and hope for his speedy recovery.

BIRMINGHAM, Ala., July 5.—The fire at Pratt City yesterday burned forty buildings causing a loss of \$53,000.

Oregon Supreme Court.

The suit of the Oregon Real Estate Company, respondent, vs. Multnomah County and Wm. Frazier, sheriff, appellant; an appeal from Multnomah county, was argued and submitted today. This is a suit to enjoin the collection of taxes, and to enjoin the collection of certain costs or charges imposed by the county court to recover the expense of holding open the tax roll for the benefit of such taxpayers as found it to their interest to postpone the payment of their taxes beyond the period prescribed by law.

Notice.
