STILL THEY COME.

City Bonds Are Desired as a Safe Investment.

More subscriptions for bonds were received today. It begins to look as though there would be enough small subscriptions to absorb the whole amount and leave the larger subscribers out in the cold, as the smallest subscriptions will be filled first.

Whatever may be thought of the public spirit of Salem's citizens, as a general proposition, it is plain that when they can follow the dictates of civic pride and at the same time make a safe and fairly profitable investment they are usually ready to come to the center.

The total subscriptions at our last report was \$150,450. Today the following have been received:

F. W. Stealoff \$ 400
Wm. A. Daly, guardian 300
Wm. Waldo 1000
Total \$132,750

MARION COUNTY MATTERS

Business Being Transacted at the Court House.

NEW SEC'Y

Will Do What is Right.

The Pennsylvania Regiment's Battle Flag

Excited Tremendous Admiration and Enthusiasm at Frisco.

By Associated Press to the Journal. NEW YORK, Aug. 3.—A special to the Herald, Washington says: Mr. Root, the new war secretary, spent the first day as secretary of war in dealing with the yellow fever problem, seeking information and endeavoring to promote harmony. He declared he did not propose to be influenced by factions but would do what he thought was right for the service and the country.

WASHINGTON, Aug. 3.—The Marine Hospital officials at Hampton have traced the man believed to have brought yellow fever to Hampton. His name is William Thomas. He arrived at the Home on the transport from Santiago where he had been visiting. He was admitted to the Home as a veteran and developed chills and fever.

There is little doubt he was affected with a mild case of yellow fever, although it was not diagnosed as such at that time. When well enough to travel he went to Columbus City, where he now is.

SAN FRANCISCO, Aug. 3.—The Pennsylvania regiment landed from the transport Senator today. A reception was accorded the soldiers of the Keystone state similar to that given the Oregon, Nebraska and Utah boys who preceded them.

Thousands of people lined the streets through which they passed. The usual medley of whistles, cannon and fireworks accompanied them. Three heavy batteries of light battery and the regimental band of the third artillery came first in the parade, followed by the Nebraska regiment.

Then came the Pennsylvanians led by Lieutenant Barnett whose sword was draped in crape out of respect for Colonel Hawkins, commander of regiment who died enroute home.

The battleflag of Pennsylvania, torn shot, riddled and almost a wreck of its former beauty excited more admiration and enthusiasm than did any thing else.

WASHINGTON, Aug. 3.—Following is from Otis regarding the movements of transports: "Manila: Four transports in the harbor. Cargoes discharged. Pennsylvania has nearly coaled and takes on recruits for organizations in southern waters. Returns with all men discharged under general order forty. Sheridan leaves for San Francisco 8th with Montana and South Dakota troops. Valencia and Zealand require coal. Time of sailing indefinite, as approaching typhoon interferes."

WASHINGTON, Aug. 3.—It appears probable from developments of the past two days that Secretary Root has in contemplation an army of forty thousand available men for the Philippines. Root has been making diligent inquiry among the bureau chiefs regarding the supplies and equipments and the trend of his questioning has been in the direction of an increase in the available or the eastern Archipelago.

FREE LOCKS.

May Be Established at Oregon City by Uncle Sam.

The board of government engineers charged with the duty of examining the locks at Oregon City and reporting on the advisability of their purchase by the general government, have written to Secretary Thielson, of the Salem Chamber of Commerce, asking that data be collected and submitted to them, in regard to the commerce of this part of the valley, which would pass through the locks, and all available information which would throw light on the subject.

The board consists of Capt. Langhitt and Capt. Harts, stationed at Portland, and Capt. Heuer, of San Francisco. It is expected that an examination of the locks will be made within the next month, and Secretary Thielson would like to arrange a meeting at Salem at that time between the government officials and the people of this vicinity.

The purchase and control of the Oregon City locks by the United States government would be a great thing for the Willamette valley. If there is any hope of bringing about such a desirable consummation, no effort should be spared.

Heavy Dancers.

EAST LIVERPOOL, Ohio, Aug. 3.—During a dance at Wellyville the floor gave way and two hundred people were precipitated to the cellar. Many were injured but no one fatally.

A PATRIOTIC DEMOCRAT.

Dewey, McKinley, Hobson, Wheeler, and Roosevelt, as seen by Champ Clark, of Missouri.

"If America had never done anything worthy of remembrance except presenting Dewey to mankind her reason for being would be vindicated. He is the very flower of American chivalry in the closing days of the nineteenth century. If he blossomed and matured under the cold light of the north star, he has no more ardent admirers than those who dwell beneath the southern cross. He belongs to the whole country, as he wrought and conquered for the whole country."

"Of the good things done by the Fifty-fifth Congress perhaps the best thing was making Dewey an admiral, to be retired only at his own request. The fervent hope of all Americans is that he may live forever and be ranking admiral all the time. In far-reaching consequences his victory at Manila ranks with the skirmish at Concord and Lexington, with the Declaration of Independence, the adoption of the Constitution and Washington's inauguration. As the mighty Frederick said of his illustrious father, the great elector, so it may be said with equal truth: 'This man did great things.'"

"As a Democrat of Democrats, I am happy in the belief that President McKinley did not abuse that confidence so freely bestowed. As an American I am proud to think that no man ever did or ever will hold that high position who would betray such a sacred trust. 'If it did no other good, the Spanish war made us once more a united people—united in fact as well as in name. This alone was worth all the cost of blood and tears and treasure. But it did more. It taught foreign nations a potent fact, which we knew before, that while we have fought each other viciously and ferociously on economic questions and will continue to do so, when we are engaged with a foreign foe our contentions cease at low water mark. Beyond that we are Americans and Americans only, ready with united and unquailing hearts to confront a world in arms.'"

"Is there between the Atlantic and Pacific a Republican with soul so small as to withhold his full measure of glory from young Hobson because he is an Alabama Democrat? If so, he is unworthy American citizenship. Within the broad confines of the republic can there be found a Democrat so base as to wish to deprive Col Theodore Roosevelt of the guerdon of valor because he is a New York Republican? If so I desire him no countryman. 'War has its pathos as well as glory, and since Nimrod first went forth to battle I think no field has presented a more pathetic scene than that of old Joe Wheeler, burning with fever and patriotism, his white hair gleaming in the wind, charging up Santiago hill to place on foreign soil the glorious banner of the republic to pull down which he had devoted four of the best years of his life.'"

BASEBALL TOMORROW.

Foresters and Red Men to Meet on Wilson Avenue Diamond.

There will be a hot game of baseball on Wilson Avenue tomorrow, when the Foresters and Red Men again come together on the diamond. A week ago last Tuesday these doughty denizens of the deep woods fought a battle royal and the Foresters wiped up the ground with the Redmen. The latter are thirsting for revenge, and will strain every nerve to achieve it.

It is not proposed, however, to resort to the knock-down-and-drag-out method. Good feeling will prevail. The game will be called at about 2:30 p. m. and the teams will line up as follows:

Foresters. Redmen.

Big Anthracite Strike.

By Associated Press to the Journal. WILKESBARRE, Pa., Aug. 3.—The employees of the anthracite region have struck. The grievance is the alleged excessive dockage, estimated at 2500 men idle.

Strikers Go to Work.

By Associated Press to the Journal. FORT HURON, Mich., Aug. 3.—The striking machinists of the Grand Trunk locomotive shops returned to work today.

A Girl Confesses.

TACOMA, Aug. 3.—Anna Steiger, the 16-year-old girl who claimed she had been bound while at home and robbed of \$60 by two masked men a few days ago, has been arrested. She confessed she stole money herself, and concocted the story.

MURINE

Will cure soreness, itching and burning eyes; any trouble resulting from strong wind or dust; all cases of red lids, red eyes or scales on lids. Will also strengthen weak eyes, relieve pain from any injury and prevent inflammation. It should always be used after any foreign substance has been removed from the eyes. The relief experienced is instantaneous and the results always beneficial. For sale by

BARR'S JEWELRY STORE 118 STATE STREET.

SAN DOMINGO

Revolution and Assassination.

Facts Still Uncertain and Hard to Get at.

The Peace Conference is Called a Farce.

By Associated Press to the Journal. KINGSTON, Jamaica, Aug. 2.—Owing to the efforts of the government of San Domingo to suppress information about the recent assassination of President Henrquez and the reported revolution, the facts in the case are difficult to obtain, but the indications are the assassination was not on the program, the purpose of the revolutionists being to capture Moca with the president, thus decapitating the Dominican government at the first blow, the insurgents not possessing the means of prosecuting a protracted conflict. The premature departure of Henrquez threatened to frustrate the scheme whereupon an enthusiast committed the act.

A Florida Storm.

By Associated Press to the Journal. PENSACOLA, Fla., Aug. 3.—Reports from Carrabelle indicate that Tuesday's storm was more disastrous than was supposed. The docks of the Gulf naval stores company were destroyed, and a warehouse containing \$100,000 worth of rosin swept away. The steamer Capitola was blown ashore. Two-thirds of the town was destroyed. McIntire, a small town was completely wiped out.

It Was a Farce.

By Associated Press to the Journal. ST. PETERSBURG, Aug. 3.—The Official Messenger publishes a government communique, reviewing the result of The Hague peace conference. After referring to the sympathetic reception the powers accorded to the Czar's "magnanimous appeal for peace," it adds that the results of the conference come fully up to the expectations of the government.

The Emperor Wins.

By Associated Press to the Journal. COWES, Aug. 3.—In thirty days racing regatta of the Royal Yacht Squadron Emperor Williams Yacht Meteor finished first. This makes three consecutive wins for the Meteor.

NEWPORT NEWS, Aug. 3.—The Soldier's home situation at Hampton is practically unchanged. Governor Woodfin reported "No new cases, no deaths" this morning. One of the quarantined suspect cases in Phoebus has developed fever.

1000 Mile Record Broken.

ANNAPOLIS, Md., Aug. 3.—The world's bicycle record for 1000 miles, out side road, has been broken by A. Hansen. He covered the distance in 92 hours, 44 minutes. Hansen finished in good condition.

Sunset Peak Mines.

WALLACE, Ida., Aug. 3.—President Melzer, and other Northwest Pacific officials are here today considering building the branch lines from here to the Mines on the Sunset Peak.

THE VOLUNTEERS. Plans for Their Reception and Details of the Trip Homeward. People of Oregon City Seem Favorably Summers Playing for Portland.

SAN FRANCISCO, Aug. 3.—The last of the Second Oregon volunteers to leave the Philippines came to San Francisco on the Relief. Ten men were placed on board the hospital-ship prior to the regiment's embarkation from Manila, owing to their enfeebled condition. These were: Sergeant James Collins, company F; Corporal H. M. Wagener, company B; Corporal W. C. Johnson, company F, and Privates R. W. Price, company E; A. Rockwell, company E; Ed L. King, company H; Edmund Cyrus, company I; R. P. Marshall, company L, and Douglas Glen, company D. Private Reynolds, Sergeant Lautenschlager, Corporal Ballard, Private Parsell, Corporal Wagner, of company B, was wounded through the abdomen back of Tay-Tay, while the regiment was out on its last campaign in Luzon. His case was the more marvellous owing to the surgeon's diagnosis that the bullet had passed through the body where the stomach should have been. He was on deck before the Relief reached Nagasaki, and now feels well. The other sick men are much improved.

All arrived in far better condition than when they left Manila. The majority of them have so far recovered as to be able to report for duty. First Washington—Anderson, Band; Privates Robinson, Osborn, Manning, Atkin, Hovey, Fisher, Robertson, Corporal Bucklin, Private Vaughn. A schedule for the main portion of the regiment's return to Oregon is now planned, and will likely be carried out. General Summers says that approximately 800 men will be in the two special trains. Final muster-out will be completed before the start, which will be made at 5 p. m., August 8. This will enable the men to reach Ashland in time for breakfast on the 9th, Grant's Pass for late lunch and Roseburg at 9 p. m. The stay here will be regulated so as to reach Eugene in time for breakfast on the 10th, Salem for dinner and Portland at 2 p. m. It is likely that most of the Valley companies will stop at their respective cities, but General Summers believes that a large number will go to Portland, where the colors are to be turned over to the governor. Captains Prescott, Braze and Crowne have been mustered out of the Second Oregon and into the Thirty-fifth volunteers. They will report immediately for duty. In the absence of Adjutant Crowne, Lieutenant George F. Teller will fill the office of adjutant.

The general volunteer reception committee at Oregon City met and it was voted to make arrangements to entertain the local volunteers on August 16. The secretary was instructed to advise the volunteers that a reception will be given them on that date, and that their presence is desired. There was opposition to having a street parade on the day of the reception, but those favoring this part of the program won by a small majority. The original plan as heretofore outlined will be carried out, except that no welcome arches will be constructed. T. W. Sullivan reported that he had refunded a part of the money donated, in accordance with the resolution passed at a former meeting. At a meeting at Eugene arrangements were made to entertain the members of company C, Second Oregon and all volunteers from Lane county, on their arrival from San Francisco. They will be met at the train, and in the afternoon exercises will be held in the Park. In the evening the soldiers will be banqueted. An invitation has been sent to the boys to come home in a body and receive a hearty welcome from the people of Lane county. Ashland people met in mass meeting to take in hand the arrangements for the reception of the Second Oregon regiment in the state next week. Great enthusiasm marked the proceedings. Ashland proposes to banquet the entire regiment.

A Pioneer Farmer. B. Flynn, of Champeog, was in the city today looking to see what prospect for securing supply of hop cloth. He has 25 acres in hops. The crop is about equal to last year, no lice and vine and hops looking fine. He says fall wheat is good. Spring wheat is also good on good land. Oats are ripe and will be cut next week. Mr. Flynn is 79 years of age, was born in County Lostrin, Ireland. He came to Canada in 1821, then to New York in 1846 and to Oregon in 1866. He has resided continuously in Marion county.
