WIFE SAYS MCKINLEY
Harvey's heart is his Oregonian, whose
wife McKinley is a physician for the
women in leading to the will of the
house. Who are these women, anyway?
They are the men who have been
saying the politicians of our McKinley
the great free silver exponent of ours, to
the millionaire and financial domination
of this country and Europe. After that
targum was made and the campaign
was terminated to elect McKinley,
Wm. McKinley to carry out the duties
of the gold standard advocates, those
men with the sick have a right to be
satisfied their point of view from the
President. Their demands have been
satisfied, and their cause in the shape
of opportunity for the women who
negotiated the deal.

Thus the beneficiaries are, first the
men who furnished the gold; next, the
women who delivered the goods; third,
the little weak president; and the people,
the real people who think a teacher
and made-figure-head of a president who
is failed upon them by the women and
money changes on rise to the dignity
and honor of the place, they get—well,
what they deserve. They now know
that their president who secured his
place by betraying his principles and
moralities, is now betraying them in re-
turn. It is a simple law of nature that
never fails—like producing like. Even
Harvey had ought to know that neither
he, nor his party, nor any party, can
any better trust that that which is
sown. Water won't run uphill. You
can't make a man turn his coat, betray
his former friends, and then expect
him to turn out a saint. Harvey had
ought not to look poor McKinley,
but rather look himself for not apply-
ing his reasoning power to advance
and knowing that he could not be dif-
ferent from what he is doing, he is the pro-
duct of the women. They did him leading
for awhile, and he now does theirs at
the expense of the public service.

The Great Market.
There has been considerable activity
in the great market the past year.
Several lots of grain have been
imported, and breeding is becoming
entirely general. But F. C. Baker Esq.
has been recently appointed for a
month, and as a result of this
25 head of cattle from D. W. Early
which will be placed upon one of his
ranches.

There is only one cure for Contagious
Blood Poison—the disease which has
completely baffled the doctors. They
are actually unable to cure it, and direct
their efforts toward bottling the poison
up in the blood and extending it from
view. S. S. S. cures the disease posi-
tively and permanently by forcing out
every trace of the toxin.

I was afflicted with a terrible blood disease,
which was to keep me at bed, but afterwards
I found out that I had been deceived.
I had been told that I was to die, and
that I was to be kept in bed for the rest
of my life. I had been told that I was to
be kept in bed for the rest of my life.
I had been told that I was to be kept
in bed for the rest of my life.

S.S.S. The Blood
is a powerful purifier, and is the only
blood purifier guaranteed to contain no
poison, mercury, or other mineral.
It is the only blood purifier and the
most powerful blood purifier in the world.
Don't destroy all possible chance of a
cure by taking the doctor's treatment
of mercury and poison. These minerals
cause the hair to fall out, and will
wreck the entire system.
