# SUNSTROKE in Battle.

**J. L. SPENCER,**

of Platteville, Wis., formerly of Co. G, 37th Wisconsin Infty., has suffered many years from the result of a sunstroke. He has found relief and desires to tell his story for the good of other veterans. He says:

"At Petersburg I was sunstruck and carried off the field for dead. Later rheumatism of my heart developed as a result and physicians failed to benefit me. In the spring of '95 I began using Dr. Miles' Heart Cure and Dr. Miles' Nervine and now my health is better than for 30 years before."

## THE CONCLUSION

### Of the Local Christian Science Controversy—Some Points Answered.

Since publishing local reports of Rev. Kantner's sermon on "Why I cannot be a Christian Scientist," this office has received many communications on that subject pro and con. One letter, a criticism, was published, and drew forth several replies, one of which, written by Mr. Kantner, was also published. Now still more communications have come in on both sides, but it would be unjust to our readers to further carry on the controversy. For this reason the following newspaper report, taken from the Boston Daily Herald of June 8th, which seems to answer most of the points in controversy in an impersonal manner, will be printed to close this matter up, for the present at least:

(From the Boston Herald, June 8.)

The First Church of Christ, Scientist, commodious as it is, was not large enough to hold the thousands of visiting Christian Scientist who wished last night to attend the testimony meeting which is a weekly feature of the church work. The meeting was therefore held in Tremont Temple, and the large auditorium of that edifice was scarcely able to accommodate those who sought to enter. Every seat was occupied, and hundreds of persons stood in the aisles and corners.

Many remarkable instances of recovery from apparently hopeless illness through the instrumentality of Christian Science was related by persons in in the congregation, and were listened to with almost breathless interest. But perhaps the most dramatic feature of the evening was an impromptu confession of faith by the congregation in the distinctive claims of Christian Science, and also in several of the fundamental principles which are held by other bodies of Christians. This occurred at the close of the testimonies.

Judge Septimus J. Hanna, who presided over the meeting, addressed the congregation in these words:—

"I would be glad to extend this meeting, but I think the time has arrived when we should bring it to a close. These testimonies could continue all night, and many of us would be glad to hear them, but it is not wise to prolong it much longer. Before closing, however, I will ask those present who know of a certainty that they have been healed through Christian Science to please rise."

Almost every one on the main floor, in the two galleries, on the platform, and in the choir gallery, promptly stood up. When they had resumed their seats, Judge Hanna said:—

"Now, I will ask those who know that they have been healed through simply reading 'Science and Health with Key to the Scriptures' and the Bible, in the light thrown upon it throughout the house, to arise." In response to this request about three hundred persons, scattered throughout the house, arose.

"Our beloved friends of the churches, and especially of the pulpit,—some of them,—have been somewhat in the habit of charging Christian Scientists with being a Godless people," Judge Hanna said: "Will those who believe in God as the only saving power in the'r lives, please rise?"

Promptly everybody stood up.

"Our good friends have also charged us with being a Christless people, with denying Jesus Christ. How many are there here—Christian Scientists—who believe in Jesus Christ, absotutely and unqualifiedly?"

So far as the reporter could see, not more than a dozen persons remained seated.

"We are also sometimes charged with being a prayerless people. Will those who believe in prayer, and in the power and efficacy of prayer to heal the sick as well as to destroy sin, please rise?"

In response to this request, almost the entire audience rose.

"I will ask those who believe that prayer, in the highest and best sense of the word, is the only healing efficacy, to rise."

There was the same general response to this request.

The meeting opened with a brief religious service. On the platform with the presiding officer, were about fifty of the First Members of the Mother church, who constitute the governing body of the congregation. The Countess of Dunmore and her daughter, Lady Mildred, also occupied seats on the platform.

The method of procedure in the giving of testimonies was simple. Judge Hanna opened this portion of the evening's exercises with a few remarks.

"I will," he said, "detain you with but one word, and then we shall be pleased to hear from the field and to receive testimonies as to what Christian Science has done tor you and can do for the whole world. May I ask you to speak distinctly, so that you may be easily heard. And, inasmuch as there are many visiting Scientists present, we would be glad if you would make your remarks short and concise, so as to give an opportunity to as many as possible to speak.

"I will say that we have heard, of course, of the return to her home of our beloved Leader and Mother, refreshed and strengthened as the result of her visit to her church. We are all glad to know that she had a most enjoyable occasion with us, one which she will never forget, and certainly one which we shall never forget. I might also remark here that strange as it may seem to some, although she arrived in Boston during the business hours of Monday, and remained in Boston all day yesterday, she was not arrested. [Laughter and applause.] I think the world will come to understand some time, and that very soon, that eternal Truth and its representatives cannot be arrested. [Applause.] The meeting is now in your hands."

Some thirty or forty persons arose in succession and spoke. Most of the testimonies lasted but a couple of minutes. A few of the speakers occupied five or ten minutes. Some of the experiences related were very interesting. A convincing air of sincerity marked all of them, the voices of several indicating deep emotion.

Among the afflictions designated as having been relieved by the power of Christian Science were spinal meningitis, cancer, consumption, gouty deposits in the hand, the liquor habit, defective vision, nervous prostration, and numerous other troubles.

It is better to preserve health than to cure disease. Therefore, keep your blood pure with Hood's Sarsaparilla and be always well.

### Valuable Testimony

Is at hand in abundance to establish the claim of extraordinary durability, and to prove the satisfaction experienced by Victor riders, they do more to sell Victors than any other item of advertising. A well-known gentleman said in our hearing today: "I cannot conceive why people will buy other wheels, unknown and untried, paying nearly as much for them as would buy a Victor. They do not seem to realize that they spend many times the difference in the first cost in repairs, besides never having the satistaction of a good reliable mount." At the same time he showed his wheel, a "96 Victor," which had been subjected to the most unreasonably hard treatment, upon which not a cent had been spent for breakage, though ridden by a speedy, heavy-weight rider, over country roads, stubble fields and ditches.

"99 Victors" are better than ever, sold by H. S. Gile & Co., Insurance Bld'g. Victor Spinroller's can now be had with only a few days' delay.

## PRACTICAL BOOK TYPEWRITER.

### One Is Being Tried at Salem and Proves Satisfactory.

For years and years, in fact ever since the typewriting machine was introduced and became a requisite to business, public officers and the keepers of public records have felt the necessity of a typewriter that could be utilized in transcribing records upon the books of record of courts etc. County recorders, county clerks, court reporters and all who have to do copying in big books of record have awaited in patience the advent of a practical book typewriter. Their patience has now been rewarded in the Fisher Book Typewriter, a compact, simple machine that does the work well and quickly. In the operation of this machine the book remains stationary. Only the typewriter moves, skipping across the page at every stroke of the key and down the page on two slender rails by the simple touch of a lever. This office utility requires no additional skill or experience in its operation and writes a legible and everlasting record on the leaves of a bound book of any size. It makes an absolutely indelible record which cannot be tampered with by means of acids, will not fade from exposure, nor blur when moistened or rubbed. Several carbon copies can be made if desired at the same time that the record is being made in the book. It more than doubles the capacity of the most expert copyist. And as a space economizer it is a great money saver, since it requires an average of three pages transcribed with a pen to make one page of typewritten matter. The saving thus effected in the cost of record books and vault room is an item of no inconsiderable importance, while the convenience of having records in condensed form is appreciated by all who consult them.

The agency for the Fisher Book Typewriter for Marion county is in the hands of C. M. Lockwood, the dealer in typewriters, of this city who has the machine here on trial at the county clerk's office. Those who have tried the machine are infatuated, and there is no reason why he should not make many sales.

### Justice Court.

Friday afternoon before Justice Johnson and a jury consisting of Chas, Watt, A. W. Veatch, H. S. Belle, F. F. Post, A. F. McAtee and W. W. Hepburn, was tried the case of Wm. Matthews vs, W. A. Irwin. The former is proprietor of the "Yaquina Bay News," and the amount involved was $7.65 alleged to be due from Irvin on subscription to the paper from May 1, 1893, to February 8, 1899. The plaintiff was represented by Wm. Kaiser and C. B. Updergraff, and the defendant by W. J. D'Arcy. The jury found a verdict for the defendant.

### A Force of People Employed on the Choicest Oregon Products.

At 8 a. m. Friday the Allen Evaporating & Canning Co. began to pack cherries. Steam was up, the works were in perfect order and forty people went to work.

Prices paid range from $2 for common grades, to $2.50 and $3 for the choicest. All who have cherries will do well to make arrangements with Mr. Allen, who is at the head of this important industry.

# A Mother's Duty

is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men. For more than fifteen years, the

## "A Cheerful Look Makes a Dish a Feast."

*"Cheerful looks" depend just as much upon physical well-being as upon natural disposition and temperament. If the blood is disordered, the brain is starved, and no "dish is a feast," for the reason that the vitalising elements do not reach the proper spot.*

A step in the right direction is to purify the body by the use of a natural remedy. Hood's Sarsaparilla is Nature's remedy. It acts upon the blood, and whether the seat of the disorder is brain, stomach, liver or kidneys, the purifying process of this medicine is equally sure and successful. *It never disappoints.*

**Diphtheria**—"My little nephew was troubled for two years with sore throat and tonsilitis. Was threatened with diphtheria but Hood's Sarsaparilla warded it off. He is now entirely well." INEZ G. REED, Oak Hill Ave., Waterbury, Conn.

**Run Down**—"I was weak, had no appetite, nervous and completely run down. Tried many remedies but nothing helped me until I used Hood's Sarsaparilla which cured me." MRS. WM. MARKS, 27 Henry St., Binghamton, N. Y.

**Scrofula**—"I was almost bedfast with scrofula and catarrh. Had no appetite. Hood's Sarsaparilla soon made me stronger and later all the sores disappeared and catarrh stopped." NELLIE OSMER, 414 Lyon Street, Des Moines, Iowa.

**Dyspepsia**—"I suffered for 20 years with dyspepsia. Dared not eat meat, new bread or vegetables. Went hungry for fear of distress. Felt despondent and distressed. Took Hood's Sarsaparilla and got relief immediately. Can eat most anything without discomfort." MRS. EMILY F. BUMP, Middleboro, Mass.

**Liver and Kidneys**—"My mother was very sick with congestion of the liver and kidney trouble. Nothing helped her until we got Hood's Sarsaparilla, which showed its effects with first dose. She is well and hearty." MRS. D. A. STONE, Winthrop, Me.

That now I will name,
Which may bring what is better
Than riches or fame.
All those who will heed it
Good appetite find,
Strong nerves, rosy cheeks,
And vigor of mind.
It will banish dyspepsia,
Rheumatics and gout,
That Tired feeling conquer,
Drive scrofula out.
And here is the maxim—
Its wisdom is sure—
Take Hood's Sarsaparilla
And keep your blood pure.
