PIANOS, ORGAN AND SEWING MACHINES.

As now is the time when many are thinking of buying pianos, organs and sewing machines, I take this method to remind you that you have with you an old dealer in these lines, who makes it a study to buy his goods so he can meet all advertised prices on the same goods. In the sewing machine line persons that come to my store and see what prices machines can be bought for, buy here. Others, I find, send, but not near so many as used to do, because so many salesmen they talk to charge so much more than they can get them by sending for them. I have in stock high arm, self-threading shuttle, all attachments, 4-drawer, oak table, sewing machines for $15 to $18.50. You do not take any risk sending or depositing your cash. You can see the machine and sew on it before you pay for it. Figure your prices advertised and freight and you will see I am from $1 to $2.50 cheaper than those prices. One example: My gain on shipping a single piano—I have now on the road a car of pianos, unboxed packed in a car, at the rate of $1.50 a hundred; price of box, $2 at the factory; weight of box averages 250 pounds, at $4 a hundred is $10; weight of piano in box 600 pounds, at $4, makes $24. At the rate of $1.60 makes $9.60—a difference on the piano in box of $14.40 making a total difference of $2 plus $10 plus $14.40 or $26.40 I save on each piano. A very fair profit on each piano and a large saving on a car-load.

I could fill this entire paper full of names of parties that have bought either a piano, organ or sewing machine from me. I will give you the names of six only viz. Prof. W. C. Hawley, Geo. H. Myer, Dr. W. H. Byrd, Father P. Placitus, of Mt. Angel, Sol Durbin and Mrs. C. H. Hinges. From these professional men and ladies who are good judges, you have evidence that they found my stock as good and as cheap or cheaper than any other place.

As these people have found it to their advantage to buy from me, will not you also?

In short, I buy and sell my goods as cheap and cheaper than any outside manufacturer or dealer can possibly lay down a single shipment of a piano, organ or sewing machine.

Crossing the Rockies.

The most delightful ride across the continent is through Utah and Colorado, over what is known as "The Scenic Route of the World." It matters not at what season of the year the trip is made, at no time does the scenery grow monotonous. It is an ever changing panorama of the beauties of nature. One moment you are passing through gorges walled in by rocks thousands of feet high and the next you are above the snow line, skirting peaks that tower above you until they seem almost to reach the sky. One of the characteristics of the Colorado climate is that the extremes of temperature are never met with. It is neither so cold in winter nor warm in summer, as upon the lines of railway which cross the deserts and plains. The traveler over the Rio Grande Western also has the privilege of a stopover if he so elects at Salt Lake City, or anywhere between Ogden and Denver, on all classes of tickets.

A LIFE SAVED.

Dr. J. F. Cook, the Botanical Specialist, Succeeds Where Other Fail.

To whom it may concern:

This is to certify that Bertha P. Conner, of Mt. Angel precinct, Marion county, Oregon, has suffered from a cancerous growth in the left ear for about three years. The growth was cut out twice and burned out once by Albany Physicians, but the growth came back as bad as ever, and pained her so badly that she had to be taken from school. After three week's treatment by Dr. J. F. Cook, of Salem, Oregon, the Botanical Specialist, the growth entirely disappeared, and at this date, four months since treatment was begun, the growth has not reappeared, and the ear has entirely healed leaving only the scars inflicted by the Albany doctors.

I hereby certify that the above statement is absolutely true, and that Bertha P Conner, the person mentioned in the affidavit, has resided in my family since early childhood, bearing the relationship to me of niece.
