CHAMP CLARK.

Talks About McKinleys Lack of a Policy.

At Omaha, Aug. 19, fully 1000 Douglass Democrats, assisted by a delegation of about 300 members of the Jeffersonian Club, of Lancaster county, turned out to attend the Jacksonian Club picnic at Syndicate Park. Many of the stalwarts were accompanied by their families, and, with the outsiders who came to hear the speeches, they constituted a crowd of several thousand. Hon. W. J. Bryan accompanied the Lancaster county delegation. Congressman Champ Clark, of Missouri, was the orator of the day. He declared the Democratic platform of 1900 must be the same as that of 1896. Said he:

"The people understand precisely what they want. They want the Chicago platform and they intend to have it unchanged, undiluted, unimpaired. They will break short off, as you can break a piece of glass, the necks of those who try to play them false. They are not in a frame of mind to be fooled with."

Mr. Clark declared that the overshadowing issue of 1896 was the question of free coinage, and that it will hold the same position in 1900. Regarding the Philippine situation he declared that President McKinley has no policy. Said he:

"He is letting things drift and they are drifting to the dence. Meantime our soldiers are being killed and dying of disease in shoals. For what purpose? Will anybody undertake to say? I defy any expansiontst to stand up and inform us what the president's policy is. But some say and more's the pity and shame, some calling themselves Democrats. "The president is wrong, but we must support the president. To this has it come at last that we must shut up our thinkers, close our mouths and chloroform our consciences in order to be considered patriots.

"No if the president is wrong, he should be set right. If he will not cease to do wrong, he should be bounced, as he will be so soon as the American people can get a crack at him. In the interim, congress should restrain him from the farther expenditure of American treasure, in his career of 'criminal aggregation' for that is what he himself defined 'forcible annexation' to be.

"If he has not sufficient courage and fortitude and strength to resist the pressure of the gamblers in human blood and lives who are holding him on this evil and ruinous course, the American people will find a president who has. His name, too is William—William Jennings Bryan, of Nebraska.

In the evening, Hon. W. J. Bryan addressed an audience of 3000 people. He indorsed the ideas of Congressman Clark and reiterated his views on the silver question at length, claiming that it would be the main issue in the next presidential campaign. He indorsed the income tax and closed with a vigorous onslaught on trusts.

Weather Forecast.

The fact that the forecast shows a probability of more rain is not very encouraging for farmers who have wheat in the shock and many who spread out their shocks to dry are worse off than if they had not touched them. Those farmers who had enough foresight to put their grain into the stack can congratulate themselves upon having their crop housed. It is to be hoped the wet weather will cease at once, or much damage will result.

A Palace of Salt.

Utah's glittering Salt Palace, with its Midway Plaisance and other attractions, opens at Salt Lake City August 21st. The Rio Grande Western, the only line running through the Mormon Capital, has arranged to give holders of all classes of tickets a day stopover at Salt Lake in order that they may have an opportunity of visiting this wonderful structure, built of salt crystals taken from the brine of the Great Salt Lake itself.

The inauguration of the Rio Grande Western's dining car service, doing away with the necessity of stopping trains at eating stations, leaves nothing ing to be desired for an ideal trip across the continent; for the equipment and train service are equal, if not superior, to those of any of the trans-continental lines. Furthermore, no line traverses any section of the American Continent where there is so much grandeur of scenery. A daylight ride through the heart of the Rockies leave nothing to be desired.
